**Shards of Space** Robert Sheckley,2014-05-13 The classic sci-fi story collection features eleven tales of outer space adventure from one of the genre’s greatest talents—“a precursor to Douglas Adams” (The New York Times). In “Fool’s Mate,” a stalemate in deep space is broken by a crazy man and a set of fake orders. A new longevity drug may lead to an untimely end for its inventor in “Forever.” And in “Prospector’s Special,” a lone explorer searches the deserts of Venus in search of unfathomable treasure. In these and eight other stories, Robert Sheckley reaffirms his reputation as a master storyteller and the wittiest satirist working in science fiction. Shards of Space also includes “The Girls and Nugent Miller,” “Meeting of the Minds,” “Potential,” “Subsistence Level,” “The Slow Season,” “Alone at Last,” “The Sweeper of Loray,” and “The Special Exhibit.”

**Night of the Living Trekkies** Kevin David Anderson,Sam Stall,2010-09-15 Journey to the final frontier of sci-fi zombie horror! Jim Pike was the world’s biggest Star Trek fan—until two tours of duty in Afghanistan destroyed his faith in the human race. Now he sleepwalks through life as the assistant manager of a small hotel in downtown Houston. But when hundreds of Trekkies arrive in his lobby for a science-fiction convention, Jim finds himself surrounded by costumed Klingons, Vulcans, and Ferengi—plus a strange virus that transforms its carriers into savage, flesh-eating zombies! As bloody corpses stumble to life and the planet teeters on the brink of total apocalypse, Jim must deliver a ragtag crew of fanboys and fangirls to safety. Dressed in homemade uniforms and armed with prop phasers, their prime directive is to survive. But how long can they last in the ultimate no-win scenario?

Bailey's Road B. G. Simpson,2014-05 A hidden bunker in the hilly community of Colorado Springs, Colorado, becomes a focal point of survival. It is buried in the ground, hidden from view of any watchful eyes. Bailey Simms feels right at home along the rough and undulating roads of the countryside of Colorado Springs. A seasoned distance runner ready to make a name for himself, the nineteen-year-old is stopped short when a summer storm hits the area, changing the surface of the earth. This sci-fi adventure is off and running, populated by a young woman named Betty and her new heart-throb Bailey, who find secrets hidden by an all-consuming government ready to change the face of the world. An unhinged scientist, a zookeeper, and a strangely formed group of misfits come in contact with a beast that gives new meaning to the word terror. Fighting for survival, this odd group finds a hiding place, the bunker buried deep inside the Rocky Mountains. Yet something has been left behind in cold storage for the past three years. Follow Bailey and his new friends and family as they quickly unravel a future that may not see a tomorrow. Do you know the way to Bailey's Road? B. G. Simpson grew up in San Diego. As a young boy I'd learned a lot about life and a young boy's dreams by becoming a seasoned distance runner. Through those experiences of my youth, and traveling, I've learned that each of us have to travel a road not always smooth or easy going. There are bumps along the way that teach us to bend and flex, with the occasions of stress and change that tend to mold us into the people we become. **The 22nd Golden Age of Science Fiction MEGAPACK ®: Robert Moore Williams** Robert Moore Williams,2015-08-26 Robert Moore Williams (1907-1977) was an American writer, primarily of science fiction. He wrote not only under his own name, but as John S. Browning, H. H. Hermon, Russell Storm and E. K. Jarvis (a house name shared with other writers). Rereading his work in preparation for assembling this volume, we were impressed by how well much of his fiction holds up today. His writing style is smooth and crisp, and he avoids scientific lectures, preferring to let the plots speak for himself. Included in this volume are: PLANET OF THE GODS THE NEXT TIME WE DIE SINISTER PARADISE THOMPSON'S CAT PUBLICITY STUNT MARTIAN ADVENTURE BRIDGE OF LIFE BE IT EVER THUS THE LOST WARSHIP THE ACCIDENTAL MURDERS If you enjoy this ebook, don't forget to search your favorite ebook store for Wildside Press Megapack to see more of the 250+ volumes in this series, covering adventure, historical fiction, mysteries, westerns, ghost stories, science fiction -- and much, much more!

**Game World** C.J. Farley,2014-01-13 The Narnia for the Social Media Generation. --The Wall Street Journal By the time of Farley's Game World, gaming had gone digital, and while his book is more fantasy-adventure than puzzle-mystery, there are parallels worthy of discussion, from the nature of the games to the depictions of disabled. --Booklist, included in Conversation Starters: Recontextualizing the Classics Drawn from both video gaming culture and the rich tapestry of Jamaican myth and folklore, blending pointed social satire and mystical philosophy, this exuberant,

original hero's journey is a real trip...Exhilarating, thought-provoking and one of a kind. --Kirkus Reviews Adult author/Wall Street Journal editor Farley's middle-grade debut draws from Jamaican mythology and beliefs, as well as from other cultures, to weave a fast-paced, whimsical mixture of magic and action...the setting lends itself well to memorable imagery and a fun experience. -- Publishers Weekly Farley blends video gaming and Jamaican folklore in this intense, fast-paced middle-grade fantasy that is sure to quickly grab readers. --Booklist Here (finally!) is a middle-grade action novel that showcases West Indian mythology and features protagonists of color. --School Library Journal Game World is unique in that its fantasy world, as its name suggests, is built upon characters and stories from actual Jamaican folklore. --Philadelphia Review of Books One of This Spring's Hottest Teen Books, Huffington Post I found it very hard to set down this excellent novel and do something else without thinking about it....I highly recommend his book to fans of fantasy. Because you will love it!! --Middle Shelf (reviewed by Teak, age 13) Farley writes in a straightforward way that is both accessible to younger readers but still interesting to adults. --Persephone Magazine In his metaphorical world, Farley spares neither the dubious machinations of high finance nor the heartbreak of an orphan. --Center for Fiction I highly recommend Game World for kids in 4th-12th grade. Parents can read it too and love the characters and story just as much as the kids. --The Family Coach Dylan Rudee's life is an epic fail. He's bullied at school and the aunt who has raised him since he was orphaned as a child just lost her job and their apartment. Dylan's one chance to help his family is the only thing he's good at: video games. The multibillion-dollar company Mee Corp. has announced a televised tournament to find the Game-Changers: the forty-four kids who are the best in the world at playing Xamaica, a role-playing fantasy game that's sweeping the planet. If Dylan can win the top prize, he just might be able to change his life. It turns out that Dylan is the greatest gamer anyone has ever seen, and his skills unlock a real-life fantasy world inside the game. Now actual monsters are trying to kill him, and he is swept up into an adventure along with his too-tall genius sister Emma, his hacker best friend Eli, and Ines Mee, the privileged daughter of Mee Corp.'s mysterious CEO and chief inventor. Along the way they encounter Nestuh, a giant spider who can spin a story but not a web; Baron Zonip, a hummingbird king who rules a wildly wealthy treetop kingdom; and an enchantress named Nanni who, with her shadow army, may be bent on conquering Xamaica and stealing its magic. In order to save his sister and his friends, Dylan must solve a dangerous mystery in three days and uncover secrets about Xamaica, his family, and himself. But will he discover his hidden powers before two worlds--Xamaica and Earth--are completely destroyed?

*Steel Defender* Cameron Coral,2023-08-25 Can a timid robot keep his favorite human alive? Block has finally found a safe place for Wally—the baby girl he safeguarded across the war-torn wastelands—or so he thinks. But the humans he’s entrusted with her care won’t let him visit her, so he follows his cleaning routines and misses her more every day. When the humans are forced to surrender Wally to SoldierBots or face extermination, Block will do anything to keep her safe... even if that means aligning with a former enemy, a colossal Mech, and their motley army of renegade robots. Together, they must face down militaristic SoldierBots, fleets of attack drones, and WarBots that will stop at nothing to claim the child. She holds the key to humanity’s survival—or their doom. If you enjoy characters with heart and page-turning adventures, then you’ll love the second book of this post-apocalyptic sci-fi series and its robot main character.

**Make It So** Nathan Shedroff,Christopher Noessel,2012-09-17 Many designers enjoy the interfaces seen in science fiction films and television shows. Freed from the rigorous constraints of designing for real users, sci-fi production designers develop blue-sky interfaces that are inspiring, humorous, and even instructive. By carefully studying these “outsider” user interfaces, designers can derive lessons that make their real-world designs more cutting edge and successful.
