Our Poison Horse Derrick Brown,2014-10-01 Our Poison Horse is the newest poetry collection released by Derrick C. Brown. Brown is the winner of the Texas Book of The Year Prize, 2013. The New York Times calls his work a ...rekindling of the faith in the shocking, weird and beautiful power of words. Brown finally sold the ship, The Sea Section, upon which he lived for years in the Long Beach harbor, after which he took to hunting for a city that was affordable and had a bustling writer's community. He landed in Austin, Texas and when the progress of that town got to be intense, he moved to the nearby countryside in Elgin, Texas, and from that pastoral setting came unfurling this new collection of his most personal work to date. Brown has been known as one of the most touring, well travelled living poets in America. He has based his whole writing career on changing peoples minds about poetry and he feels a quality, unforgettable live experience can achieve that. Brown told himself he needed a 10-year hiatus from writing poetry when he felt the well of creativity had dried up. 2 years ago, he wrote a one-hour long 'poetic play' called Strange Light, commissioned by The Noord Nederlands Dans Group in Holland. The piece was performed by 14 dancers and accompanied by a live orchestra using music composed by fellow Americans, Emily Wells and Timmy Straw. While he was working on a new libretto for Wayne State University in Detroit, he was set up in a seemingly pastoral country setting, where, as Brown says, an incredible war broke out inside and out, such bright, massive storms, snakes, guns, howling wind, hard sun: all kinds of poems gushed forth. I gave in to the process and my best work to date was born, this will be my 5th book. Our Poison Horse touches on more autobiography than the romantic and fantastical that was so present in his past work. In Derrick Brown's words: I found a poetry in the real events that shaped or broke me. Every morning, I would quiet down, stare out into the field where we were watching our neighbors horse, a horse that was poisoned with pesticide by some local boys, a horse with massive scars all down its body from it's skin peeling from the poison sprayed upon it maliciously by some bastard kids. I watched the horse heal and finally come to me, and trust me and eat carrots. Something about that horse, Lacey, about it not trusting me and then warming up pulled something out of me that I didn't know I was ready for. There is a theme that in beautiful places, you will

The Universal Sense Seth S. Horowitz,2012-09-04 Reveals how the human sense of hearing manipulates how people think, consume, sleep and feel, explaining the hearing science behind such phenomena as why people fall asleep while traveling, the reason fingernails on a chalkboard causes cringing and why songs get stuck in one's head.

Phase Media James Ash,2017-12-14 In Phase Media, James Ash theorizes how smart objects, understood as Internet-connected and sensor-enabled devices, are altering users' experience of their environment. Rather than networks connected by lines of transmission, smart objects generate phases, understood as space-times that modulate the spatio-temporal intelligibility of both humans and non-humans. Examining a range of objects and services from the Apple Watch to Nest Cam to Uber, Ash suggests that the modulation of spatio-temporal intelligibility is partly shaped by the commercial logics of the industries that design and manufacture smart objects, but can also exceed them. Drawing upon the work of Martin Heidegger, Gilbert Simondon and Bruno Latour, Ash argues that smart objects have their own phase politics, which offer opportunities for new forms of public to emerge. Phase Media develops a conceptual vocabulary to contend that smart objects do more than just enabling a world of increased corporate control and surveillance, as they also provide the tools to expose and re-order the very logics and procedures that created them.

Are You Anybody? Jeffrey Tambor,2017-05-16 You know him from his breakout role as Hank Kingsley on The Larry Sanders Show, his outrageous turn as George and Oscar Bluth on Arrested Development, and his Emmy Award-winning performance as Maura Pfefferman on Transparent. A Broadway star, a television legend, an accomplished screen actor whose singular wit and heartrending performances have been entertaining audiences for more than four decades, but the question remains: Who the hell is Jeffrey Tambor? In his illuminating, often hilarious, and always honest memoir, Tambor looks back at the key moments in his life that taught him about creativity and play and pain and fear. The son of what you might call eccentric Russian and Hungarian Jewish parents, Tambor grew up in San Francisco a husy kid with a lisp, who suffered in his otherness and found salvation in the theater. While he learned his art from the best of the best—Al Pacino, George C. Scott, Garry Shandling, Mitch Hurwitz, Jill Soloway—he also introduces his many unexpected teachers, from the nameless man in a Detroit bookstore who gave him

the love of reading, to his young children who (at this ridiculously late stage in his life) have reintroduced him to play, bravery, and the simple joy of not giving a shit. Tambor shares the triumph of landing his first Broadway role, but not before experiencing the humbling that is commercial work (and how even saying my socks don't cling can prove a challenge). He invites you behind the scenes of his wildly successful television shows, but he doesn't leave out the pit stops he made at addiction, Scientology, and what it feels like to get fourth billing after Sylvia the Seal on The Love Boat. At last, Tambor answers the question Are you anybody? with a promise that success doesn't mean perfection and failure most definitely is an option.

Wicked Hour Chloe Neill, 2019-12-03 In the second pulse-pounding novel in the USA Today bestselling Heirs of Chicagoland series, vampire Elisa Sullivan gets drawn into the shifting sands of Pack politics. Vampires were made, not born—until Elisa Sullivan came along. As the only vampire child in existence, she grew up with a heavy legacy, and tried to flee her past. Then circumstances drew her back to Chicago, and she stayed to keep it safe. With shifter Connor Keene, the only son of Pack Apex Gabriel Keene, at her side, she faced down a supernatural evil that threatened to destroy Chicago forever. After the dust from the attack has settled, Elisa is surprised when Connor invites her to a usually private Pack event in the north woods of Minnesota, and by the warm welcome she receives from some of Connor's family, even though she's a vampire. But the peace doesn't last. The shifters tell tales of a monster in the woods, and when the celebration is marred by death, Elisa and Connor find themselves in the middle of a struggle for control that forces Elisa to face her true self—fangs and all.

Why Do I Do What I Don't Want to Do? Jonathan "JP" Pokluda, Jon Green, 2023-03-14 We live in an upside-down culture. We wink at our vices as coping strategies while restricting our virtues to our online personas, where they won't interfere with our real lives. And we wonder why we feel empty, exhausted, and directionless. But why do we do things that we know are harmful for us? Jonathan JP Pokluda wants you to know there's a better, more fulfilling way to live, and it doesn't involve looking inside yourself for the answers--because that's not where you'll find them. With his signature wit and wisdom, he explains, unpacks, and expands on the age-old virtues we're told to pursue in Scripture: humility, forgiveness, generosity, diligence, self-control, authenticity, rest, and optimism. Far from being restrictive, these God-given goals for living free us to love and live as we wish we would. Practicing virtues is not just something you do--it's something done in you, slowly but surely transforming you into the person you were meant to be all along. Whether you're 18 or 80, it's never too late to redefine what's important to you and reclaim a life of virtue.

Corruption and Illiberal Politics in the Trump Era Donna M. Goldstein, Kristen Drybread, 2022-09-23 This book explores the nexus of corruption, late capitalism, and illiberal politics in the Trump era. Through deep, contextualized analysis and careful critique, it offers valuable perspectives on how corruption is defined and understood in the current historical moment. The book asks: Is today's corruption something new, or is it a continuation of prior patterns of illiberalism? Chapters in this collection consider how corruption is practiced, mobilized, or invoked in a range of cases, each of which is embedded within larger concerns about what citizenship, social belonging, honesty, and justice mean in the United States today. The authors examine a constellation of unscrupulous actors and questionable actions, with topics ranging from sex scandals and shady real estate deals to the Trump administration's response to the COVID-19 pandemic. Several essays directly address the increasingly violent rhetoric and the deliberately anti-democratic policies that have flourished during the Trump era. The book draws on anthropological insights and comparative analysis to place the policies and practices of Trump and his supporters in a wider global context. *Corruption and Illiberal Politics in the Trump Era* will be of great interest to readers from anthropology, sociology, political science, discourse studies, media studies, linguistics, and American studies.

It is also an excellent resource for instructors offering a course to prepare arts students of all kinds for the professional world.

Wisecracks David Shoemaker, 2024 Humor enriches our lives, but it can also raise moral trouble. Is humor that relies on deception, maliciousness, or stereotyping always immoral? Does motive matter in determining the moral value of a joke? Why are certain topics out of bounds for humor? In *Wisecracks*, philosopher David Shoemaker delves into the fascinating relationship between humor and morality in our everyday lives. In this book, Shoemaker sets aside the crafted forms of humor we find in comedy specials, TV skits, and more and focuses on the informal, improvised wit that occurs in interpersonal relationships—such as teasing, mockery, and pranks—known as wisecracks. The key difference between wisecracks and jokes? Jokes are told, whereas wisecracks are made. Sometimes wisecracks involve lying, sometimes they are mean, and sometimes they play on racial or sexual stereotypes. Shoemaker untangles the intricate threads of when and why these immoral qualities are or aren't acceptable in humor. In showing how a well-developed sense of morality is central to a good sense of humor (and how to develop each), *Wisecracks* makes the case for how humor can heal, even when it takes a hurtful form--
