

Rove Journaldiary

William Marshall Anderson

Rove Diary Travel,2019-12-26 This 100 Dot Graph pages notebook can be used as a sktech book for drawing and painting, aswell as a writing and composition notebook or as a school and students exercise book. Great gift idea for a birthday, christmas, valentine's day and anniversary.

The Triumph of William McKinley Karl Rove,2015-11-24 A fresh look at President William McKinley from New York Times bestselling author and political mastermind Karl Rove—"a rousing tale told by a master storyteller whose love of politics, campaigning, and combat shines through on every page" (Doris Kearns Goodwin, Pulitzer Prize-winning author of *Team of Rivals*). The 1896 political environment resembles that of today: an electorate being transformed by a growing immigrant population, an uncertain economy disrupted by new technologies, growing income inequality, and basic political questions the two parties could not resolve. McKinley's winning presidential campaign addressed these challenges and reformed his party. With "a sure touch [and] professional eye" (The Washington Post), Rove tells the story of the 1896 election and shows why McKinley won, creating a governing majority that dominated American politics for the next thirty-six years. McKinley, a Civil War hero, changed the arc of American history by running the first truly modern presidential campaign. Knowing his party needed to expand its base to win, he reached out to diverse ethnic groups, seeking the endorsement of Catholic leaders and advocating for black voting rights. Running on the slogan "The People Against the Bosses," McKinley also took on the machine men who dominated his own party. He deployed campaign tactics still used today, including targeting voters with the best available technology. Above all, he offered bold, controversial answers to the nation's most pressing problem—how to make a new, more global economy work for every American—and although this split his own party, he won the White House by sticking to his principles, defeating a champion of economic populism, William Jennings Bryan. Rove "brings to life the drama of an electoral contest whose outcome seemed uncertain to the candidate and his handlers until the end" (The New York Times Book Review) in a "lively and...rigorous book" (The Wall Street Journal) that will delight students of American political history.

Journals Arthur M. Schlesinger, Jr.,2007-10-04 From his entrance into Democratic leadership circles in the 1950s through his years in the Kennedy administration and up until his last days, Arthur Schlesinger, Jr., was always at the vital center of American politics. For more than half a century, the master historian recorded his experiences and opinions in journals that together form an intimate chronicle of life at the highest levels of American politics and culture in postwar America. This extraordinary volume contains his candid thoughts about the signal events of our time, from the Bay of Pigs to the devastating assassinations of the 1960s, from Vietnam to Watergate, and from the fall of the Soviet Union to Bush v. Gore. Filled with Schlesinger's trademark acerbic wit and tremendous insight, *Journals* is a fitting tribute to a most remarkable American life.

The Works of Lord Byron: Letters and journals; ed. by R. E. Prothero. 6 v George Gordon Byron Baron Byron,1899

The Presidency of George W. Bush John Robert Greene,2021-10-15 The Presidency of George W. Bush is the first balanced academic study to analyze the entirety of his presidency—domestic, social, economic, and national security policies—as well as the administration's response to 9/11 and the subsequent War on Terror. In so doing, John Robert Greene argues persuasively that the judgment of most scholars—that the Bush administration was a complete failure—has been made in haste and without the benefit of primary sources. This book is the first scholarly work to make wide use of the documents at the George W. Bush Presidential Library, many of which have only recently been made available to researchers through the Freedom of Information Act. John Robert Greene

offers a balanced assessment and nuanced conclusions supported by documentary evidence. Yet in doing so he does not absolve the Bush administration of its shortcomings. The Presidency of George W. Bush shows that the administration could be vindictive, as demonstrated by the Plame Wilson affair and the firing of the US attorneys. It all too often moved too slowly, as shown by the National Security Council's lethargic handling of terrorism pre-9/11, the failed attempt to revise Social Security, and the sluggish reaction to Hurricane Katrina. It was an administration that accepted, and acted on, the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president. On the other side of the balance sheet, however, the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements: No Child Left Behind set the nation on the road toward affecting serious educational reform. In healthcare reform, the Bush administration both strengthened the Medicare system and extended its benefits for millions of Americans. And Bush did more to combat the worldwide scourge of AIDS, particularly in Africa, than any other president. In sum, the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day.

The Daily Coyote Shreve Stockton, 2008 Developed from her tremendously popular blog, this book offers the inspiring and beautifully illustrated account of the author's experiences raising an orphaned coyote as a beloved pet. Full-color photographs throughout.

The Triumph of William McKinley Karl Rove, 2015-11-24 Why the election of 1896 still matters.

The Works of John Wesley: Journal and Diaries III (1743-1754) John Wesley, 1984

The Rocky Mountain Journals of William Marshall Anderson William Marshall Anderson, 1967

Life Stories Maureen O'Connor, 2011-08-23 Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years, and it has also diversified in terms of the types of stories being told—and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative, organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads, *Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books.
