Scrabble is a word game in which two to four players score points by placing tiles, each bearing a single letter, onto a game board divided into a 15×15 grid of squares. The tiles must form words that, in crossword fashion, read left to right in rows or downward in columns, and be included in a standard dictionary or lexicon. Scrabble is a word game for ages eight and up. This is a game for 2-4 players. It requires a specialized game board, 100 letter tiles, and tile racks. Play Scrabble According to Scrabble rules, all tiles should be placed in a letter pouch or placed face down on the table beside the board. Ensure that letters are well mixed and that players do not know which letter is in what spot. To determine who goes first, each player draws a letter - the player closest to A goes first. The 'blank' tile automatically goes first. Ensure you thoroughly remix the tiles before drawing letters. Each player draws seven letters and places them on his or her letter rack. According to scrabble rules, there are three main steps to a turn: 1) Play a Word 2) Total the score for that Word 3) Draw Tiles to Replace the Tiles Played The first player must play his or her first word on the center square of the board, the spot that has a 'star' on it. All words must be two or more letters long. Words are played either vertically or horizontally. Diagonal wordplay is not permitted. Play always moves clockwise (to the left). Each player must play off of words already present on the board. This may involve changing existing words (for example, making the word 'play' into 'player') or incorporating a letter into the word you are playing. Score Keeping One player should be elected as the scorekeeper. The scorekeeper should double-check the tally for each word. Each letter tile has the value of that letter. Unless the tile is on a Premium Letter Square, these should be counted at face value and totaled for the word. Winning the Game When one player plays his or her last tile, and no more tiles are available to draw, the game is over per scrabble rules. Any remaining tiles should be subtracted from that player's score. The player with the highest score wins the game. You may opt to allow each player one turn to attempt to play as many of his or her remaining tiles as possible. Grab this book for yourself or a friend today and record all Scrabble Games Scores!
