Conundrum ,2019

Bose Chandrachur Ghose,2022-02-21 'A comprehensive and gripping narrative'---Vikram Sampath, author, historian and Fellow of Royal Historical Society 'A must-read'---Sandeep Unnithan, managing editor, India Today There are not many Indian heroes whose lives have been as dramatic and adventurous as that of Netaji Subhas Chandra Bose. That, however, is an assessment of his life based on what is widely known about him. These often revolve around his resignation from the Indian Civil Service, joining the freedom movement, to be exiled twice for over seven years, throwing a challenge to the Gandhian leadership in the Congress, taking up an extremist position against the British Raj, evading the famed intelligence network to travel to Europe and then to Southeast Asia, forming two Governments and raising two armies and then disappearing into the unknown. All this in a span of just two decades. Now, new information throws light on Bose's intense political activities surrounding the revolutionary groups in Bengal, Punjab, Maharashtra and United Provinces, his efforts to bridge the increasing communal divide and his influence among the splintered political landscape; his outlook and relations with women; his plunge into the depths of spirituality; his penchant for covert operations and his efforts to engineer a rebellion among the Indian armed forces. With this new information, what appeared to be dramatic now becomes more intense with plots and subplots under one man's single-minded focus on freeing the motherland and envisioning its development in a new era. Furthermore, one of the most sensitive issues that have prevented political parties and successive governments from talking much about Bose is his joining the Axis camp. While Jawaharlal Nehru and other prominent Congress leaders publicly denounced the move, the Communist Party of India went on to a prolonged vilification campaign. Sardar Patel issued instruction to Congress leaders to defend the INA soldiers without eulogizing their leader. Was Bose really a Nazi sympathiser? Knowing very well about the strong public opinion that existed among the political leadership and the intelligentsia in India against Nazi Germany, Fascist Italy, and imperial Japan, why did he risk his own political image by allying with the Axis powers? Pacey, thought-provoking and absolutely unputdownable, Bose: The Untold Story of an Inconvenient Nationalist will open a window to many hitherto untold and unknown stories of Netaji Subhas Chandra Bose. Probably the first critical biography of Netaji Subhas Chandra Bose till date.

Artificial Intelligence for Fashion Industry in the Big Data Era Sébastien Thomassey,Xianyi Zeng,2018-05-16 This book provides an overview of current issues and challenges in the fashion industry and an update on data-driven artificial intelligence (AI) techniques and their potential implementation in response to those challenges. Each chapter starts off with an example of a data-driven AI technique on a particular sector of the fashion industry (design, manufacturing, supply or retailing), before moving on to illustrate its implementation in a real-world application

Amritsar and Our Duty to India Benjamin Guy Horniman,1920

All India Congress Committee Jb Kripalani,2023-07-18 This work provides an historical review of the All India Congress Committee, one of the most important political institutions in modern Indian history. Composed of scholarly analysis combined with lively anecdotes of political drama, Kripalani offers insights into the relationships between India's founding fathers and their political opponents. A must-read for anyone interested in the history of Indian politics. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Salmonella Infections Pietro Mastroeni,Duncan Maskell,2006-02-09 Integrated view of clinical, molecular and immunological aspects of the biology of Salmonella enterica infections.

Gandhi and the Psychology of Nonviolence, Volume 2 V. K. Kool,Rita Agrawal,2020-12-18 In volume 1 of Gandhi and the Psychology of Nonviolence the authors advanced a scientific psychology of nonviolence, derived from principles enunciated by Gandhi and supported by current state-of-the-art research in psychology. In this second volume the authors demonstrate its potential contribution across a wide range of applied psychology fields. As we enter the era of the Anthropocene, they argue, it is imperative to make use of Gandhi's legacy through our evolving noospheric consciousness to address the urgent problems of the 21st century. The authors examine Gandhi's contributions in the context of both established areas such as the psychology of religion, educational, community and organizational psychology and newer fields including environmental psychology and the psychology of technology. They provide a nuanced analysis which engages with both the latest research and the practical implications for initiatives like the Intergovernmental Panel on Climate Change and the UN's Sustainable Development Goals. The book concludes with an overview of Gandhi's contribution to modern psychology, which encompasses the history, development, and current impetus behind emerging work in the field as a whole. It marks an exciting contribution to studies of both Gandhi and psychology that will also provide unique insights for scholars of applied psychology, education, environmental and development studies.

Yogic Management of Common Diseases Swami Karmananda Saraswati,2003 Deals with 36 common as well as serious diseases afflicting the human body. Diseases covered include those affecting the head and neck, the cardiovascular and respiratory systems, the gastrointestinal tract, the joint and musculoskeletal system, and the urogenital system. Basic information is provided about the causes and effects of each condition from both the yogic and medical viewpoints. In depth yogic management of each disease is also presented along with the current medical treatment, dietary recommendations and other advice.

The Gift of Anger Arun Gandhi,2017-04-25 The grandson of Mahatma Gandhi shares ten vital and extraordinary life lessons imparted by the iconic philosopher and peace advocate, sharing Gandhi's particular insights into how emotions like anger can be guiltless motivational tools if properly used for good purposes.

WHO Consolidated Guidelines on Tuberculosis World Health Organization,2022 The WHO Consolidated Guidelines on Tuberculosis, Module 4: Treatment - Tuberculosis Care and Support informs health care professionals in Member States on how to improve treatment and care for patients with TB. These guidelines group all recommendations on TB care and support in one document and are complemented by an operational handbook. The guidelines are to be used primarily by national TB programmes, or their equivalents in Ministries of Health, stakeholders and technical organizations working on TB care in the public and private sectors and in the community.

Welsh History Glyn E. German,2015 This highly informative chronological survey of Welsh history draws together the latest scholarship.

Gandhi's Search for the Perfect Diet Nico Slate,2019-02-28 Mahatma Gandhi redefined nutrition as a holistic approach to building a more just world. What he chose to eat was intimately tied to his beliefs. His key values of nonviolence, religious tolerance, and rural sustainability developed in coordination with his dietary experiments. His repudiation of sugar, chocolate, and salt expressed his opposition to economies based on slavery, indentured labor, and imperialism. Gandhi's Search for the Perfect Diet sheds new light on important periods in Gandhi's life as they relate to his developing food ethic: his student years in London, his politicization as a young lawyer in South Africa, the 1930 Salt March challenging British colonialism, and his fasting as a means of self-purification and social protest during India's struggle for independence. What became the pillars of Gandhi's diet—vegetarianism, limiting salt and sweets, avoiding processed food, and fasting—anticipated many of the debates in twenty-first-century food studies, and presaged the necessity of building healthier and more equitable food systems.

Why I Became a Hindu Parama Karuna Devi,2019-12-26 The movement known as Hindu Resurgence, Hindu Awakening or Hindu Renaissance has become increasingly noticeable, and there is a distinct effort to liberate Hinduism from the definitions and limitations imposed by the domination of hostile outsiders. However, confusion and lack of proper information are still serious obstacles on the path of proper understanding and realisation. India, or as it was called in ancient times, Bharata Varsha, has an immense potential that can be materialised simply by returning to the correct original perspective of the golden Vedic civilisation that is the natural heritage of all Indians and in fact of all human beings. The Rig Veda samhita (9.63.5) points us in the correct direction: Krinvanto visvam aryam, Let everyone become arya

Pelvic Floor Dysfunction Ran Pang,2022
