He grew up on the Nicoya Peninsula of Costa Rica and spent his days playing outdoors, participating in surfing competitions, and learning how to grow food. Now, as the rainy season drenches Costa Rica, Atua is off to visit his Grandpa Art in Upstate New York. But the flight attendants don't look well, and the other passengers on Atua's plane are acting strange. A fight breaks out, and the next thing he knows, Atua's waking up in the wreckage of the aircraft, miles from his final destination. And as if things weren't bad enough, the downed plane is surrounded by the flesh-eating living-dead! Tammy, a rugged girl of thirteen, has seen the plane go down and is determined to find and aid any survivors. Now Atua and Tammy team up in a race to Syracuse to find Atua's Grandpa, desperate to out-run hunger, exhaustion, and hordes of crazed, bloodthirsty Zombies.

Videogames and Horror Dawn Stobbart, 2019-10-01

Videogames are full of horrors - and of horror, a facet of the media that has been largely overlooked by the academic community in terms of lengthy studies in the fast-growing field of videogame scholarship. This book engages with the research of prominent scholars across the humanities to explore the presence, role and function of horror in videogames, and in doing so it demonstrates how videogames enter discussion on horror and offer a unique, radical space that horror is particularly suited to fill. The topics covered include the construction of stories in videogames, the role of the monster and, of course, how death is treated as a learning tool and as a facet of horror.

Run 2 Rich Restucci, 2016-01-27 Plague. Infection. Death.

The world we knew is gone, replaced with something infinitely more deadly. Life, the paramount precious commodity is fleeting for Earth's newest endangered species: Man. Whether death arises from the legions of ravenous undead which now roam the planet, or at the hands of villains unchecked, the result is the same. The finality of death has fled, however, and the Reaper no longer holds his sway. The greatest plague in history alters life itself into something that cannot be, killing the infected, but only briefly. Victims return as one of the undead to seek out that which they once were, infecting and consuming anything alive. But hope, however slim, exists. The promise of a possible vaccine is enough for a rag-tag band of military and civilians to traverse a continent ravaged by the plague. Countless obstacles stand in the way, and merciless enemies, both living and not, will do everything to deny this Crossing.

Zombie Complex Alexander Pain, 2017-10-31 The

neighborhood smelled bad before the dead people shuffled in. Jake and Karen lived in an apartment complex that housed a hodgepodge of cultures-some of which cooked the nastiest smelling foods. When zombies arrived between paychecks, the couple had no place to go and no money to get there. Their neighbors were mostly guest workers from India. Their homes and families were 12,000 miles away. They were all trapped together. Survival would mean uniting to fight the dead. This is the story of very different people coming together, improvising, getting supplies, and uniting for the fight of their lives. They made their stand at a place called Chattahoochee Run Apartments--a place that will always be known as the Zombie Complex!

Zombie Complex is a different kind of zombie novel! Have you ever wondered how the local and national media would cover a zombie apocalypse? Have you ever wondered how state and local authorities would respond? Have you ever wondered whether your employer would allow you time off for a zombie crisis? In the pages of this great zombie novel, you'll get a glimpse of how our institutions will try to handle the Zeds and fail. Zombie Complex is based on the real world! The characters of Zombie Complex aren't former soldiers who continue to work out and maintain a state of the art arsenal. Instead, they are flawed people just like the rest of us. They experience every frustration of apartment living and life in a global economy. They aren't perfect. The heroes of Zombie Complex had every intention of starting a working out regimen. They were going to start going to the gym. They were going to eat salads everyday. If it wouldn't have been for a zombie apocalypse, they would lose weight and look great. They also want to pay down their credit card debts and move to a better location. But, the dead have a way of interrupting all of these plans. When zombies come to town, the residents of Chattahoochee Run have to survive on what they have and what they can scrounge up. When it comes to fighting the dead, the heroes of this novel have to fight with weapons they

own. You won't find an exotic arsenal in Zombie Complex. Instead, you'll find a desperate battle involving hodgepodge of weapons average Americans may own. Join the fight today! You may see yourself, your friends, your family, your co-workers. and your weird neighbors among the residents of the Zombie Complex. But, you won't see any of them unless you scroll up, click to purchase this book, and join the fight!

Undead Ultra Camille Picott, 2016-03-26 Undead: a reanimated corpse with a craving for human flesh. Ultramarathon: any footrace longer than a traditional marathon (26.2 miles). For ultrarunners Kate and Frederico, a typical Saturday morning is spent pounding out a twenty- to thirty-mile fun run. It's during one of their runs that an insidious illness descends upon northern California, turning humans into flesh-shredding zombies. When Kate receives a desperate call from her son, Carter, she and Frederico flee their hometown and set out to help him. The only problem? Carter attends college over two hundred miles away and the freeways-clogged with car wrecks, zombies, and government blockades-are impassable. Running back roads and railroad tracks becomes their only means of travel, but neither of them has ever run so far before. As pain, injuries, hunger, and fatigue plague them, getting to Carter and staying alive seem impossible. It's either outrun the undead or become one of them, and for Kate, death is not an option.

Run from Ruin Allen Kuzara, 2018-12-17 They're not undead;

they're just angry... The DataMind meditation app has revolutionized the world, making people smarter, happier, and more productive. But a programming glitch in the final update causes billions of users to experience uncontrollable rage and aggression. Nick, an ordinary high school senior in Fairbanks Alaska, is suddenly thrust into this life or death arena. He and his brother must escape the zombie-like hordes of blood-thirsty maniacs and seek refuge north of the arctic circle. The four-hundred-mile journey tests the boys, their wits, and their trust in each other. They think they're fighting to stay alive; but little do they know, they're fighting to save mankind.
