Rigged Justice John Vandemoer,2021-09-28 The former Stanford University sailing coach sentenced in the Varsity Blues college admissions scandal tells the riveting true story of how he was drawn unwittingly into a web of deceit in this eye-opening memoir that offers a damning portrait of modern college

administration and the ways in which justice and fairness do not always intersect. For eleven years, John Vandemoer ran the prestigious Stanford University sailing program in which he coached Olympians and All-Americans. Though the hours were long and the program struggled for funding, sailing gave Vandemoer's life shape and meaning. But early one morning, everything came crashing down when Vandemoer, still in his pajamas, opened the door to find FBI and IRS agents on his doorstep. He quickly learned that a recruiter named Rick Singer had used him as a stooge in a sophisticated scheme designed to take advantage of college coaches and play to the endless appetite for university fundraising—and wealthy parents looking for an edge for their college-bound children. Vandemoer was summarily fired, kicked out of campus housing, his children booted from campus daycare. The next year of his life was a Kafkaesque hellscape, and though he was an innocent man who never received a dime was the first person to be convicted in what became known as the Varsity Blues scandal. A true story that reads like a suspense novel, *Rigged Justice* lays bare how a sophisticated scheme could take advantage of college coaches and university money—and how one family became collateral damage in a large government investigation that dominated national headlines.

The Art and Science of Sails Tom Whidden, Michael Levitt, 1990 Guide for both cruisers and racers that takes a look at the latest materials and rigging methods and simplifies the purchase and upkeep of a proper sail inventory.
