Life, a User's Manual Georges Perec, 1987 Set in a Paris apartment block, this novel describes in minute detail the lives of the inhabitants and the apartments they inhabit at a specific moment in time.

Man of the Hour Jennet Conant, 2017-09-19 James B. Conant was a towering figure who stood at the center of the great crises and challenges of the twentieth century. He set an extraordinary example of public service without ever holding elected office. A member of the greatest generation, there was probably no one who made a larger mark in more areas of American life, shaping national policy as a scientist, nuclear pioneer, Cold War statesman, diplomat, and educational reformer for nearly fifty years. As a brilliant young chemist, he supervised the production of poison gas in WWI. As the Nazi threat loomed, he boldly led the interventionist cause in WWII and was tapped by President Franklin D. Roosevelt to be one of the scientific chiefs at the helm of the Manhattan Project, personally overseeing the massive secret effort to develop the atomic bomb and making the fateful recommendation to drop it on Hiroshima to bring the war to a quick and decisive end. He went on to become one of America's first cold warriors, led the bitter fight to reject the hydrogen bomb, and campaigned tirelessly for the international control of atomic weapons. He continued to exert his influence as President Eisenhower's high commissioner, and then ambassador, to Germany, helping to secure the country's future and strengthen Europe's defenses against Soviet aggression. He achieved national prominence in his twenty-year reign as president of Harvard--the very symbol of the intellectual and social elite--and yet was a champion of meritocracy and open admissions, helping to create the SAT and devoting his later life to improving public schools as the engine of democracy. Even as he worked to safeguard the American way of life, he feared the nuclear force he helped harness was so dangerous it could lead to the extinction of mankind. In this intimate account of his extraordinary life, his granddaughter, ... bestselling author Jennet Conant, draws on hundreds of documents, diaries, and letters to reveal the agonizing decisions he was forced to make while serving his country in three wars--two hot, and one cold--and the burden of guilt he bore for his actions and for always putting duty before everything else. For all his brilliance, he never understood the depression that ravaged his family but struggled to keep his wife from succumbing, in the process alienating both his sons. With *Man of the Hour*, Jennet Conant paints a rich, nuanced portrait of a great American leader and visionary, the last of a vanishing breed.--Jacket.

The Melody Jim Crace, 2018-06-19 Alfred Busi lives alone in his villa overlooking the waves. Famed in his tiny Mediterranean town for his music, he is mourning the recent death of his wife and quietly living out his days. Then one night, Busi is viciously attacked by an intruder in his own courtyard--bitten and scratched. He insists his assailant was neither man nor animal. Soon, Busi's account of what happened is being embellished to fan the

flames of old rumor—of an ancient race of people living in the surrounding forest. It is also used to spark new controversy, inspiring claims that something must finally be done about the town's poor, whose numbers have been growing. In trademark crystalline prose, Jim Crace portrays a man taking stock of his life and looking into an uncertain future, while bearing witness to a community in the throes of great change.

Invisible Walls Hella Pick,2022-04-14 'Memoirs of such richness are rare . . . a joy' JAMES NAUGHTIE 'A remarkable personal journey, by one of the great political correspondents of our world - eloquent, enlightening, exhilarating' PHILIPPE SANDS A trailblazer for women in journalism, Hella Pick arrived in Britain in 1939 as a child refugee from Austria. Over nearly four decades she covered the volatile global scene, first in West Africa, followed by America and long periods in Europe. In her thirty-five years with the Guardian she reported on the end of Empire in West Africa, the assassination of President Kennedy, Martin Luther King's march from Selma to Montgomery, the Vietnam peace negotiation in Paris, the 1968 student revolt in France, the birth of the Solidarity movement in Poland, and the closing stages of the Cold War. A request for coffee on board a Soviet ship anchored in Malta led to a chat with Mikhail Gorbachev. A request for an interview with Willy Brandt led to a personal friendship that enabled her to come to terms with Germany's Nazi past. Her book is also a clarion call for preserving professionalism in journalism at a time when social media muddy the waters between fact and fiction, and between reporting and commentary. INVISIBLE WALLS tells the dramatic story of how a Kindertransport survivor won the trust and sometimes the friendship of world leaders, and with them a wide range of remarkable men and women. It speaks frankly of personal heartache and of a struggle over her Jewish identity. It is also the intensely touching story of how, despite a gift for friendship and international recognised achievements as a woman journalist, a continuing sense of personal insecurity has confronted her with a series of invisible walls.

John, Jesus, and History, Volume 3 Paul N. Anderson,Felix Just, S. J.,Tom Thatcher,2016-07-07 A critical analysis of the historicity of the Gospel of John Since it began in 2002, the John, Jesus, and History Project has assessed critically the modern disparaging of John's historicity and has found this bias wanting. In this third volume, an international group of experts demonstrate over two dozen ways in which John contributes to an enhanced historical understanding of Jesus and his ministry. This volume does not simply argue for a more inclusive quest for Jesus—one that embraces John instead of programmatically excluding it. It shows that such a quest has already indeed begun. Contributors include Paul N. Anderson, Jo-Ann A. Brant, Peder Borgen, Gary M. Burge, Warren Carter, R. Alan Culpepper, James D. G. Dunn, Robert T. Fortna, Jörg Frey, Steven A. Graham, Colin J. Humphreys, Craig Keener, Andreas Köstenberger, Tim Ling, William Loader, Linda McKinnish Bridges, James S. McLaren, Annette Merz, Wendy E. S. North, Benjamin E. Reynolds, Udo Schnelle, Donald Senior, C.P., Tom Thatcher, Michael Theobald, Jan van der Watt, Robert Webb, Stephen Witetscheck, and Jean Zumstein. Features A state-of-the-art analysis of John's contributions to the quest for the historical Jesus, including evaluative responses by leading Jesus scholars •An

overview of paradigm shifts in Jesus scholarship and recent approaches to the Johannine riddles Detailed charts that illuminates John's similarities and differences from the Synoptic Gospels as well as the gospel's contributions to the historical Jesus research

Vladimir Putin: Life Coach Rob Sears,2018-09-13 What can the rise of this century's most feared politician teach us about life, work and love? Rob Sears satirises the machinations that enabled Putin to dominate the Kremlin and undermine the United States of America as ways to help you take control of your mundane life. Would you like to ruin your enemies by sharing compromising material about that time they didn't wash their hands? Fancy hacking democracy at the parent-teacher association to ensure you're a shoo-in for social secretary? Or serving up a cold dish called revenge in a high street restaurant? Filled with stories of Putin's extraordinary and chilling actions, with mocking ideas and illustrations to help you emulate him on a small scale, Vladimir Putin: Life Coach is the ultimate parody guide to releasing the pseudo-elected, judo black belt, 5D chess-playing autocrat inside each and every one of us.

Systematic Theology, Second Edition Wayne A. Grudem,2020-12-08 This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the new perspective on Paul, Molinism (or middle knowledge), Free Grace theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture. Completely revised chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific problem verses in the Gospels. Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music. Numerous other updates and corrections. Part of the brilliance of Systematic Theology has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and possible objections, followed by personal application and key terms to know for

personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you think theology is hard to understand or boring, then this new edition of Systematic Theology will change your mind.

The British Musical Theatre: 1915-1984 Kurt Gänzl, 1986 From the pre-Gilbert and Sullivan 1860s to the 1980s, this important reference surveys more than a century of British light musical theatre, including its writers and composers. Gänzl provides a wealth of information on the book, lyrics, and music of over 800 London musicals, including contemporary reviews, cast lists, performances, plus pertinent notes gleaned from a study of surviving scores and libretti. Volume 1 traces the development of the genre between 1865 and 1914, describing its roots in burlesque and opera-buffe, and discussing the comic opera tradition and the Gilbert and Sullivan partnership, the flowering of the so-called musical comedy under George Edwardes, and the important influence of the British musical theatre around the world, particularly in America. Volume 2 covers, among other topics, the reciprocal influences on the British musical theatre of the American style, the advent of the dance-and-laughter musicals of the 1930s, the rock operas of the 1970s, and the subsequent development of the modern British musical in its second period of international prominence, highlighted by such hits as *Evita* and *Cats*.

Defaming the Dead Don Herzog, 2017-03-28 Do the dead have rights? In a persuasive argument, Don Herzog makes the case that the deceased's interests should be protected This is a delightfully deceptive work that starts out with a simple, seemingly arcane question--can you libel or slander the dead?--and develops it outward, tackling larger and larger implications, until it ends up straddling the borders between law, culture, philosophy, and the meaning of life. A full answer to this question requires legal scholar Don Herzog to consider what tort law is actually designed to protect, what differences death makes--and what differences it doesn't--and why we value what we value.

Herzog is one of those rare scholarly writers who can make the most abstract argument compelling and entertaining.
