Middle School Makeover Michelle Icard,2016-10-04 Middle School Makeover is a guide for parents and educators to help the tweens in their lives navigate the socially fraught hallways, gyms, and cafeterias of middle school. The book helps parents, teachers, and other adults in middle school settings to understand the social dilemmas and other issues that kids today face. Author Michelle Icard covers a large range of topics, beginning with helping us understand what is happening in the brains of tweens and how these neurological development affects decision-making and questions around identity. She also addresses social media, dating, and peer exclusion. Using both recent research and her personal, extensive experience working with middle-school-aged kids and their parents, Icard offers readers concrete and practical advice for guiding children through this chaotic developmental stage while also building their confidence.

So Not Okay Nancy N. Rue,2014-05-20 There is no such thing as neutral. According to the Ambassadors 4 Kids Club, one out of every four students is bullied—and 85% of these situations never receive intervention. Parents, students, and teachers alike have amped up the discussion of how to solve the bullying problem for a networked generation of kids. Written by bestselling author, Nancy Rue, each book in the Mean Girl Makeover trilogy focuses on a different character's point of view: the bully, the victim, and the bystander. Each girl has a different personality so that every reader can find a character she relates to. The books, based on Scripture, show solid biblical solutions to the bullying problem set in a story for kids. So Not Okay, the first book in the series, tells the story of Tori Taylor, a quiet sixth grader at Gold Country Middle School in Grass Valley, California. Tori knows to stay out of the way of Kylie, the queen bee of GCMS. When an awkward new student named Ginger becomes Kylie's new target, Tori whispers a prayer of thanks that it's not her. But as Kylie's bullying of Ginger continues to build, Tori feels guilty and tries to be kind to Ginger. Pretty soon, the bullying line of fire directed toward Ginger starts deflecting onto Tori, who must decide if she and her friends can befriend Ginger and withstand Kylie's taunts, or do nothing and resume their status quo. Tori's decision dramatically changes her trajectory for the rest of the school year.

Charter Schools and the Corporate Makeover of Public Education Michael Fabricant, Michelle Fine, 2015-04-18 This book will reset the discourse on charter schooling by systematically exploring the gap between the promise and the performance of charter schools. The authors do not defend the public school system, which for decades has failed primarily poor children of color. Instead, they use empirical evidence to determine whether charter schooling offers an authentic alternative for these children. In concise chapters, they address a series of important questions related to the recent ascent of charter schools and the radical restructuring of public education. This essential introduction includes a detailed history of the charter movement, an analysis of the politics and economics driving the movement, documentation of actual student outcomes, and alternative images of transforming public education to serve all children.

Cooldest Girl in School Wendy Wax, Artful Doodlers, 2005 Angelica is determined to be popular this school year, even if it means ditching her old friends. But it's Angelica who's left behind when Kimi's handmade decorated shirts get her in with the popular crowd. Full color.

Girls, Single-Sex Schools, and Postfeminist Fantasies Stephanie D. McCall, 2019-11-28 Bringing together feminist theory, girlhood studies, and curriculum theory, this book contributes an in-depth critical analysis of curriculum in single-gender schooling for girls in postfeminist landscapes of unlimited choices and resurgences of proper girlhood. The arguments challenge the mainstream assumptions and promotions about the guarantees of female success via small school supports, tailored curricula, protection, school choice and class advantage. Single-gender schools are not homogenous; they have different histories, student populations, finances and organization. Recognizing this diversity, *Girls, Single-sex Schools, and Postfeminist Fantasies* draws on rich data collected in two US secondary schools over a two-year period to identify and explore the ambiguities of success in single-sex schools for girls. Rich classroom observations and interviews with teachers and students reveal the resounding message delivered to girls - that they can have it all by going to college. By exploring students' imaginings, hopes, and doubts around college, the text illustrates how this catalyzes girls' critiques of their futures and of the schooled storylines of female success. While teachers might trumpet college, career, and limitless horizons, girls seek to understand their social positions and try to make sense of family, passions, and future happiness. This book will be of great interest to graduate and postgraduate students, academics, researchers, libraries in secondary education, girlhood studies, sociology of education, gender and sexuality in education, single-sex schooling, and feminist theory.

Sherry and her friends are having an awesome time with eye shadow, glitter, and more hair products than a salon. But when the girls wake up the next morning with serious skin issues, Sherry is freaked. Someone tampered with her makeup! It turns out that the mall's cosmetics kiosk—where Junie's cousin Amber works—has had lots of products returned by upset customers. Sherry's determined to get to the bottom of things. After all, she's become a bit of a crime-solving celebrity (well, at least in the spirit world). Ghost academies around the world are impressed by Sherry and her ghost mom's skills. And if anyone can solve a mystery involving mascara, it's Sherry Holmes Baldwin.

The Makeover in Movies Elizabeth A. Ford, Deborah C. Mitchell, 2004-03-31 The plots of many films pivot on the moment when a dowdy girl with bad hair, ill-fitting outdated clothing, and thick glasses is changed into an almost unrecognizable glamour girl. Makeover scenes such as these are examined beginning with 1942's *Now, Voyager*. The study examines whether the film makeover is voluntary or involuntary, whether it is always successful, how much screen time it takes up, where in the narrative structure it falls, and how the scene is actually filmed. Films with a Pygmalion theme, such as *My Fair Lady*, *Vertigo*, and *Shampoo*, are examined in terms of gender relations: whether the man is content with his creation and what sort of woman is the ideal. Some films' publicity capitalizes on a glamorous star's choice to play an unattractive character, as discussed in a chapter examining stars like Bette Davis, Meryl Streep, and Cameron Diaz. Topics also include folk literature's Cinderella tale, men as the inspiration for makeovers in teen flicks films like *Clueless*, *She's All That*, and *Me, Natalie*, and class repositioning in such movies as *Working Girl*, *Pretty Woman*, and *Grease*. Photographs are presented in a before/after format, showing the change in the makeover character.

Maya's Aura - The Refining Skye Smith, 2019-04-15 Cover Flap This is the second book in the Maya's Aura series. It continues with both of the story timelines from the first book: *Maya's Aura - the Awakening*. Young Maya is thoroughly enjoying her extended vacation in Vancouver. She is boarding for free with a gay couple in return for letting them document her aura. She is earning pocket money picking up bit parts from movie casting calls. She is meeting lots of interesting people on Wreck Beach, at U.B.C., in the local acting scene, and in the local gay scene. The bummer is, her aura is starting to seriously scare her, and her new friends. Her aura is completely out of control. Dangerously out of control. She has no choice. She has to find someone to teach her how to control it and refine it. With the help of an aging Tai Chi master, a monk, a psychiatrist, an actress, and a gay makeover wizard she learns a lot. Not only how to refine her aura, but also how to refine herself. From the country girl who worked in a coffee shop, emerges a sophisticated young woman. And then her adventures really begin.... About the Author Skye Smith is my pen name. My family convinced me not to use my real name because they feared that predators would use the internet to find me. You'll understand why as you fall in love with sweet Maya, my main character. I wish I could use my own name, but I can't. Sorry. Originally I set out to

write a story about vampires and witches, but those have been done to death in eBooks, so instead I gave Maya a strong aura, which allowed her to sense the presence of psychopaths. As I wrote the novel I came to realize that vampires are just psychopaths that stay up late and drink blood. Or maybe psychopaths are just vampires that have swapped their blood habit for good old fashioned greed, power, and lust. Other Novels By The Same Author: The Hoodsmen – 12 historical adventures set in the Norman conquest. Knut – many historical adventures set in the Viking Era. The Pistoleer – 9 historical adventures set in the English Civil War. Maya's Aura – 8 new age adventures while tripping around the world. 1. "The Awakening" - She discovers her strange aura. 2. "The Refining" - She learns how to use her aura. 3. "The Ashram" - She searches for answers in India 4. "Goa to Nepal" - She follows a quest into the Himalayas 5. "The Charred Coven" - She fights black craft in England. 6. "The Crystal Witch" - She learns psychic craft in England 7. "The Redemptioner" - Psychic dreams of her ancestor Britta. 8. "Destroy the Tea Party" - Britta's adventures in Boston in 1773.
