Round Robin Letters Simon Hoggart,2015-11-12 A new cover reissue of Simon Hoggart's wonderfully funny collection of round robin letters—the perfect antidote for anyone suffering from an excess of Christmas cheer. Every Christmas, unwanted round robin letters, stuffed with news of young Chloe's nauseating excellence at—well—everything, the announcement of Janet's cousin's husband's friend's divorce, or the details of Terry's colonoscopy, accumulate on doormats. One day, Simon Hoggart decided to do something about it. He mercilessly presented the most eye-popping examples of such letters in his bestseller, *The Cat that Could Open the Fridge*, and followed it up with *The Hamster that Loved Puccini*, hoping he had put a stop to them. And yet the letters, booklets, and photo-montages kept on coming. So here, to drive home his message, *The Round Robin Letters* brings together his two collections in an anthology that will have everyone choking with laughter on their Christmas pudding.

The Round Robin Elizabeth Ruble,2022-04-19 Did you ever have the desire to change the course of your life? Gillian did. For eighteen years, she had respected and complied with her father's wishes, but today, as she approached the mailbox, she was hoping for a letter that would completely defy him. How many times had he told her she was not leaving? He didn't have the money to support that kind of foolishness when she could achieve the same goals right here in her hometown. Before opening the mailbox, Gillian said a small prayer, Lord, let it be yes! The letter was there, it said yes, and now Gillian's life was destined to change; a change that would fulfill many of her desires and dreams and changes that would test her faith and trust in God beyond anything she could possibly imagine. Gillian started making her own decisions, eventually falling in love, only to have the love of her life completely destroy their lives together. She now faced the world as a single divorced parent where feelings of shame, guilt, and unworthiness overwhelmed her. But God led her out of these ashes and then into a new marriage, only to discover the man needed her labor more than wanting a loving wife, and the walls came tumbling down again. Now Gillian was a woman twice divorced, disappointed in her God, not sure who he really was or even if she wanted a relationship with him. What would she do with the broken pieces of her life?

**The Complete Round Robin Sports Betting Guide** Jim Oddo,2012-06-01 As a 20+-year sports veteran I am revealing the system I use to bet a small amount of money, and look for the big score. As a better I know what it feels like to have more than one play starting at the same time, so I needed a method for dealing with this situation. I developed The Complete Round Robin Betting Guide to teach players how to bet many games at one time using a small amount of cash. The secret of this book is to keep the risk level down, but always having a chance for a major score. What is a Round Robin? Round Robin betting simply means betting a bunch of parlays on all the teams you select. All the games you select will be criss-crossed into parlays. The most common Round Robins include only 2 team parlays, where each of your selected plays are matched up in 2 team parlays, but you can make the parlays 3-team, 4-team or as many teams in the parlay as you wish as long as you have selected that many games. Many players will play a combination of multi-team parlays, meaning if they like 5 games to bet they will play a 2-team Round Robin, 3-Team Round Robin, 4-Team Round Robin and a 5 Team Parlay. This is a very aggressive style of play, but if you win the majority of your games you will hit the jackpot, while risking a minimal amount of capital. This system follows the goal of my other books on gambling. This method of play accomplishes two of the most important aspect of gambling; keeping risk low and preservation of capital. You will be amazed on the large monster payoffs one can achieve by applying these methods. This book is for the gambler who likes to play many games that start at the same time. This book teaches a simple and effective method of playing multiple parlays through the use of Round Robins. Over betting is a common mistake for most betters, and this book shows the quantity better how to manage his risk. Many different styles are included in the book from the conservative to the aggressive. This is a must own book for all sports betters. About the Author Jim Oddo has been betting sports for over 25 years. An advanced handicapper, who did not achieve consistent winning until he learned how to control his losses. Over his long career, Jim has filed as a professional gambler on his income tax status thanks to his success. **Good-bye Round Robin** Michael F. Opitz,Timothy V. Rasinski,1998 The authors' aim is to show where oral reading fits in the reading program and share twenty-five of the best strategies for helping children learn to read aloud.

**Round Robin** Derek Lea,2013-10-14 A Round Robin of children's fairy tales for when staying with Ganpa! Includes over twenty colour plates and many other images linking to the stories. The birds have written a Round Robin-Don't I know it! said Mr. Rook. It was that conceited Cock Robin began it, and he went to the Fairies to write it; but, dear me, they only knew Old English spelling, and they actually sent the Elves to ask the Bunnies and the Mousies-as if they could tell them. Of course they had to come back to me, and I did it all-and signed their names. But now I want to send the children something, said Princess Amor. All the children who read the Bird's Message, and remember it, and are good and kind and loving. Now, what have you got? Read the book to find out what they wrote.
