Say Hello! Rachel Isadora, 2010-04-15 Carmelita loves to greet everyone in her colorful neighborhood. There are people from so many different cultures! They all like to say hello too, so now Carmelita can say hello in Spanish, English, French, Japanese, and many other languages. And her dog, Manny? Well, he seems to understand everyone, and gives a happy Woof! wherever he goes. Caldecott Honor winner Rachel Isadora's eye-catching collages are full of kid-friendly details like colorful storefronts, pigeons and an ice cream truck, making Carmelita's neighborhood fun to explore. Emphasizing the rich diversity of America's neighborhoods, this simple portrait of a child's day provides a great introduction to the joy of language.

Cyberpl@y Brenda Danet, 2020-05-28 The Internet is changing the way we communicate. As a cross between letter-writing and conversation, email has altered traditional letter-writing conventions. Websites and chat rooms have made visual aspects of written communication of greater importance, arguably, than ever before. New communication codes continue to evolve with unprecedented speed. This book explores playfulness and artfulness in digital writing and communication and answers penetrating questions about this new medium. Under what conditions do old letter-writing norms continue to be important, even in email? Digital greetings are changing the way we celebrate special occasions and public holidays, but will they take the place of paper postcards and greeting cards? The author also looks at how new art forms, such as virtual theatre, ASCII art, and digital folk art on IRC, are flourishing, and how many people collect and display digital fonts on handsome Websites, or even design their own. Intended as a time capsule documenting developments online in the mid- to late 1990s, when the Internet became a mass medium, this book treats the computer as an expressive instrument fostering new forms of creativity and popular culture.

Let's Talk David Crystal, 2020-04-23 Banter, chit-chat, gossip, natter, tete-a-tete: these are just a few of the terms for the varied ways in which we interact with one another through conversation. David Crystal explores the factors that motivate so many different kinds of talk and reveals the rules we use unconsciously, even in the most routine exchanges of everyday conversation. We tend to think of conversation as something spontaneous, instinctive, habitual. It has been described as an art, as a game, sometimes even as a battle. Whichever metaphor we use, most people are unaware of what the rules are, how they work, and how we can bend and break them when circumstances warrant it.

Robo Sapiens Japanicus Jennifer Robertson, 2018 Japan is arguably the first postindustrial society to embrace the prospect of human-robot coexistence. Over the past decade, Japanese humanoid robots designed for use in homes, hospitals, offices, and schools have become celebrated in mass and social media throughout the world. In *Robo sapiens japanicus*, Jennifer Robertson casts a critical eye on press releases and public relations videos that misrepresent robots as being as versatile and agile as their science fiction counterparts. An ethnography and sociocultural history of governmental and

academic discourse of human-robot relations in Japan, this book explores how actual robots—humanoids, androids, and animaloids—are “imagineered” in ways that reinforce the conventional sex/gender system and political-economic status quo. In addition, Robertson interrogates the notion of human exceptionalism as she considers whether “civil rights” should be granted to robots. Similarly, she juxtaposes how robots and robotic exoskeletons reinforce a conception of the “normal” body with a deconstruction of the much-invoked Theory of the Uncanny Valley.

America & Islam Lawrence Pintak, 2019-06-27 Donald Trump's first term as the 45th President of the United States of America has shocked the world. His attitudes towards Islam became a key point of contention on the campaign trail, and in power Trump has continued his war of divisive words and deeds. Here, acclaimed journalist Lawrence Pintak scrutinizes America's relationship with Islam since its foundation. Casting Donald Trump as a symptom of decades of misunderstanding and demonization of the Islamic world, as well as a cause of future tensions, Pintak shows how and why America's relationship with the world's largest religion has been so fractious, damaging and self-defeating. Featuring unique interviews with victims and perpetrators of Trump's policies, as well as analysis of the media's role in inflaming debate, *America & Islam* seeks to provide a complete guide to the twin challenges of terrorism and the polarizing rhetoric that fuels it, and sketches out a future based on co-operation and the reassertion of democratic values.

Scattered Like Seeds Shaw J. Dallal,1999-01-01 Thafer Allam is the son of a celebrated Arab resistance fighter against the British occupation of Palestine before World War II. with such strong Arab roots, his exile in the United States means that Thafer belongs to two different worlds, and returning to his homeland is difficult after years emersed in the culture of the West. In Their Time Sam McClanahan,2012-08-29 In Their Time revolves around the life and times of Harriet Arnold, mistress of Daffodil Hill. Tall, attractive, headstrong, auburn haired Harriet finds herself struggling to survive during the Union army's occupation of Murfreesboro, Tennessee. With her husband Edwin, away fighting under the command of Confederate General Nathan Bedford Forrest, Harriet struggles to raise two teenage daughters and to protect her palatial home and property from Yankee soldiers who several time threaten to set her home ablaze. And if dealing with the Union soldiers were not enough, she also is forced to deal with Daffodil Hill's former revengeful overseer and a sex-crazed gambler bent on kidnapping her daughters and beautiful young house guests. Although this carefully researched, historically accurate novel brings a people, a place and a time alive again it goes beyond a portrayal of a particular people in a specific place while exploring the broader war, especially those battles that directly impacted Middle Tennessee. Although sorely tested, Harriet's early frontier training has prepared her well for the challenges she must face during the dark and difficult war years. Faced with events so shocking that she could never have imagined in her wildest dreams, Harriet somehow manages to courageously defend her household with grit and a fierce and indomitable spirit.
