San Francisco 49ers Legends Martin S. Jacobs, 2016-05-08 San Francisco 49ers LEGENDS-The Golden Age of Pro Football, is a new 6 X 9, 305-page book, with 36 pages of photos. The book is essentially the definitive story of the 49ers" football team from their swirling tales of the old All-American Football Conference rivalries, and throughout the 1950s" decade in the National Football League. It"s told personally by perhaps the team"s most faithful followers - Martin Jacobs. It could be the book about the team"s beginnings that most 49ers" fans will ultimately have on their shelves. Other books written about the 49ers dwell on facts, while not tapping into the personal devotion that Jacobs passionately express. Keep in mind there is, nor ever will be a book about the team"s history, which showcases a personal historic overview of the team"s emerging years as this one. The book tells a story about the 49ers" players we read about in the newspapers and listened to on play-by-play radio broadcasts, and eventually on television, during the Golden Age of Pro Football. They were coached by Lawrence Buck Shaw, called the Silver Fox, who was a local legend, who gave the team

instant credibility and turned them into a winner, as well. In the decade, the 49ers had assembled one of the greatest backfields ever. They came to be known as the Million Dollar Backfield, made up of fullback Joe Perry, halfbacks" John Henry Johnson and Hugh McElhenny, and quarterback Y.A. Tittle- all enshrined in the Pro Football Hall of Fame. These players opened up new frontiers and laid a solid foundation for the championship years to follow. They all made great stories to share - from their gridiron heroics, on the basketball court and in Roller Derby. The book is a true narrative account of the 49ers" formative years, which encapsulates the difference between the players of yesteryear and today"s crop. It brings back priceless memories and an elicit sense of sadness that those days and players are now history. There are 49 chapters with feature stories on players like McElhenny, (aka The King), one of the greatest open-field runners ever; tackle Leo The Lion Nomellini, who perhaps had a disposition better suited for hand-to-hand combat; linebacker Hardy The Hatchet Brown, who hammered everything and everybody in sight with his signature shoulder tackles. Others include Tony Morabito, the team"s first owner; 49ers" players who served in the military; outstanding quarterbacks:

Frankie The Wizard Albert, The Colonel Tittle and John Brodie; halfback Joe Arenas, an Iwo Jima survivor who exemplified the teams' fighting spirit; grand old Kezar Stadium, the birthplace of the famed Tittle to R.C.Owens' Alley-Oop pass plays and the epic site of the last quarter cliffhangers to beat the Rams, Bears, Colts, Packers and Lions; an array of star rookies: Gordy Soltau, Billy Wilson, Clay Matthews, Matt Hazeltine, Charley Powell, Dickey Moegle and others. Personal interviews with Joe Perry; Jan Jeffers, owner of the 49ers first mascot burro, Clementine; Deanna (O'Mara) Cope, an original 49er majorette, Kezar vendor Bruce Lombardi; Joe McTigue's 49ers marching band; 49ers' basketball team; 49ers in the off-season; 49ers' trivia; 49ers' team gear; collecting and investing in 49ers' relics, and much more. This book will bring back those memories with each turn of a page as the 49ers' heritage will remain alive with the deeds and foibles of those who, by their performance, their personality, or both, gave flavor and substance to those times, are as unique in their own right as in their interviews. The author has assembled an array of 50 outstanding publicity and action photographs from his collection of over 1,000 - some which have never been published before. For

any 49ers" fan that followed this team in the Golden Age, you will find this book, not just the story of a football team coming of age, but a stirring evocative collection of reminiscences that touches upon what it means to be a 49ers" fan.

Electronic Media Law Roger L. Sadler, 2005-03-10 *Electronic Media Law* is written for mass media students, not for future lawyers, so the text is straightforward and explains legalese. The author covers First Amendment law, political broadcasting rules, broadcast content regulations, FCC rules for station operations, cable regulation, media ownership rules, media liability lawsuits, intrusive newsgathering methods, media restrictions during wartime, libel, privacy, copyright, advertising law, freedom of information, cameras in the court, and privilege.

Engaged Journalism Jake Batsell, 2015-02-03 *Engaged Journalism* explores the changing relationship between news producers and audiences and the methods journalists can use to secure the attention of news consumers. Based on Jake Batsell's extensive experience and interaction with more than twenty innovative newsrooms, this book shows that, even as news organizations are losing their agenda-setting power, journalists can still thrive by connecting with audiences through online

technology and personal interaction. Batsell conducts interviews with and observes more than two dozen traditional and startup newsrooms across the United States and the United Kingdom. Traveling to Seattle, London, New York City, and Kalamazoo, Michigan, among other locales, he attends newsroom meetings, combs through internal documents, and talks with loyal readers and online users to document the successes and failures of the industry's experiments with paywalls, subscriptions, nonprofit news, live events, and digital tools including social media, data-driven interactives, news games, and comment forums. He ultimately concludes that, for news providers to survive, they must constantly listen to, interact with, and fulfill the specific needs of their audiences, whose attention can no longer be taken for granted. Toward that end, Batsell proposes a set of best practices based on effective, sustainable journalistic engagement.

Social Media in Sport Marketing Timothy Newman, Jason Peck, Brendan Wilhide, 2017-01-08 From the Preface: Not surprisingly, companies of all sizes are using social media as part of their marketing and public relations efforts. The growth of the social media phenomenon and constant advances in technology obviously create unique and powerful opportunities for those able to capitalize on them. The question is how best to do so? *Social Media in Sport Marketing* has been created to help answer this question as it pertains to sport organizations. Written from the perspective of sport professionals, this brief but thorough text explores the concepts, tools, and issues surrounding social media and marketing, with reader-friendly examples and applications specifically from the world of sports. The authors connect industry-specific content with current trends in social media and provide readers with a balance between theory and experience. Instructors and students can use the book as a primary resource for teaching and learning about traditional sport marketing/public relations principles as they relate to social media. Instructors will appreciate the inclusion of case studies, which can be used to generate discussions; students will benefit from the numerous examples. The book can also serve as

a guidebook for those who want to put ideas into action immediately. The experienced author team includes a sport marketing professor as well as practitioners involved in social media project management and development.

Letters to 87 Matt Maiocco,2019-08-06 Rare photos and heartfelt letters from fans of San Francisco 49ers hero Dwight Clark Featuring essays by Edward J. DeBartolo Jr., Ronnie Lott, Joe Montana, Brian Murphy, and Kelly Clark, Letters to 87 offers rare photos and heartfelt letters from fans of San Francisco 49ers hero Dwight Clark. Football fans will always remember The Catch as the moment a dynasty was born. When Dwight Clark received the touchdown pass that sent the 49ers to their first Super Bowl in 1982, an indelible moment was etched into the history of the NFL. Later, as Clark battled ALS, he and sportswriter Matt Maiocco put out a call to fans, asking them to share their

memories of this moment. The letters that Clark and Maiocco received tell the story of how the man who wore number 87 brought together a city and a franchise through his sincerity, his loyalty, and his spirit for life and the game. All royalties will go to the Golden Heart Fund, a nonprofit arm of the 49ers that helps support former 49er players. Find out more at www.lettersto87.com.

The Upstander Jori Epstein,2021-03-23 The stench of decay pierced the air aboard the boxcar of trapped Jews. “Why me?” fifteen-year-old Max asked himself, as a convoy rumbled from the Warsaw Ghetto to Majdanek death camp in May 1943. The Nazis had destroyed the Glauben family’s business, upended their rights, and ultimately decimated their neighborhood. The deluge of questions

would only intensify after the Nazis murdered Max's mother, father, and brother. Max channeled grit, determination, and a fortuitous knack for manufacturing airplane parts to outlast six horrific concentration camps in his quest to survive. This memoir explores Max's mischievous childhood and teen years as a go-to ghetto smuggler. Max journeys from displaced person to American immigrant and Korean veteran. He reveals how he ached as he dared to court love and rear children. For decades, he bottled up his trauma. Then he realized: He could transform his pain into purpose. Infused with raw emotion and vivid detail, historical records and Max's poignant voice, this memoir relays the true story of the harrowing violence and dehumanization Max endured. It relays Max's powerful lifetime commitment to actively thwarting hate and galvanizing resilience. Max insists you, too, can transform your adversity into your greatest strength. In the seventy-five years since his liberation, Max has ceased to ask himself, "Why me?" Instead, he reframes his focus, eager to partner with you and ask: "What can we do next?"
