Hello, My Name Is Awesome Alexandra Watkins,2014-09-15 Every year, 6 million companies and more than 100,000 products are launched. They all need an awesome name, but many (such as Xobni, Svbtle, and Doostang) look like the results of a drunken Scrabble game. In this entertaining and engaging book, ace naming consultant Alexandra Watkins explains how anyone—even noncreative types—can create memorable and buzz-worthy brand names. No degree in linguistics required. The heart of the book is Watkins's proven SMILE and SCRATCH Test—two acronyms for what makes or breaks a name. She also provides up-to-date advice, like how to make sure that Siri spells your name correctly and how to nab an available domain name. And you'll see dozens of examples—the good, the bad, and the “so bad she gave them an award.” Alexandra Watkins is not afraid to name names.

Targeted Drug Delivery Rudolph L. Juliano,2012-12-06 The chapters in this volume describe a powerful emerging approach for the therapy of disease. Targeted drug delivery, that is control of the kinetic behavior, tissue distribution, and subcellular localization of pharmacologically active agents, offers an important means for improving the efficacy of a wide variety of drug therapies. This is particularly true for therapeutic approaches based on newer agents which are the products of recombinant DNA research. These agents, be they peptides, proteins, or oligonucleotides, tend to be larger, more complex, and less stable than traditional drugs. Thus they stand to benefit most from drug delivery systems which can protect them from premature degradation and which can carry them to critical target sites in the body. This volume examines several important aspects of the current state of drug delivery research; it also attempts to project future directions for this field. Successful approaches to drug targeting are based, first of all, on a sophisticated understanding of the biological barriers encountered by the drug-carrier complex as it moves from the portal of administration to the ultimate target site. A second aspect of successful drug delivery is appropriate matching of the disease entity with the pharmacologically active substance and with the delivery system. Thus it is important to be aware of the variety of delivery technologies which currently exist and to be sensitive to their strengths and limitations.

Colonial Project, National Game Andrew D. Morris,2011 Morris successfully weaves the intricacies of baseball's history into a compelling narrative while giving us a keen analysis of its larger significance. It is rare to find someone who can pull that off. This is an absorbing and distinguished addition to sports history, to Taiwanese history, and to studies of colonialism and its aftermath.--William Kelly, Yale University Colonial Project, National Game offers an engaging and penetrating analysis of the culture of baseball in Taiwan, in both its local and global conditions. Morris weaves details into a compelling narrative that is as much about the game on the field as the game being played out in the arenas of ethnicity, nationalism and geopolitics. Morris's study is a model of sophistication and lucidity. He demonstrates that through a perceptive reading of the mundane world of curve balls and player contracts, we can better understand the ideological substructure of the social.--Joseph R. Allen, University of Minnesota, Twin Cities

Dictionary Of Broken Heart Mhia Vodcawhiskey,2020-07-01 Jatuh cinta pada Arkanino, laki-laki yang dia anggap sebagai refleksi superhero sinting si Deadpool, menyulap Arsila Salsabila menjadi perempuan agresif bin muka tembok! Bertahun-tahun mendedikasikan diri sebagai Arkanholic, Salsa akhirnya mengungkapkan perasaannya. Namun, yang dia dapat malah penolakan lengkap dengan satu penyematan gelar sebagai FREAK. Malu, sakit hati kronis, patah hati akut, trilogi yang pada akhirnya mendorong Salsa sampai ke garis finish perasaannya ke Arkhan. Di tengah proses me-recovery hati, Salsa dipertemukan dengan Rizaka, cowok cute yang menunjukkan ketertarikan padanya namun tak digubris karena harus dia akui, setengah dari zona hatinya masih dikuasai Arkhan. Salsa mengemas semua rasa dan berniat mau cabut dari hati Arkhan. Tapi, dia selalu gagal karena sifat kepo akut membuatnya melanggar pepatah yang ia ciptakan sendiri: stalking sekali, rusak move on sebulan. Ke mana takdir sialan menggilir cinta Salsa selanjutnya?

The Business of Olympic Games Sponsorship Nelly Kapsi,Eleni Beneki,2004 Business and the Olympic Games have always maintained close ties. The book takes a historic look at the relationship the business community and the Olympic Games have maintained from ancient times until today. The Games' financial figures, the marketing program, the protection of the Olympic symbol, opportunistic marketing, broadcasting rights and online promotion, are

examined. The authors make a first attempt at assessing the Olympic Games' impact on the country's key economic sectors.
