*Zur Etymologie Lexikalisierte Farbwortverbindungen* Christiane Wanzeck, 2003 This book offers a coherent representation of the etymology of historical and contemporary lexicalised idioms involving colour. The investigation covers idioms such as Grundonnerstag, 'Thursday of Holy Week', blau sein, 'to be drunk', rot sehen, 'to get angry', idioms from other languages, such as the Dutch Blauwboekjes, 'defamatory writings', the French conte bleu, 'lie', loan translations such as blaues Blut from the Spanish sangre azul.

Visualizing Digital Discourse Crispin Thurlow, Christa Dürscheid, Federica Diémoz, 2020-02-10 The first dedicated volume of its kind, Visualizing Digital Discourse brings together sociolinguists and discourse analysts examining the role of visual communication in digital media. The volume showcases work from leading, established and emerging scholars from across Europe, covering a diverse range of digital media platforms such as messaging, video-chat, gaming and wikis; visual modalities such as emojis, video and layout; methodologies like discourse analysis, ethnography and conversation analysis; as well as data from different languages. With an opening chapter by Rodney Jones, the volume is organized into three parts: Besides Words and Writing, The Social Life of Images, and Designing Multimodal Texts. From the perspective of these broad domains, chapters tackle some of the major ideological, interactional and institutional implications of visuality for digital discourse studies. The first part, beginning with a co-authored chapter by Crispin Thurlow, focuses on micro-level visual practices and their macro-

level framing – all with particular regard for emojis. The second part, beginning with a chapter from Sirpa Leppänen, examines the ways visual resources are used for managing personal relations, and the wider cultural politics of visual representation in these practices. The third part, beginning with a chapter by Hartmut Stöckl, considers organizational contexts where users deploy visual resources for more transactional, often commercial ends.

### **Political Activism and Basic Income Guarantee**

Richard K. Caputo, Larry Liu, 2020-05-26 This edited volume brings together international and national scholars and major activists leading or spearheading basic income guarantee political initiatives in their respective countries. Contributing authors address specific issues about major efforts to influence public policy regarding basic income guarantee, such as: who were the main advocates and thought leaders involved in support of such legislative initiatives; what were the main organizational and framing strategies and tactics used to influence public opinion and elected officials to support the idea of and policies related to basic income guarantee; what were the major obstacles they faced; and what practical and theoretical lessons might be learned from past and contemporary actions to affect social policy change regarding basic income guarantee and related measures to guide the efforts of activists and public intellectuals in the 2020 and 2024 election cycles.

### **The Laboratory of Progress** Joseph Jung, 2022-07-29

The Laboratory of Progress: Switzerland in the 19th Century tells the improbable story of how a small, backward,

mountainous agricultural country with almost no raw materials became an industrial powerhouse, a hub of innovation, a touristic mecca and a pioneer in transportation – all in the course of a single century. That a tiny landlocked country should become a dominant steamship builder for the rest of the world; that a country that had never seen a cotton plant should become the world's second-largest textile producer; that a country with hardly any level terrain should come to boast the world's most highly developed railway network; and that a country whose main export was impoverished emigrants should be transformed into one of the world's major financial centres – these astonishing developments, among many others, are explored and explained, both through the specific stories of individual innovators and through a prescient analysis of the political, economic, societal and cultural structures that formed the context in which Switzerland's astonishing transformation took place. The book is a compelling read both for professional historians and for general readers with an interest in Switzerland; it highlights the roles of transport networks and individual pioneers in industrial and political development.

Der Blinde und der Elephant Angelika

Overath,2017-10-16 Für den persischen Dichter Mevlana gleicht der Fromme, der Gott erkennen möchte, einem Blinden, der einen Elefanten abtastet – je nachdem, wohin er greift, spürt er etwas anderes. Auch die Reportagen, Portraits und Prosastücke von Angelika Overath wagen die Bewegung ins Ungewisse, erkunden das exotische Terrain unserer Wirklichkeit: Sie erzählen von fremden Heimaten, nomadischen Existenzen und flüchtigen Gemeinschaften, entdecken den geheimen Alltag der Derwische, ein Orchester in den vom Terror aufgewühlten Gassen Istanbuls

oder einen winzigen verräterischen Farbtupfer in einem Gemälde von Rubens. Sie sind eine Schule des Wahrnehmens und Begreifens mit den Mitteln der Sprache, der Imagination und der Empathie.

**Gilles Rotzetter** Fanni Fetzer,Eveline

Suter,Christopher Howard,2017 The paintings by Gilles Rotzetter are figurative, direct, raw, fierce in the tradition of Bad Painting. The book focuses on his current complex of works on the Swiss atom bomb. The artist weaves together paintings, drawings and installations about this little known piece of Swiss history to form a complex image cosmos, and raises the question of how history is constructed. Exhibition: Kunstmuseum Luzern, Switzerland (10.06.-20.08.2017).

*Socialists and International Actions for Peace*

*1914-1923* Masao Nishikawa,2010-10-21 The analyses and accounts of the history of the Second International often go up to 1914, the year its anti-war efforts were to prove futile. All actions of the socialists during World War I were discussed in the context of the pathway to the Third International. The author aims to present a somewhat different picture from existing views by examining the thoughts and actions of socialists in the years 1914-1923 beyond the framework of whether they supported or opposed the Third International. He describes what

circumstances led to the formation of communism and social democracy, which divided in two the international socialist movement for almost 70 years, paying attention to various issues deeply involved in international and domestic politics as well as in the socialist movement. Masao Nishikawa taught western history at the Tokyo Women's Christian College (1966-1968), the University of Tokyo (1968-1994) and Senshū University (1994-2004). He was visiting professor at Ruhr University Bochum (1976-1977) and Bremen University (1988-1989). Upon retirement he was made professor emeritus at the University of Tokyo. He had a worldwide fame as a specialist of international socialist movements.

Women and Shari'a Law Elham Manea, 2016-05-27 In response to recent media controversy and public debate about legal pluralism and multiculturalism, Manea argues against what she identifies as the growing tendency for people to be treated as 'homogenous groups' in Western academic discourse, rather than as individuals with authentic voices. Building on her knowledge of the situation for women in Middle Eastern and Islamic countries, she undertakes first-hand analysis of the Islamic shari'a councils and Muslim arbitration tribunals in various British cities. Based on meetings with the leading sheikhs - including the only woman on their panels - as well as interviews with experts on extremism, lawyers and activists in civil society and women's rights groups, Manea offers an impassioned critique of legal pluralism, connecting it with political Islam and detailing the lived experiences of women in Muslim communities.

*Der christliche Sonntag* Annika Bender, 2018-07-09 Der Sonntag ist für die christliche Kirche der zentrale

Versammlungstag, an dem die Gemeinde zusammenkommt und Gottesdienst feiert. Es wird davon ausgegangen, dass dieser darüber hinaus auch für das Zusammenleben in Gesellschaft Bedeutung hat. Gleichzeitig wirken sich Entwicklungen in der Gesellschaft auf den Sonntagsgottesdienst aus. Es stellt sich die Frage, welche Gestalt sonntägliche Liturgie unter diesen Voraussetzungen annehmen und wie sie neu Bedeutung für die Kirche und den Einzelnen gewinnen kann. Die Arbeit setzt sich aus liturgiewissenschaftlicher Perspektive mit ausgewählten soziologischen und zeittheoretischen Ansätzen auseinander. Das fordert dazu heraus, traditionelle Vorstellungen und theologische Konzepte zu überdenken, um die Relevanz der Sonntagsliturgie für Kirche und Gesellschaft vermitteln zu können.
