Sonatas, Screams, and Silence Alexis Luko, 2015-08-11 Sonatas, Screams, and Silence: Music and Sound in the Films

of Ingmar Bergman is the first musical examination of Bergman's style as an auteur filmmaker. It provides a comprehensive examination of all three aspects (music, sound effects, and voice) of Bergman's signature soundtrack-style. Through examinations of Bergman's biographical links to music, the role of music, sound effects, silence, and voice, and Bergman's working methods with sound technicians, mixers, and editors, this book argues that Bergman's soundtracks are as superbly developed as his psychological narratives and breathtaking cinematography. Interdisciplinary in nature, this book bridges the fields of music, sound, and film.

Dark Screams: Volume Ten Brian James Freeman, Richard Chizmar, 2018-03-13 Simon Clark, Clive Barker, Heather Herrman, Wrath James White, Marc Rains, Lisa Tuttle, and Kristine Kathryn Rusch unleash the terrifying truths behind love, loyalty, and obsession in a sextet of twisted tales presented by preeminent horror editors Brian James Freeman and Richard Chizmar. **BASTION** by Simon Clark The Bastion boys were the perfect soldiers: courageous in the face of a fearsome enemy, unwaveringly devoted to each other—and young enough not to ask any questions. **ON AMEN'S SHORE** by Clive Barker Beisho Fie and Rotaluka make their living off of legends and poems, fantasies and rumors. But on the shores of Joom's harbor, they come face-to-face with the horrifying reality behind the myth. **THE WOMAN IN THE BLUE DRESS** by Heather Herrman Natalie moved to a small Minnesota lake town to relax, heal, and start a family. A chance encounter with a strange old woman shouldn't change that—even if the woman has something Natalie would do anything to get. **SEVEN YEARS** by Wrath James White Every seven years, all the cells in our bodies regenerate, so we're barely even the same person anymore. And yet we can't change our past—or escape repercussions for the things we've done. **DARK WATER** by Marc Rains and Lisa Tuttle A chance meeting in a coffee shop. A smile shared over a book. They say the soul of a poet holds unseen depths . . . but certain truths are hidden for a reason. **THE TRENDY BAR SIDE OF LIFE** by Kristine Kathryn Rusch In a back-alley saloon, D tends bar for others like her. She's been there since the night she stumbled in, broken and alone—just like the man who stumbles in tonight. Praise for the Dark Screams series “A wicked treat [featuring] . . . some of the genre's best.”—Hellnotes, on Volume One “Five fun-to-read stories by top-notch horror scribes. How can you lose? The answer: you can't.”—Atomic Fangirl, on Volume Two “If you have not tried the series yet, do yourself a favor and grab a copy of any (or all) of the books for yourself.”—Examiner.com, on Volume Three “Fans of horror of every variety will find something to love in these pages.”—LitReactor, on Volume Four “[Volume Five] runs the gamut from throwback horror to lyrical and heartbreaking tales.”—Publishers Weekly

Sabbath in the City Bryan P. Stone, Claire E. Wolfteich, 2008-01-01 Drawing on their research involving urban pastors from across the United States, Bryan Stone and Claire Wolfteich identify and examine spiritual practices that foster excellence in urban ministry. After discussing the specific challenges facing urban pastors and presenting the kinds of excellence required of them, Stone and Wolfteich explore several practices that help sustain ministers working in urban contexts, such as cultivating holy friendships, practicing Sabbath, maintaining lives of prayer and study, and setting appropriate boundaries. Throughout, the authors weave together stories from urban pastors from a variety of denominations with insights from the history of Christian spirituality and

theology to chart a theological course for the formation and renewal of pastors in diverse contemporary contexts.

Primate Behavior Leonard A. Rosenblum,2013-09-24 Primate Behavior: Developments in Field and Laboratory Research, Volume 4 examines developments in field and laboratory research on primate behavior. Topics range from facial expressions in nonhuman primates to the behavior and malnutrition in the rhesus monkey. The population structure and dynamics of the Borneo orang-utan in relation to its ecology and reproductive strategy are also discussed, along with the social organization of *Macaca fascicularis*. Comprised of six chapters, this volume begins by discussing a field study that uses sound analysis to investigate the link between vocal pattern and social situation in the Japanese monkey (*Macaca fuscata*). The next chapter focuses on one particular and very important means of visual communication in nonhuman primates: facial expressions. The behavior of marmoset monkeys (*Callithricidae*) is then considered, with emphasis on their social structure and social organization as well as patterns of social and sexual communication. The remaining chapters explore feeding behavior and malnutrition in the rhesus monkey; the population structure and dynamics of the Borneo orang-utan in relation to its ecology and reproductive strategy; and the social organization and intergroup behavior of *Macaca fascicularis*. This book should be of interest to biologists and primatologists.

Primal Screams Mary Eberstadt,2019-08-05 Who am I? The question today haunts every society in the Western world. Legions of people—especially the young—have become unmoored from a firm sense of self. To compensate, they join the ranks of ideological tribes spawned by identity politics and react with frenzy against any perceived threat to their group. As identitarians track and expose the ideologically impure, other citizens face the consequences of their rancor: a litany of “isms” run amok across all levels of cultural life, the free marketplace of ideas muted by agendas shouted through megaphones, and a spirit of general goodwill warped into a state of perpetual outrage. How did we get here? Why have we divided against one another so bitterly? In *Primal Screams*, acclaimed cultural critic Mary Eberstadt presents the most provocative and original theory to come along in recent years. The rise of identity politics, she argues, is a direct result of the fallout of the sexual revolution, especially the collapse and shrinkage of the family. As Eberstadt illustrates, humans have forged their identities within the kinship structure from time immemorial. The extended family, in a real sense, is the first tribe and teacher. But with its unprecedented decline across various measures, generations of people have been set adrift and can no longer answer the question Who am I? concerning primordial ties. Desperate for solidarity and connection, they claim membership in politicized groups whose displays of frantic irrationalism amount to primal screams for familial and communal loss. Written in her impeccable style and with empathy rarely encountered in today’s divisive discourse, Eberstadt’s theory holds immense explanatory power that no serious citizen can afford to ignore. The book concludes with three incisive essays by Rod Dreher, Mark Lilla, and Peter Thiel, each sharing their perspective on the author’s formidable argument.

Queer Screams Abigail Waldron,2022-08-17 The horror genre mirrors the American queer experience, both positively and negatively, overtly and subtextually, from the lumbering, flower-picking monster of *Frankenstein* (1931) to the fearless intersectional protagonist of the *Fear Street Trilogy* (2021). This is a historical look at the queer experiences of the horror genre's characters, performers, authors and filmmakers. Offering a fresh look at the horror genre's queer roots, this book documents how diverse stories have provided an outlet for queer people--including transgender and non-binary people--to find catharsis and reclamation. Freaks, dolls, serial killers, telekinetic teenagers and *Final Girls* all have something to contribute to the historical examination of the American LGBTQ+ experience. Ranging from psychiatry to homophobic fear of HIV/AIDS spread and, most recently, the alienation and self-determination of queer America in the Trump era, this is a look into how terror may repair a shattered queer heart.

Screams & Nightmares Brian J. Robb,2022-04-07 Writer, producer, and director Wes Craven has successfully tapped into the horror vein for over forty years, serving up scary, funny, cutting-edge thrillers that have become classics in the genre. His films have been both critical and commercial successes, most notably *Nightmare on Elm Street*, which spawned a series of sequels and made Craven (and his creation, Freddy Kruger) an international sensation. He then created a second indelible series in the horror movie trope with *Scream*. In *Screams & Nightmares*, Brian J. Robb examines Craven's entire career, from his low-budget beginnings to his most recent box office hits, from the banned thriller *The Last House on the Left* and the cult classic *The Hills Have Eyes* to the outrageous *Shocker* and *The People Under the Stairs*. Through exclusive interviews with Craven, Robb provides in-depth accounts of the making of each of the films – including the final instalments of the *Scream* series – Craven's foray into writing novels, and his numerous television projects.
