Dev Saab Vijay Kumar, 2018-04-12 A journey which resonates with millions of aspiring actors and artists. Vijay Kumar meets and shares the screen with his childhood hero The Legend Of Indian Cinema Dev Anand. Taking you on an adventure from his humble beginnings in New Delhi, India, later immigrating to London, England, before returning to Mumbai, India to pursue a career in the largest film industry on the planet. Vijay takes us on a passionate, personal & enthralling journey of perseverance. Through persistence & sheer ambition, Vijay ultimately established a trusting relationship and close personal bond with the legend Dev Anand. An insight into the life in front of & behind the camera, their friendship spans over 30 years and has endured the test of time & continues today with the Anand family. Vijay closely tell us of his accounts through an emotional journey as he documents the sacrifices it takes to make it in an unforgiving and fast paced film industry. Highlighting the ups and downs of his own journey while giving an insight into the film and media industry that claims the dreams of many each year. Profoundly moving, insightful and ultimately full of hope, Dev Saab gets to the very heart of what it means to visualize, believe and receive. A phenomenal memoir - the first of its kind. It is both a heart-rending tribute to the man Dev Anand once was, and a brave account of the passions and determinations that can take you from continent to continent to follow your dreams.

The Last Checkmate Gabriella Saab, 2021-10-19 A PopSugar Best Book of the Year! Readers of Heather Morris's *The Tattooist of Auschwitz* and watchers of *The Queen's Gambit* won't want to miss this amazing debut set during World War II. A young Polish resistance worker, imprisoned in Auschwitz as a political prisoner, plays chess in exchange for her life, and in doing so fights to bring the man who destroyed her family to justice. Maria Florkowska is many things: daughter, avid chess player, and, as a member of the Polish underground resistance in Nazi-occupied Warsaw, a young woman brave beyond her years. Captured by the Gestapo, she is imprisoned in Auschwitz, but while her family is sent to their deaths, she is spared. Realizing her ability to play chess, the sadistic camp deputy, Karl Fritzscht, decides to use her as a chess opponent to entertain the camp guards. However, once he tires of exploiting her skills, he has every intention of killing her. Befriended by a Catholic priest, Maria attempts to overcome her grief, vows to avenge the murder of her family, and plays for her life. For four grueling years, her strategy is simple: Live. Fight. Survive. By cleverly provoking Fritzscht's volatile nature in front of his superiors, Maria intends to orchestrate his downfall. Only then will she have a chance to evade the fate awaiting her and see him punished for his wickedness. As she carries out her plan and the war nears its end, she challenges her former nemesis to one final game, certain to end in life or death, in failure or justice. If Maria can bear to face Fritzscht—and her past—one last time.

Crisis and the Media Marianna Patrona, 2018-02-15 How is 'crisis', one of the most resonating words in the modern world, related to the mass media? Is crisis independent of the discourse practices of media text and talk? This book is a collection of studies that brings together current research into the ways in which crisis is constructed and communicated in contemporary media discourse. Studies in this book advance our understanding of crises as social events that are discursively constructed, performed, responded to, but also 'rehearsed' as a form of social practice. Relying on the application of techniques of discourse analysis and critical discourse analysis (CDA), including visual analysis, the book provides a wealth of

empirical evidence on how crisis is mediated across a range of written, oral and visual media. The book will be of interest to students and scholars of media, who combine an interest in discourse analysis with disciplines as diverse as media and cultural studies, political communication, and sociology.

On a Global Mission: The Automobiles of General Motors International Volume 3 Louis F. Fourie, 2016-12-27
Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures

that these volumes serve as the ideal reference source on GM.

Defence Offsets and the Global Arms Trade Jonata Anicetti,2024-02-06 This book offers the first comprehensive study of defence offsets and its economic, security, political and theoretical implications. Originating in the second half of the 19th century, defence offsets - additional economic, industrial and technological benefits to states for buying foreign weapons - have since been a key feature of the global arms trade and defence industry. And yet, offsets are an under-researched and under-theorised phenomenon. This book fills this gap in the literature by offering the first general theory of defence offsets, as well as the first systematic analysis of the offset phenomenon. By building on the insights of scholars of defence economics and drawing from the International Relations liberal paradigm, as well as reviving and adapting Robert Putnam's two-level game framework, the book proposes a liberal-rationalist theory of defence offsets. It then proves the worth of such a theory through Qualitative Comparative Analysis (QCA) of fifty-four fighter aircraft transfers from 1992 to 2021 inclusive, and three in-depth case studies addressing offsets negotiated and agreed to as part of fighter aircraft competitions in Brazil, India, and South Korea. This book will be of interest to students of defence studies, defence economics, security studies and international relations.
