Wordplay and the Discourse of Video Games Christopher A. Paul, 2012-03-15 In this timely new book, Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning, lead to identification and division, persuade, and circulate ideas. Paul examines the broader social discourse about gaming, including: the way players are socialized into games; the impact of the lingering association of video games as kid's toys; the dynamics within specific games (including Grand Theft Auto and EA Sports Games); and the ways in which players participate in shaping the discourse of games, demonstrated through examples like the reward system of World of Warcraft and the development of theorycraft. Overall, this book illustrates how video games are shaped by words, design and play; all of which are negotiated, ongoing practices among the designers, players, and society that construct the discourse of video games.

And with her loyal staff, parties, and Manolos, she no longer feels out of place. Enter Bebe Blake, loudmouth television personality and Fashion Don't. Understanding Charles Wright Joe Moffett, 2008 In this first book-length study of Charles Wright's extensive body of work, Joe Moffett offers an introduction to the books and themes that have defined the poet's illustrious career. Wright's major work centers around a lengthy self-described trilogy of trilogies project in which each volume is a collection of poems stemming from a different trio of books. In his study of each segment of the trilogy, Moffett finds Wright returning to the distinctive landscape and culture of his native Appalachia in poetic quests for spiritual meaning. Moffett concludes with a survey of Wright's three subsequent volumes of poetry as a continuation of the poetic style and dialogue between southern landscapes and divine influences that defined the poet's earlier trilogies.--BOOK JACKET.

People with Dementia Speak Out Lucy Whitman, 2015-09-21 In *People with Dementia Speak Out*, twenty-three people from diverse backgrounds share their experiences of living with dementia. The contributors are honest about the frustrations and fears they face, but overall there is remarkably little self-pity and a great deal of optimism. The personal accounts demonstrate that with the right support at the right time, and above all with opportunities to continue to contribute to society in a meaningful way, it is possible to live well with dementia. These fascinating stories bring to life the characters behind the collective term 'people with dementia', and show that each person with dementia is a unique individual with their own personality, history, beliefs, cultural affinities and sense of humour, and

their own way of adapting to the disabilities and opportunities which this condition confers. This unique collection of personal testimonies will be reassuring and encouraging for those coming to terms with a diagnosis of dementia, for their families and carers, and is essential reading for health and social care professionals at all levels.

The Lincoln Highway Amor Towles, 2021-10-05 #1 NEW YORK TIMES BESTSELLER
More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick
A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” –The New York Times Book Review “A classic that we will read for years to come.” –Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” –Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” –NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to

California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

The Men Will Talk to Me (Ernie O'Malley series Kerry) Cormac O'Malley, Tim Horgan, 2012-06-01 County Kerry saw many of the most vicious episodes in both the War of Independence and the Civil War. Many Republican survivors of these

events were reluctant to speak about their experiences, even to their own family. However, they were willing to talk to Ernie O'Malley, who was the senior surviving Republican military commander from the period of those struggles. By transcribing O'Malley's notebooks, where he recorded these interviews, Cormac O'Malley and Tim Horgan have made available previously unpublished first-hand accounts of Kerry's role in the fight for independence. The interviews provide an unrivalled insight into this important period of Irish history, including controversial incidents such as the Ballyseedy massacre, the battle at Headford Junction and executions by the Free State forces.

A Lady's Guide to Selling Out Sally Franson, 2018-04-10 With “elements of The Bold Type, Mad Men, and The Devil Wears Prada” (Entertainment Weekly), a young woman navigates a tricky twenty-first-century career—and the trickier question of who she wants to be—in this savagely wise debut novel Casey Pendergast is losing her way. Once a book-loving English major, Casey lands a job at a top ad agency that highly values her ability to tell a good story. Her best friend thinks she’s a sellout, but Casey tells herself that she’s just paying the bills—and she can’t help that she has champagne taste. When her hard-to-please boss assigns her to a top-secret campaign that pairs literary authors with corporations hungry for upmarket cachet, Casey is both excited and skeptical. But as she crisscrosses America, wooing her former idols, she’s shocked at how quickly they compromise their integrity: A short-story writer leaves academia to craft campaigns for a plus-size clothing chain, a reclusive nature writer signs away her life’s work to a manufacturer of granola bars. When she falls in love with one of her authors, Casey can no longer ignore her own nagging doubts about the human cost of her success. By the time the year’s biggest book festival rolls around in Las Vegas, it will take every ounce of Casey’s moxie to undo the damage—and, hopefully, save her own soul. Told in an unforgettable voice, with razor-sharp observations about everything from feminism to pop culture to social media, *A Lady’s Guide to Selling Out* is the story of a young woman untangling the contradictions of our era and trying to escape the rat race—by any means necessary. Praise for

A Lady's Guide to Selling Out "Bitingly funny . . . [Sally] Franson's snappy debut nimbly skewers the high-flying world of advertising and romance in the age of social media. . . . Franson's irresistibly flawed heroine holds her own as she strives to find honesty, meaning, and even love in a demanding world, resulting in an addictive, escapist novel."—Publishers Weekly "A high-spirited heroine loses herself in a vortex of modern striving in this debut novel. . . . Come for the hilarious narration, stay for the whirlwind plot, luxuriate in the satirical gleam."—Kirkus Reviews "A wry, observant take on career success and ambition."—New York Post "A book lover is torn between a cushy gig and . . . well, her soul, basically."—Cosmopolitan

Current treatment approaches and empirical support for them are also discussed. Clinicians learn step by step how to apply the therapy techniques and to select the appropriate therapy materials (described in detail in practical appendices). The book also provides

practical advice about dealing with group processes and individual dyadic situations. Differential indications, assessment, therapy planning and evaluation are presented. Therapists will also learn how to use IPT within multimodal therapy and rehabilitation efforts (case management; implementation of IPT). The final part of the book provides an overview of further developments of IPT: Integrated Neurocognitive Therapy (INT), conceptualized mainly for outpatients with better social functioning, and specific social skills programs for residential, vocational, and recreational rehabilitation (WAF).

Courtney Sullivan). ONE OF THE TEN BEST NOVELS OF THE DECADE—Entertainment Weekly TEN BEST BOOKS OF THE YEAR—People, Slate, The New York Public Library, Harvard Crimson AND BEST BOOKS OF THE YEAR—The New York Times, The New York Times Book Review, O: The Oprah Magazine, Time, NPR, The Washington Post, Vogue, Esquire, Glamour, Elle, Marie Claire, Vox, The Paris Review, Good Housekeeping, Town & Country Connell and Marianne grew up in the same small town, but the similarities end there. At school, Connell is popular and well

liked, while Marianne is a loner. But when the two strike up a conversation—awkward but electrifying—something life changing begins. A year later, they're both studying at Trinity College in Dublin. Marianne has found her feet in a new social world while Connell hangs at the sidelines, shy and uncertain. Throughout their years at university, Marianne and Connell circle one another, straying toward other people and possibilities but always magnetically, irresistibly drawn back together. And as she veers into self-destruction and he begins to search for meaning elsewhere, each must confront how far they are willing to go to save the other. *Normal People* is the story of mutual fascination, friendship and love.
