**A Doll's House** Henrik Ibsen,2024-04-05 A Doll's House is a three-act play written by Henrik Ibsen in 1879. It is a groundbreaking play that explores the themes of marriage, gender roles, and identity in 19th century society. Ibsen's play was met with controversy and outrage due to its bold critique of the traditional roles of men and women in marriage. The play has since become a classic of modern drama and is widely studied and performed in educational institutions around the world. The play is set in Norway and follows the story of Nora Helmer, a seemingly happy and content housewife. However, as the play unfolds, we see that Nora is living a double life. She has secretly borrowed money to save her husband's life, and is now being blackmailed by the lender. The play depicts Nora's struggle to find her true identity and the consequences of living a life based on societal expectations rather than her own desires. One of the main themes explored in the play is the role of women in marriage. Nora is portrayed as a typical 19th century wife, who is expected to be obedient, nurturing, and submissive. However, as the play progresses, we see that Nora is not content with this role and longs for independence and self-discovery. Ibsen challenges the traditional gender roles and shows how society's expectations can suffocate and limit an individual's growth. Another important theme in the play is the concept of identity. Nora's character undergoes a transformation throughout the play as she begins to question her role as a wife and mother. She realizes that she has been living a life that is not truly her own, and she must break free from societal expectations to find her true self. This theme is also reflected in the character of Torvald, Nora's husband, who is more concerned with his social status and reputation than his wife's happiness. Ibsen also uses symbolism throughout the play to convey deeper meanings. The title A Doll's House itself is significant, as it represents the idea that women were seen as mere playthings or objects in a patriarchal society. The Christmas tree, a recurring symbol in the play, represents the facade of happy family life that Nora and Torvald try to maintain. However, as the tree begins to shed its decorations, it symbolizes the unraveling of Nora's perfect facade. At the time of its publication, A Doll's House was met with harsh criticism and was deemed scandalous due to its portrayal of a woman challenging societal norms. However, its impact on modern drama cannot be overstated. Ibsen's play paved the way for a new genre of realistic drama and influenced many other playwrights to explore similar themes. It continues to be studied and performed today, as it remains relevant in its critique of societal expectations and the struggle for individual identity.

Dancing Barefoot Dave Thompson,2011-08-01 Dancing Barefoot is the full and true story of Patti Smith, widely acknowledged as one of the most significant American artists of the rock 'n' roll era, a performer whose audience and appeal reach far beyond the parameters of rock. An acclaimed poet, a respected artist, and a figurehead for many liberal political causes, Patti Smith soared from an ugly-duckling childhood in postwar New Jersey to become queen of the New York arts scene in the 1970s. This book traces the brilliant trajectory of her career, including the fifteen reclusive years she spent in Detroit in the 1980s and '90s, as well as her triumphant return to New York. But it is primarily the story of a performer growing up in New York City in the early and mid-1970s. Dancing Barefoot is a measured, accurate, and enthusiastic account of Smith's career. Guided by interviews with those who have known her—including Ivan Kral, Tom Verlaine, Richard Lloyd, John Cale, and Jim Carroll—it relies most of all on Patti's own words. This is Patti's story, told as she might have seen it, had she been on the outside looking in.

**Nala's World** Dean Nicholson,2020-09-29 Discover the nationally bestselling, true story of a life-changing friendship between a man and his rescue cat, Nala, as they adventure together on a bike journey around the world -- from the Instagram phenomenon @1bike1world. When 30-year-old Dean Nicholson set off from Scotland to cycle around the world, his aim was to learn as much as he could about our troubled planet. But he hadn't bargained on the lessons he'd learn from his unlikely companion. Three months after leaving home, on a remote road in the mountains between Montenegro and Bosnia, he came across an abandoned kitten. Something about the piercing eyes and plaintive meowing of the bedraggled little cat proved irresistible. He couldn't leave her to her fate, so he put her on his bike and then, with the help of local vets, nursed her back to health. Soon on his travels with the cat he named Nala, they forged an unbreakable bond -- both curious, independent, resilient and adventurous. The video of how they met has had 20 million views and their Instagram has grown to almost 750k followers -- and still counting! Experiencing the kindness of strangers, visiting refugee camps, rescuing animals through Europe and Asia, Dean and Nala have already learned that the unexpected can be pretty amazing. Together with Garry Jenkins, writer with James Bowen of the bestselling A Street Cat Named Bob, Dean shares the extraordinary tale of his and Nala's inspiring and heart-warming adventure together.
