Outlander Diana Gabaldon,2010-12-22 Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an outlander—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.

Fishing for Heritage Jane Nadel-Klein,2020-05-26 Castles, lochs, seascapes. Coastal Scotland is one of the world's most romanticized tourist destinations, yet it is in the midst of severe economic decline. The North Atlantic fisheries crisis has hit Scottish communities hard and local fisherfolk are faced with chronic insecurity, anxiety over the decline of fishing and doubts about their cultural survival. The decline of this traditional industry has been accompanied by growing tourism along Scottish shores. Fishing villages are marketed for tourist consumption and culture has become a commodity. Drawing upon fieldwork, novels, folk music and travel literature, Nadel-Klein explores how these influences have affected locals' sense of identity and presence within a modern European nation. How is identity linked to power? What role do memory and authenticity play in the creation of Scottish heritage? How do locals feel about the onslaught of tourists? The topical nature of these issues and their relevance to other regions facing similar tensions make this book an important contribution to contemporary anthropology.

The Great Sea Cliffs of Scotland Guy Robertson,2020 The Great Sea Cliffs of Scotland is an anthology of outrageous climbing adventures from twenty-six of the most extraordinary sea cliffs across Scotland. From the farthest flung sandstone sea stacks of the northern isles, to the granite playground of the Aberdeenshire coast, via the intricate archipelago of the Hebrides, all the major sea cliffs on the Scottish mainland and surrounding islands are covered in five distinct sections. Each area is described in rich detail and accompanied by personal accounts that offer an intimate perspective of the distinctive nature of this unique environment, and the generous rewards for those willing to accept the challenge of these seemingly improbable lines. With contributions from some of the most renowned pioneers and activists in the field of climbing, this compilation traces the remarkable history of Scottish sea cliff climbing and offers a glimpse of its future. Original poetry by Stuart Campbell complements each introductory section, and exclusive images from some of the UK's most distinguished photographers reveal the cliffs in high resolution with unique clarity and vibrance, capturing the drama and scale of these magnificent seascapes. Full list of contributors: Ross Jones, Tim Rankin, Guy Robertson, Andy Inglis, Lou Reynolds, Dave MacLeod, Wilson Moir, Grant Farquhar, Simon Nadin, Murdoch Jamieson, Rob Christie, Blair Fyffe, Steve McClure, Rick Campbell, Kevin Howett, Karin Magog, Alice Irmak Thompson, Pete Herd, Ian Taylor, Tess Fryer, Mick Fowler, Simon Richardson and Jason Currie. Original poetry by Stuart Campbell. Foreword by Julian Lines, author of Boardman-Tasker winning Tears of the Dawn, and the UK's most prolific deep-water solo climber.

The View From Castle Rock Alice Munro,2008-11-19 A new collection of stories by Alice Munro is always a major event. This new collection — her most personal to date — is no exception. Alice Munro's stories are always wonderful and so ingrained with truths about life that readers always want to know where they came from. In this book, Alice Munro tells us. In her Foreword (an unusual feature in itself), she explains how she, born Alice Laidlaw in Ontario, in recent years became interested in the history of her Laidlaw ancestors. Starting in the wilds of the Scottish Borders, she learned a great deal about a famous ancestor, born around 1700, who, as his tombstone records, "for feats of frolic, agility and strength, had no equal in his day." She traced the family's history with the help of that man's nephew, the famous writer James Hogg, finding to her delight that each generation of the family had produced a writer who wanted to record what had befallen them. In this way, she was able to follow the family's voyage to Canada in 1818, and their hard times as pioneers — once a father dies on the same day that a daughter is born in the same frontier cabin. "I put all this material together over the years," Alice tells us, "and almost without my noticing what was happening, it began to shape itself, here and there, into something almost like stories. Some of the characters gave themselves to me in their own words, others rose out of their situations." As the book goes down through the generations, we come to Robert Laidlaw, Alice's father, and then, at the book's heart, the stories become first-person stories, set during her lifetime. So is this a memoir? No. She drew on personal experiences, "but then I did anything I wanted to with this material, because the chief thing I was doing was making a story." The resulting collection of stories range from the title story — where through a haze of whiskey Alice's ancestors gaze north from Edinburgh Castle at the Fife coast, believing that it is North America — all the way to the final story, where we travel with "Alice Munro" today. In the author's words, these stories "pay more attention to the truth of a life than fiction usually does. But not enough to swear on." All of them are Alice Munro stories. There could be no higher praise.

Child of St Kilda Beth Waters,2019-02-05 Norman John Gillies was one of the last children ever born on St Kilda, five years before the whole population was evacuated forever. People had lived on these islands for over 4000 years, developing a thriving, tightly-knit society. Why and how did this ancient way of life suddenly cease in 1930?

Television's Outlander Mary Ellen Snodgrass,2021-05-11 Over its five seasons on the air, the televised series Outlander has combined romance, adventure, history, and time travel into a classic saga of love, war, and the ties that bind family together. After surviving the 1746 uprising of the Scottish Highlanders, the intrigue-ridden Paris of Charles Stuart, and a sea voyage across the Caribbean, Claire and Jamie Fraser finally settle in the mountains of North Carolina. There, they build a community of immigrant farmers who continue to struggle for justice, democracy, and independence from British colonialism. This companion volume offers detailed information on more than 125 topics including characters, themes, places, events, actors, herbalism, and historical chronology. For fans and scholars alike, it separates fact from fiction and aids in understanding the effects of the 1746 Jacobite uprising on the formation of the United States.

Transient Light Ian Cameron,2014-03-17 Although aimed at keen amateur photographers who wish to break into the professional market, the superb images and technical expertise offer something for all levels of skill and will also inspire those just becoming interested in photography and more established photographers who need to re-focus their photographic motivation. The book's primary goal is to draw the attention of readers to the absolute importance of light and how to make the best use of it, with an emphasis on being in the right place at the right time, anticipating fine light and ensuring that for the short duration that those qualities are present, they are successfully recorded to film or pixel. However, composition and technical expertise are also vitally important and Ian outlines the best field techniques for choosing the correct exposure, discusses depth of field, hyper-focal focusing, exposure bracketing and the use of appropriate filters.

National Identity, Popular Culture and Everyday Life Tim Edensor, 2020-06-15 The Millennium Dome, Braveheart and Rolls Royce cars. How do cultural icons reproduce and transform a sense of national identity? How does national identity vary across time and space, how is it contested, and what has been the impact of globalization upon national identity and culture? This book examines how national identity is represented, performed, spatialized and materialized through popular culture and in everyday life. National identity is revealed to be inherent in the things we often take for granted - from landscapes and eating habits, to tourism, cinema and music. Our specific experience of car ownership and motoring can enhance a sense of belonging, whilst Hollywood blockbusters and national exhibitions provide contexts for the ongoing, and often contested, process of national identity formation. These and a wealth of other cultural forms and practices are explored, with examples drawn from Scotland, the UK as a whole, India and Mauritius. This book addresses the considerable neglect of popular cultures in recent studies of nationalism and contributes to debates on the relationship between 'high' and 'low' culture.

Melbourne Circle Nick Gadd, 2021-07-23 Over two years, writer Nick Gadd and his wife Lynne circled the city of Melbourne on foot, starting at Williamstown and ending in Port Melbourne. Along the way they uncovered lost buildings, secret places and mysterious signs that told of forgotten stories and curious characters from the past. Soon after they completed the circle, Lynne passed away from cancer. Melbourne Circle is the story of their journey, a memoir, and a stunning meditation on personal loss. 'What a gem this book is! Oddity, wonderment, weirdness: these splendid essays reveal a marvellous Melbourne most of us have never encountered before. This is a psychogeography dense with vernacular history, humane detail, and from beneath the shadow of grief, love.' - Gail Jones, author of Five Bells and The Death of Noah Glass "'Psychojogging'" and the pleasures of walking.' - interview with Hilary Harper on Radio National, Life Matters 'Marvellous Melbourne: the books that capture our city and its life.' - The Age/Sydney Morning Herald 'Melbourne Circle: Walking, Memory and Loss is a very special book. Just read it, and then take to the streets and walk with the same spirit of enquiry.' - Sophie Cunningham, The Age 'A beautiful meditation on the streets in which we live, ghosts, love and loss ... While there is sadness in this book, Gadd writes with warmth, humour and a generosity of spirit.' - Stephen Romei, The Weekend Australian 'An endearing book about enduring love and serendipitous discoveries; of remnants of the past pasted onto old buildings, and the way these ghost signs are portals into another time.' - The Saturday Paper
