Rooftoppers Katherine Rundell, 2013-09-24 When authorities threaten to take 12-year-old Sophie away from Charles, who has been her guardian since she was one and both survived a shipwreck, the pair goes to Paris to find Sophie's mother, and they are aided by Matteo and his band of rooftoppers.

Desert Interviews, Or, How to Jump Off the Roof and Not Hit the Ground Piero Golia, John Armleder, 2010 Piero Golia founded in 2005, with his long-time friend Eric Wesley, the Mountain School of Arts, an educational structure that rapidly became a new spot on the cultural map of the city of Los Angeles. This book, composed of discussions between artists, presents a kind of report on this unique 'institution': teaching methods, academic syllabus, and students' selection are here explained with metaphors, compared with artistic interaction, and equated to performances. Not unlike Golia's work itself, the development of the school and its program follow a poetic of the gesture, of the instant, and of actions recalling Fluxus, Gino de Dominicis' or Paul McCarthy's works. Published with Fundación/Colección Jumex, Mexico.

Space Jumper Mark Rankin, 2018-03-08 A saddened and broken-down young man on the edge of suicide wakes up one night to a crash in his backyard. Sent from the depths of space, a pair of shoes with special straps allow him to jump high in the air, walk on clouds, and breathe in space. Tired of the hardships of earth, Mark gathers some gear and is ready to hit the universe hard with good intent.

Sky Jumpers Peggy Eddleman, 2014-09-23 In this thrilling sci-fi adventure, epic danger and impossible odds are no match for one girl's courage! Twelve-year-old Hope lives in White Rock, a town of inventors

struggling to recover from World War III. But adventurous Hope is terrible at inventing. She would much rather sneak off to cliff dive into the Bomb's Breath, the deadly band of air that surrounds the town. When bandits invade White Rock to steal its greatest invention—priceless antibiotics—the town is left with a heartbreaking choice: hand over the medicine and die from disease, or die fighting the bandits. Help lies in a neighboring town, but the bandits count everyone fourteen and older each hour. Now Hope and her friends Aaren and Brock are only ones who can escape through the Bomb's Breath. For once, the daring and rebelliousness that usually get Hope into trouble might just save them all. A Texas Library Association's Bluebonnet Award Selection "Eddleman brings a strong sense of atmosphere to this post-apocalyptic coming-of-age piece, and the underlying message—that it's possible to contribute in unexpected ways—is a positive one." —Publishers Weekly

Burning Up Anne Marsh, A standalone small town suspense romance from New York Times bestselling author Anne Marsh about love, survival, and finding that one special place and person where you belong. Smoke jumper Jack Donovan has lived for the thrill of flying over the burning California hills, the intensity of diving into the inferno, the glory of taming the forces of nature. He's steadfast. Protective. One-hundred-percent loyal. Especially when it comes to Lily Cortez, the one woman he can never have. He left their small California mountain town of Strong when he couldn't resist her or their incendiary physical connection any longer. But when a serial arsonist strikes in Strong, Jack will make it his mission to find out who is threatening the people he loves. Even if it means getting close to Lily. Even if it means falling for her in every way. Even if it means uncovering the secrets she's keeping. The free-spirited

lavender farmer doesn't need a firefighting white knight. Especially since the mountain-man-sized solution that knocks on the front door of her farmhouse is the man who broke her teenage heart. Allowing a smoke jumper to crash land in the life she's fought so hard to start over, will only lead to more hurt. Especially since a stalker from her past will put them both in danger, costing them so much more than a second chance at love. Author's Note: Opposites attract. Second chance at love. Girl in danger. Lots of firefighting puns. Small-town hijinks. A pining, chivalrous, overprotective hero who has no filter when it comes to how he'd like to be with our lavender-farming heroine. A free-spirited, wild-child, I-can-do-it-myself heroine who is certain that a lavender farm is the best dream a girl could have—until a white-knighting smoke jumper knocks on her front door. Steam level: Hotter than a geothermal geyser in Iceland. Suspense level: Also incendiary.

Sam Patch, the Famous Jumper Paul E. Johnson, 2004-06-16 The true history of a legendary American folk hero In the 1820s, a fellow named Sam Patch grew up in Pawtucket, Rhode Island, working there (when he wasn't drinking) as a mill hand for one of America's new textile companies. Sam made a name for himself one day by jumping seventy feet into the tumultuous waters below Pawtucket Falls. When in 1827 he repeated the stunt in Paterson, New Jersey, another mill town, an even larger audience gathered to cheer on the daredevil they would call the Jersey Jumper. Inevitably, he went to Niagara Falls, where in 1829 he jumped not once but twice in front of thousands who had paid for a good view. The distinguished social historian Paul E. Johnson gives this deceptively simple story all its deserved richness, revealing in its characters and social settings a virtual microcosm of Jacksonian America. He also relates the real jumper to the mythic Sam Patch who turned up as a daring moral hero in the works of Hawthorne and Melville, in London plays and pantomimes, and in the spotlight with Davy Crockett—a Sam Patch who became the namesake of Andrew Jackson's favorite horse. In his shrewd and powerful analysis, Johnson casts new light on aspects of American society that we may have overlooked or underestimated. This is innovative American history at its best.

Jumping into the Parade Tim Brown, 2014-10-21 On the outside, it looked like Tim Brown was living the American Dream. After overcoming a difficult childhood in a dysfunctional family rife with drugs and alcohol, he became a millionaire by age 30 and had a beautiful wife and young son, a deep commitment to the community, and a big house where he could entertain friends and clients. But all was not as it appeared. Behind closed doors, Tim's life was like a cracking windshield, splintering further day by day, on

the verge of shattering. One November night while on an important business trip, he found himself at a New York hotel contemplating ending his life. He spotted a place on the roof where he could end the pain. In his early 40s, his marriage was struggling, his businesses were collapsing, and his health was hanging in the balance. He was being pushed to the edge, forced to face the darkness and shame of his past. But from that darkness, Tim found the strength to reshape and rebuild his life. His faith gave him the courage to jump into the parade, a phrase his former father-in-law coined to mean truly living, taking chances, and being who you really want to be—not who others expect you to be. Jumping into the Parade is his honest and candid memoir, detailing how personal struggles and flaws led him to reframe and embrace his life on his own terms. Tim's raw and humbling story will inspire you to find the meaning in your life, wherever you are on your journey. Jumping into the Parade is a memoir that illuminates why embracing the edges, owning the traumatic events that shape us, and facing the stress that life can throw our way allow us to transcend our circumstances and live authentic lives in alignment with our own values—not the values others believe we should hold. Tim's raw and humbling story provides inspiration, thought-provoking insight, and, most important, hope. Hope for those who, like Tim, want to overcome their personal struggles and flaws to reframe and embrace life on their own terms. You have the strength to change your life for the better. Take a leap of faith and let Jumping into the Parade guide you toward a brighter future.

My Father's Paradise Ariel Sabar, 2009-10-13 In a remote corner of the world, forgotten for nearly three thousand years, lived an enclave of Kurdish Jews so isolated that they still spoke Aramaic, the language of Jesus. Mostly illiterate, they were self-made mystics and gifted storytellers and humble peddlers who

dwelt in harmony with their Muslim and Christian neighbors in the mountains of northern Iraq. To these descendants of the Lost Tribes of Israel, Yona Sabar was born. Yona's son Ariel grew up in Los Angeles, where Yona had become an esteemed professor, dedicating his career to preserving his people's traditions. Ariel wanted nothing to do with his father's strange immigrant heritage—until he had a son of his own. Ariel Sabar brings to life the ancient town of Zakho, discovering his family's place in the sweeping saga of Middle-Eastern history. This powerful book is an improbable story of tolerance and hope set in what today is the very center of the world's attention.

Perpetual Trouble Shooter's Manual John Francis Rider, 1938

Omnicide Jason Bahbak Mohaghegh, 2019-06-11 A fragmentary catalogue of poetic derangements that reveals the ways in which mania communicates with an extreme will to annihilation What kind of circumstances provoke an obsessive focus on the most minute object or activity? And what causes such

mania to blossom into the lethal conviction that everything must be annihilated? There is no turning away from the imperative to study this riddle in all its mystifying complexity and its disturbing contemporary resonance—to trace the obscure passage between a lone state of delirium and the will to world-erasure.. A fragmentary catalogue of the thousand-and-one varieties of manic disposition (augomania, dromomania, catoptromania, colossomania...), *Omnicide* enters the chaotic imaginations of the most significant poetic talents of the Middle East in order to instigate a new discourse on obsession, entrancement, excess, and delirium. Placing these voices into direct conversation, Jason Bahbak Mohaghegh excavates an elaborate network of subterranean ideas and interpretive chambers, byways, and burrows by which mania communicates with fatality. Like secret passages leading from one of the multitudinous details of a bustling Persian miniature to the blank burning immanence of the desert, each is a contorted yet effective channel connecting some attractive universe (of adoration, worship, or astonishment) to the instinct for all-engulfing oblivion (through hatred, envy, indifference, rage, or forgetting). A captivating fractal of conceptual prisms in half-storytelling, half-theoretical prose, a rhythmic, poetic, insidious work that commands submission, *Omnicide* absorbs the reader into unfamiliar and estranging landscapes whose every subtle euphoric aspect threatens to become an irresistible invitation to the end of all things.
