The Encyclopedia of Film Composers Thomas S. Hischak, 2015-04-16 For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy Newman, and John Williams—have become household names. *The Encyclopedia of Film Composers* features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, *The Encyclopedia of Film Composers* will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

The Last Reveal Lee A Matthias,2019-07-31 Perspectives on writing, screenwriting, stories, and films. For the unfamiliar, a reveal in screenwriting parlance is the placement of key, revelatory information in a story. Most times, the last reveal is the most important revelation of all. Since its heyday in the 1960s and 1970s, popular film criticism and analysis has declined almost to the point of extinction. With...-The arrival of special effects-laden blockbusters like JAWS & STAR WARS, and the resulting decline of the meaning-laden cinema which had predominated before them -The evolving availability of home-accessed films, the rise of video-streaming technology, and long-form meta-story television series like BREAKING BAD and GAME OF THRONES -The emergence of the Internet's vast data resources and egalitarian spectrum of opinion in the blog-o-sphere, and its media-focused websites, which, then, resulted in the decimation of the traditional print media and its film-centered journalism ...serious film and media discussion (outside of academia) has withered on the vine. THE LAST REVEAL may, therefore, be one of the last books of popular film criticism as it has been known.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even

today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Style and Form in the Hollywood Slasher Film Wickham Clayton, 2015-10-12 Style and Form in the Hollywood Slasher Film fills a broad scholastic gap by analysing the elements of narrative and stylistic construction of films in the slasher subgenre of horror that have been produced and/or distributed in the Hollywood studio system from its initial boom in the late 1970s to the present.

History of Rock 'n' Roll in Ten Songs Greil Marcus, 2014-09-02 The legendary critic and author of *Mystery Train* “ingeniously retells the tale of rock and roll” (Publishers Weekly, starred review). Unlike previous versions of rock ‘n’ roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock ‘n’ roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. “Transmission” by Joy Division. “All I Could Do Was Cry” by Etta James and then Beyoncé. “To Know Him Is to Love Him,” first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus’s hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. “One of the epic figures in rock writing.”—The New York Times Book Review “Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it.”—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers
