Slow AF Run Club Martinus Evans,2023-06-06 A practical guide and a celebration of running for runners of all sizes and athletic ability, from the founder of the Slow AF Run Club. Ten years ago, Martinus Evans got some stern advice from his doctor: “Lose weight or die.” First defensive, but then defiant, Evans vowed that day to run a marathon, though his doctor thought he was crazy. Since then, Evans has run eight marathons and hundreds of other distances in his 300-something pound body, created his own devoted running community, and has been featured on the cover of Runner’s World. This book is a blueprint for those who may not fit the image of a “traditional” runner—that is, someone who is larger in size, less athletic, out of shape, or dealing with any kind of health issue that slows them down—to feel empowered to lace up their shoes and embrace the body they have right now. As Evans says, the incredible benefits of running—better sleep, strong muscles and bones, better cardiovascular and mental health, and a sense of community—can and should be available to all of us. This practical handbook contains specialized advice to make getting started less intimidating, covering everything from gear and nutrition to training schedules, recovery tips, races (it’s okay to come in DFL! [i.e., dead f*cking last]), and finding a running group. Full of essential advice and humor from a former newbie who fell off a treadmill on his first run (literally), The Slow AF Run Club is for anyone who wants to pick up running for the sheer joy of it.

My Running Club Alan Anderson,2009-11 More than 400,000 people complete a marathon in the United States each year. This book is about twelve of those runners. Why they run. What running has done for them-and to them. Their triumphs and their failures. My Running Club is not a how to run a marathon book. It is fiction, but it reveals the truth behind marathon training programs and the people who set the pace of their lives on the running trail. Alan Anderson has completed sixteen marathons, one ultra-marathon, and numerous half marathons, 10k races, and 5k races. He has coached marathon and half-marathon runners for a dozen years. He lives in Houston with his wife Betsy, who is also a long-distance runner.

A Beautiful Work in Progress Mirna Valerio,2017 Runners' vocabulary is full of acronyms like DNS for Did Not Start and DNF for Did Not Finish, but when Mirna Valerio stepped up to the starting line, she needed a new one: DNQ for Did Not Quit. Valerio has tied on her running shoes all across the country, from the dusty back roads of central New Jersey to the busy Route 222 corridor in Pennsylvania to the sweltering deserts of Arizona. When you meet her on the trail, you might be surprised to see she doesn't quite fit the typical image of a long-distance runner. She's neither skinny nor white, and she's here to show just how misguided these stereotypes can be. In this prejudice-busting, body-positive memoir told with raw honesty, an adventurous spirit, and a sharp sense of humor, Valerio takes readers along on her journey from first-time racer to ultramarathoner and proves that anyone can become a successful athlete.

Running Club M.W. Layne, 2023-10-24 Dystopian Science Fiction Short Story In the near future, the Omega Pill solves everyone's health problems, if they can afford it. In It for the Long Run Scott Ludwig, Vanessa Stroud, 2012-09 Multiple races of marathon distance or greater in a month...or perhaps in a weekend. Several unsupported runs of 50 and 100 miles through the mountains and forests several times a year. Have you ever considered running through a desert, across a frozen tundra or over multiple mountain ranges? Why not run for three days straight to see how many miles you can accrue? Welcome to a place where no locale is too inhospitable and no distance impossible. Welcome...to the Darkside. The Darkside Running Club, established in 2002 is a place where runners meet to express their love for distance running and camaraderie by spending countless hours and miles committed to doing what they enjoy most. They share a singular focus towards achieving goals far off in the distance, both literally and figuratively. With their dedication and commitment you may believe the Darksider to be a professional athlete, or perhaps an Olympian. But you would be wrong: they are simply ordinary people doing extraordinary things in the sport they love: running. Highly competitive while never taking themselves too seriously, they strive to shave off minutes or perhaps hours while adding a mile or two...or twenty while pushing their limits further and further. The impossible becomes possible; dreams become reality. They won't take 'no' for an answer as they persevere to move beyond physical and emotional discomfort to finish what they started. Excuses don't exist. Their passion is contagious. So reader be warned: they're in it for the long run.

The Hacienda Peter Hook, 2009-10-01 Legendary musician Peter Hook tells the whole story - the fun, the music, the vast loss of money, the legacy - of Manchester's most iconic nightclub Peter Hook, as co-founder of Joy Division and New Order, has been shaping the course of popular music for thirty years. He provided the propulsive bass guitar melodies of 'Love Will Tear Us Apart' and the bestselling 12-inch single ever, 'Blue Monday' among many other songs. As co-owner of Manchester's Hacienda club, Hook propelled the rise of acid house in the late 1980s, then suffered through its violent fall in the 1990s as gangs, drugs, greed and a hostile police force destroyed everything he and his friends had created. This is his memory of that era and 'it's far sadder, funnier, scarier and stranger' than anyone has imagined. As young and naive musicians, the members of New Order were thrilled when their record label Factory opened a club. Yet as their career escalated, they toured the world and had top ten hits, their royalties were being ploughed into the Hacienda and they were only being paid £20 per week. Peter Hook looked back at that exciting and hilarious time to write HACIENDA. All the main characters appear - Tony Wilson, Barney, Shaun Ryder - and Hook tells it like it was - a rollercoaster of success, money, confusion and true faith.

The American Marathon Pamela Cooper, 1998-04-01 Boston established a footrace but New York City created a marathon culture that annually draws tens of thousands of runners to each of the major American events. The American Marathon is the first in-depth study of the marathon as a cultural performance that has as much power to unite communities across lines of race, ethnicity, class, and gender as it does to empower individuals. This book encompasses more than a century, from the fledgling days of the footrace in the 1890s to the popular contemporary marathons that have become corporate-sponsored institutions. Run in New York City in 1896 and continued in Boston for the next ten years, the marathon quickly became the event of the working-class athletes, particularly Irish Americans. Other urban ethnic groups-Italians, Jews, and African Americans who were unwelcome into the elite WASP athletic clubs-formed their own running organizations. Once emblematic of the immigrant experience, the marathon evolved to express middle-class nationalism as these immigrants were being assimilated. During the 1930s the Great Depression restricted footracing, and anti-Semitism left important coaches and runners without access to team support. The New York Pioneer Club, begun in 1936 as an African-American team, brought the tremendous energy of post World War II Harlem to the American marathon of the 1950s. Besides examining the ethnic influence on marathoning, Cooper also explores the impact of the Cold War on this sport, when fitness and endurance became matters of national pride. She shows how the Road Runners Club of America first brought women and large numbers of participant runners into long-distance footraces and, finally, how corporate sponsorship and direct payments to athletes profoundly changed the nature of this once-amateur sport.

The end of the World Running Club - Episode 3 Adrian J Walker, 2016-06-09 Plus personne n'attend rien de bon, ni rien de grand, d'Edgar Hill. À 35 ans, il est un père et un mari absent, et un homme éteint. Mais le désastre, souvent, nous révèle à nous-même. Séparé de sa femme et de ses enfants par plus de 800 kilomètres, Edgar n'a qu'une seule option pour les rejoindre. Courir. Courir jusqu'à l'épuisement. Dépasser ses limites. Se battre contre soi-même. Et contre les dangers qui, tout au long de sa traversée d'un Royaume-Uni dévasté par une catastrophe, menaceront jusqu'à sa survie même. S'il n'arrive pas à temps, il perdra sa famille. Pour toujours.

All you need are your own two feet and a little support.

In the pages of Run for Your Life, Deborah Reber gives you everything you need to know to get moving-how to get started, what it will feel like, what to wear, and most importantly, how to stick with it.

New York Running Guide Bob McCullough,Miles Jaffe,1998 For the thousands of runners who live in New York City, here is detailed course information needed to enjoy 44 of the best running routes throughout the five boroughs, Long Island, and New Jersey. 61 illustrations.

Spirit Run Noé Álvarez,2021-03-02 In this New York Times Book Review Editors’ Choice, the son of working-class Mexican immigrants flees a life of labor in fruit-packing plants to run in a Native American marathon from Canada to Guatemala in this stunning memoir that moves to the rhythm of feet, labor, and the many landscapes of the Americas (Catriona Menzies-Pike, author of The Long Run). Growing up in Yakima, Washington, Noé Álvarez worked at an apple–packing plant alongside his mother, who “slouched over a conveyor belt of fruit, shoulder to shoulder with mothers conditioned to believe this was all they could do with their lives.” A university scholarship offered escape, but as a first–generation Latino college–goer, Álvarez struggled to fit in. At nineteen, he learned about a Native American/First Nations movement called the Peace and Dignity Journeys, epic marathons meant to renew cultural connections across North America. He dropped out of school and joined a group of Dené, Secwépemc, Gitxsan, Dakelh, Apache, Tohono O’odham, Seri, Purépecha, and Maya runners, all fleeing difficult beginnings. Telling their stories alongside his own, Álvarez writes about a four–month–long journey from Canada to Guatemala that pushed him to his limits. He writes not only of overcoming hunger, thirst, and fear–dangers included stone–throwing motorists and a mountain lion–but also of asserting Indigenous and working–class humanity in a capitalist society where oil extraction, deforestation, and substance abuse wreck communities. Running through mountains, deserts, and cities, and through the Mexican territory his parents left behind, Álvarez forges a new relationship with the land, and with the act of running, carrying with him the knowledge of his parents’ migration, and–against all odds in a society that exploits his body and rejects his spirit–the dream of a liberated future. This book is not like any other out there. You will see this country in a fresh way, and you might see aspects of your own soul. A beautiful run. –Luis Alberto Urrea, author of The House of Broken Angels When the son of two Mexican immigrants hears about the Peace and Dignity Journeys–'epic marathons meant to renew cultural connections across North America'–he’s compelled enough to drop out of college and sign up for one. Spirit Run is Noé Álvarez’s account of the four months he spends trekking from Canada to Guatemala alongside Native Americans representing nine tribes, all of whom are seeking brighter futures through running, self–exploration, and renewed relationships with the land they’ve traversed. –Runner's World, Best New Running Books of 2020 An anthem to the landscape that holds our identities and traumas, and its profound power to heal them. –Francisco Cantu, author of The Line Becomes a River
