**Rummy for Complete Beginners** Robert Ticker,2021-01-10 Rummy is a card game that is played with two decks of cards with total of two Jokers. To win the rummy game a player must make a valid declaration by picking and discarding cards from the two piles given. One pile is a closed deck, where a player is unable to see the card that he is picking, while the other is an open deck that is formed by the cards discarded by the players. To win at rummy card game, the players have to group cards in valid sequences and sets. In rummy, the cards in each suit rank low to high starting with Ace, 2, 3, 4, 5, 6, 7, 8, 9, 10, Jack, Queen and King. Ace, Jack, Queen and King each has 10 points. The remaining cards have value equal to their face value. For example, 5 cards will have 5 points and so on. The objective of rummy card game is to arrange the 13 cards in valid sets and sequences. To win the game you need to make minimum 2 sequences, out of which one needs to be pure sequence and rest can be any valid sequence or sets. Without a pure sequence you cannot make a valid rummy declaration. This is one of the most important rummy rules. Get your copy today by scrolling up and clicking Buy Now to get your copy today

*Reimagining Indian Ocean Worlds* Smriti Srinivas,Bettina Ng'weno,Neelima Jeychandran,2020-06-11 This book breaks new ground by bringing together multidisciplinary approaches to examine contemporary Indian Ocean worlds. It reconfigures the Indian Ocean as a space for conceptual and theoretical relationality based on social science and humanities scholarship, thus moving away from an area-based and geographical approach to Indian Ocean studies. Contributors from a variety of disciplines focus on keywords such as relationality, space/place, quotidian practices, and new networks of memory and maps to offer original insights to reimagine the Indian Ocean. While the volume as a whole considers older histories, mobilities, and relationships between places in Indian Ocean worlds, it is centrally concerned with new connectivities and layered mappings forged in the lived experiences of individuals and communities today. The chapters are steeped in ethnographic, multi-modal, and other humanities methodologies that examine different sources besides historical archives and textual materials, including everyday life, cities, museums, performances, the built environment, media, personal narratives, food, medical practices, or scientific explorations. An important contribution to several fields, this book will be of interest to academics of Indian Ocean studies, Afro-Asian linkages, inter-Asian exchanges, Afro-Arab crossroads, Asian studies, African studies, Anthropology, History, Geography, and International Relations.

Like other card games, it has spades, hearts, diamonds, and clubs, but it adds in the suit of stars! Having 5 suits changes the strategy and dynamics of the game. It also increases the fun. 5 Crowns Card Game Rules The game can be played with 1-7 players, with the option of playing with more players if the cards from 2 sets are mixed together. Your goal in 5 Crowns is to obtain the lowest score in the match, and you avoid scoring points by being able to go out first, or in the same round that someone else plays their hand. There are no Aces in the decks, but Jokers are included. The game is played over 11 rounds, similar to the rummy style game. Dealing Shuffle all the cards together. You should have two 58 card decks for a total of 116 cards. Deal three cards in the first round, and increase the hand size by one each additional round until the final round of 13 cards. Place the remaining cards in the center of the table and flip over the top card to form a discard pile. If necessary, you may reshuffle the discard pile to reform the draw pile, but this will rarely be needed. Scoring Each card is worth its face value, with Jacks being 11, Queens 12, and Kings 13. The current wild card is not worth face value but is instead worth 20 points, and Jokers are always worth 50 points. Winning After the 13th round, the player with the lowest score wins. And if you were playing with me, congratulation, you are the winner! Keep score on this simple yet addictive social game with our 5 Crown Score Keeping Book. Grab this book for yourself or a friend today and keep a record of all 5 Crown scores!
