Red Rope of Fate K. Shea, 2016-11-21 In a land where humans and elves find it difficult to communicate, Tari-an elf-is bound to Captain Arion-a human military officer-in a ceremony designed to promote friendship between the two races. When the ceremony is over the pair discover that the impossible has happened: they can understand each other in spite of the language barrier. Thrown into a storm of politics, Tari and Arion are put in danger by those who want humans and elves to remain separate. To make matters worse, Tari realizes she has fallen in love with Arion, who has the emotional capabilities of a rock. As both societies dictate that an elf and a human can never be together, Tari must conceal her feelings. Unfortunately the taciturn Arion is watchful and attentive to Tari's well being, constantly pushing her to her limits with his loyalty, friendship, and dreadfully informal habit of touching her. If Tari and Arion survive, their tumultuous relationship will either strengthen their countries' alliance, or cripple the human courts of nobility. The deciding factor will be Arion, and his indecipherable feelings for Tari. **RED ROPE OF FATE** is a clean romance set in an epic fantasy world filled with elves and magic. The Velvet Rope Economy Nelson D. Schwartz, 2021-02-09 From New York Times business reporter Nelson D. Schwartz comes a bold and urgent investigation of division between the wealthy and the middle class in every arena of American life. In nearly every realm of daily life--from health care to education, highways to home security--there is an invisible velvet rope that divides how Americans live. On one side of the rope, for a price, red tape is cut, lines are jumped, appointments are secured, and doors are opened. On the other side, middle- and working-class Americans fight to find an empty seat on the plane, a place in line with their kids at the amusement park, a college acceptance, or a hospital bed. We are all aware of the gap

between the rich and everyone else, but when we weren't looking, business innovators stepped in to exploit it, shifting services away from the masses and finding new ways to profit by serving the privileged. And as decision-makers and corporate leaders increasingly live on the friction-free side of the velvet rope, they are less inclined to change--or even notice--the obstacles everyone else must contend with. Schwartz's must read book takes us on a behind-the-scenes tour of this new reality and shows the toll the velvet rope divide takes on society.

Crazy Love Francis Chan, 2013-04-01 Revised & Updated Edition!

God is love. Crazy, relentless, all-powerful love. Have you ever wondered if we're missing it? It's crazy, if you think about it. The God of the universe—the Creator of nitrogen and pine needles, galaxies and E-minor—loves us with a radical, unconditional, self-sacrificing love. And what is our typical response? We go to church, sing songs, and try not to cuss. Whether you've verbalized it yet or not, we all know something's wrong. Does something deep inside your heart long to break free from the status quo? Are you hungry for an authentic faith that addresses the problems of our world with tangible, even radical, solutions? God is calling you to a passionate love relationship with Himself. Because the answer to religious complacency isn't working harder at a list of do's and don'ts—it's falling in love with God. And once you encounter His love, as Francis describes it, you will never be the same. Because when you're wildly in love with someone, it changes everything. Learn more about Crazy Love at www.crazylovebook.com.

Rack, Rope and Red-hot Pincers Geoffrey Abbott, 2002-06 Grisly and blackly humorous, the book details the gruesome history of torture, restraint and punishment from the days of the Normans to the late nineteenth century. How it must have felt to be faced with horrifying torture and to have lived during a time when torture was considered an acceptable form of punishment, is chillingly conveyed through eyewitness accounts of the time. This is a fascinating account of torture, in all its various and gruesome guises and provides vivid insights into the lives and times of both torturers and tortured.

This Is the Rope Jacqueline Woodson,2017-08-01 Jacqueline Woodson--New York Times Bestselling, National Book Award and Newbery Honor winning author--writes a rich story of a family adapting to change as they hold on to the past and embrace the future. With Coretta Scott King Award–winning illustrator James Ransome. During the time of the Great Migration, millions of African American families relocated from the South, seeking better opportunities. The story of one family’s journey north during the Great Migration starts with a little girl in South Carolina who finds a rope under a tree one summer. She has no idea the rope will become part of her family’s history. But for three generations, that rope is passed down, used for everything from jump rope games to tying suitcases onto a car for the big move north to New York City, and even for a family reunion where that first little girl is now a grandmother.

Rope Burn Jan Siebold,2012-07-01 Richard gets frustrated by most of Mr. Best's assignments, but this latest one is the worst. He has to write a composition about a proverb that illustrates something that has happened in his life. And as if that isn't bad enough, Mr. Best has told him he needs to find his writing voice. While working on the assignment, Richard finds his voice in more ways than one. He discovers that being himself makes a big difference in his writing and in his life.

Red Ted Dekker,2007 Dekker's groundbreaking Circle trilogy continues. Thomas Hunter finds himself in a desperate quest to rescue two worlds from collapse. In one world, he's a battle-scarred general commanding an army of primitive warriors. In the other, he's racing to outwit sadistic terrorists intent on creating global chaos through an

unstoppable virus.

RAHABS RED RED ROPE Sue a. Smith,2016-11-15 Rahab had trust: Rahab had hope. Rahab hung her red, red rope. Rahab is a notable Biblical example of The Virtue of Faith. The word faith, when studied in its original forms could also be translated as trust or hope. There are only four women listed among Jesus' genealogy. In Matthew 1:5, Rahab, the mother of Boaz, is one of those mentioned. Rahab is sited in Hebrews 11:31 among the Old Testament pillars of faith. She is also referenced in James 2:25 as an example of faith and works in balance.

Rope Burns Robert Scott,2014-11-14 The true crime story of a killer couple from California, their gruesome torture chamber on wheels, and the terror they left in their wake. The true story of one of the most notorious crime couples in recent American history is told. Michelle Michaud and James Daveggio forged a perverse alliance in late 1997. After customizing Michaud's minivan into a mobile torture chamber, the pair hit the road and began a nightmare spree of incest, kidnapping, rape, torture, and murder. Sixteen Pages of Shocking Photos! Michaud and Daveggio's case was featured on Oxygen's Snapped: Killer Couples.

The Rope Alex Tresniowski,2021-02-09 From New York Times bestselling author Alex Tresniowski comes a “compelling” (The Guardian) and “riveting” (The New York Times Book Review) true-crime thriller recounting the 1910 murder of ten-year-old Marie Smith, the dawn of modern criminal detection, and the launch of the NAACP. In the tranquil seaside town of Asbury Park, New Jersey, ten-year-old schoolgirl Marie Smith is brutally murdered. Small town officials, unable to find the culprit, call upon the young manager of a

New York detective agency for help. It is the detective's first murder case, and now, the specifics of the investigation and daring sting operation that caught the killer is captured in all its rich detail for the first time. Occurring exactly halfway between the end of the Civil War in 1865 and the formal beginning of the Civil Rights Movement in 1954, the brutal murder and its highly-covered investigation sits at the historic intersection of sweeping national forces—religious extremism, class struggle, the infancy of criminal forensics, and America's Jim Crow racial violence. History and true crime collide in this “compelling and timely” (Vanity Fair) murder mystery featuring characters as complex and colorful as those found in the best psychological thrillers—the unconventional truth-seeking detective Ray Schindler; the sinister pedophile Frank Heidemann; the ambitious Asbury Park Sheriff Clarence Hetrick; the mysterious “sting artist,” Carl Neumeister; the indomitable crusader Ida Wells; and the victim, Marie Smith, who represented all the innocent and vulnerable children living in turn-of-the-century America. “Brisk and cinematic” (The Wall Street Journal), *The Rope* is an important piece of history that gives a voice to the voiceless and resurrects a long-forgotten true crime story that speaks to the very divisions tearing at the nation's fabric today.

Red Zone Peter Hartcher, 2021-05-24 What does China want from Australia? In this incisive and original book, Peter Hartcher reveals how decades of economic dependence left Australia open to the strategic ambitions of the most successful authoritarian regime in modern history. He shows how ideology, paranoia and Xi Jinping's personal story have reshaped China, and shines new light on Beijing's overt and covert campaign for influence – over trade and defence, media and politics. Australia has now woken up to China's challenge,

from passing foreign interference laws to banning Huawei from our 5G network. But at what cost? Will we see a further slump in relations? How best to protect our security, economy and identity? Drawing on interviews with Scott Morrison, Malcolm Turnbull and other key policymakers, as well as a rare interview with Australia's spy chief, *Red Zone* is a gripping look at China's power and Australia's future. "Australia is on the front lines of the global struggle between China and the West over democratic values, and Peter Hartcher, one of the country's foremost journalists, presents a clear-eyed and utterly frightening account of the challenge we face. Highly recommended"—Francis Fukuyama "Hartcher's analysis of Australia's place in the world is sharp and tenacious. He continues to make an outsized contribution to our democracy."—Penny Wong "Hartcher's clear-eyed analysis of the Australia–China relationship is as keen as it is unsettling."—Malcolm Turnbull
