The Practical Guide To Using Ancient Runes For Modern Divination Dayanara Blue Star,2015-02-15 Runes are an ancient method of divination that still remain popular and useful today. Many people find them intriguing, because of their unique history and specific means of divination. Unlike fortune telling, runes are used to delve into a person's subconscious, and explore their true desires. They can be a wonderful aid in meditational practice, gaining self-awareness, or just getting some more perspective on various situations in your life. To people unfamiliar with divination tools, it may seem like some kind of spooky magic trick, witchcraft or even something demonic. None of those descriptions are accurate, and actually, runes encourage a person to explore their own mind and gain self-introspection. Initially part of an ancient Germanic alphabet, Runes have existed for hundreds of years. Versions of runes have been found in many different cultures all across the world, with stones created in a multitude of alphabets and designs. Simply put, runes are an old relic that has survived the test of time and is still proven useful today. The stones are a simple oracle which one can use to stimulate the thinking process. When the stones are cast, they aren't always entirely specific, meaning it is up to you to consider what they are telling you and how it relates to what you were asking. This often opens that pathway for critical thinking, solving problems and reducing stress.

The Runes J Hamburger,2020-12-05 The Runes is a complete guide to runic divination and reflection, featuring new, word-for-word translations of original sources. J. Hamburger combines deep respect for the ancient texts with years of practical rune reading experience to bring you a truly authentic and inspiring guide book. Rune reading is a tool for gaining insight, using ancient symbols to challenge and inspire. Some see it as divination-a way of tapping into hidden knowledge. Others use it for self-reflection or focusing intention. Consulting the runes can be like talking to an old friend: you may know the truth, but sometimes you need to hear it before you believe it. Rune reading uses your intuitive wisdom to help you see a little further, feel a little deeper, and reach a little higher. Before Christianity spread to northern Europe, the indigenous peoples of that region were Germanic tribes, like the Anglo-Saxons, Goths, and Norsemen. Runes were the letters of their alphabets. Over time these letters developed rich symbolic meanings, passed down through poems and myths. Like most pre-Christian cultures, the Germanic peoples were polytheistic, and they revered natural elements as sacred. When you pick up the runes, you are entering a vibrant world, grounded in nature and everyday life, yet full of heroes, gods, and mythology. Most of what we know about runes comes from just a few ancient poems. Some books pick and choose the easier elements from each poem, while overlooking anything too difficult or unpleasant. But it's clear from the poems that runes have a dark side-and we know from history that the people who used them were both fearless and fearsome. This book doesn't leave anything out. All of the mystical beauty is there, and so is the fighting spirit. The Runes gives you strong, unfiltered runes with a hard-enough edge to face anything that comes up.

Runes for Beginners Lisa Chamberlain,2018-05-23 Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word rune comes to us from the Norse word runa, which means a secret, or to whisper. As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In Runes for Beginners,

best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. Foundations in Runic Magic and Divination The runes represent various aspects of the human experience of the Universe-both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including:

- The history of the runes and their role within the framework of the Germanic magical worldview
- The origins of runic wisdom in Norse mythology
- An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism
- Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans
- How to make your own runes
- Instructions for traditional rune-casting as well as contemporary rune spreads
- Tips for successful divination
- The divinatory meanings and magical uses of each rune in the Elder Futhark
- A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples
- Detailed tables of correspondence for a handy condensed magical and divinatory guide

By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but *Runes for Beginners* is an excellent first step along the way.
