**From Studio to Stage** Barbara M. Doscher,2002-06-03 The repertoire files of the late Dr. Barbara  
Doscher, in which she noted her tips, observations on each particular piece, and notes on how to best  
teach it, comprise a unique trove of wisdom unmatched by any other source. Laboriously transcribed  
and annotated by John Nix, one of Doscher's students, the notes are presented here as a companion  
volume to her best-selling text, *The Functional Unity of the Singing Voice*. Entries are divided by broad  
category (art song, arias, folk songs, oratorio, musicals, etc.) and are arranged by song title. Each  
entry includes author, poet or librettist, key(s) available, ranges (for each key), tessitura, difficulty level,  
voice types, comments, a summary of the text, and notes as to genre, language, and editions  
available. Five comprehensive indexes facilitate searching. As a guide to selecting vocal repertoire,  
this book's practical and sometimes colorful comments on each song or aria will assist the vocal  
instructor in matching the student's ability and range to the appropriate piece. This distillation of  
Barbara Doscher's many years of experience in the teaching studio is a necessary addition to any  
vocal instructor's collection, as well as a valuable resource for the individual singer.
