Frank Kolondra

Help Me to Find My People Heather Andrea Williams, 2012-06-01 After the Civil War, African Americans placed poignant information wanted advertisements in newspapers, searching for missing family members. Inspired by the power of these ads, Heather Andrea Williams uses slave narratives, letters, interviews, public records, and diaries to guide readers back to devastating moments of family separation during slavery when people were sold away from parents, siblings, spouses, and children. Williams explores the heartbreaking stories of separation and the long, usually unsuccessful journeys toward reunification. Examining the interior lives of the enslaved and freedpeople as they tried to come to terms with great loss, Williams grounds their grief, fear, anger, longing, frustration, and hope in the history of American slavery and the domestic slave trade. Williams follows those who were separated, chronicles their searches, and documents the rare experience of reunion. She also explores the sympathy, indifference, hostility, or empathy expressed by whites about sundered black families. Williams shows how searches for family members in the post-Civil War era continue to reverberate in African American culture in the ongoing search for family history and connection across generations.

The Search for Someone in Particular Frank Kolondra, 2011-03-14 This novel guides the reader through a fraction of a man's life who almost missed the boat by not getting married and have children. What sense are all the riches

if one has to go through life alone without the smiles and laughter of his children? His father urges his son Greg to make the step, bringing up an example of his gardener who was not only a Grandfather but Great Grandfather.

The American People: Volume 1 Larry Kramer, 2015-04-07 The long-awaited new novel by America's master playwright and activist—a radical reimagining of our history and our hopes and fears Forty years in the making, *The American People* embodies Larry Kramer's vision of his beloved and accursed homeland. As the founder of ACT UP and the author of *Faggots* and *The Normal Heart*, Kramer has decisively affected American lives and letters. Here, as only he can, he tells the heartbreaking and heroic story of one nation under a plague, contaminated by greed, hate, and disease yet host to transcendent acts of courage and kindness. In this magisterial novel's sweeping first volume, which runs up to the 1950s, we meet prehistoric monkeys who spread a peculiar virus, a Native American shaman whose sexual explorations mutate into occult visions, and early English settlers who live as loving same-sex couples only to fall victim to the forces of bigotry. George Washington and Alexander Hamilton revel in unexpected intimacies, and John Wilkes Booth's motives for assassinating Abraham Lincoln are thoroughly revised. In the twentieth century, the nightmare of history deepens as a religious sect conspires with eugenicists, McCarthyites, and Ivy Leaguers to exterminate homosexuals, and the AIDS virus begins to spread. Against all this, Kramer sets the tender story of a middle-class family outside Washington, D.C.,

trying to get along in the darkest of times. The American People is a work of ribald satire, prophetic anger, and dazzling imagination. It is an encyclopedic indictment written with outrageous love.

Group Paul Solotaroff,2000-02 Six bright, successful and remarkably self-destructive people enter into a course of dynamic group therapy in an effort to recognize and overcome their compulsions, addictions, weaknesses and family legacies.

From People to Entities: New Semantic Search Paradigms for the Web G.

Demartini,2014-01-07 The exponential growth of digital information available in companies and on the Web creates the need for search tools that can respond to the most sophisticated information needs. Many user tasks would be simplified if Search Engines would support typed search, and return entities instead of just Web documents. For example, an executive who tries to solve a problem needs to find people in the company who are knowledgeable about a certain topic._x000D_ In the first part of the book, we propose a model for expert finding based on the well-consolidated vector space model for Information Retrieval and investigate its effectiveness. In the second part of the book, we investigate different methods based on Semantic Web and Natural Language Processing techniques for ranking entities of different types both in Wikipedia and, generally, on the Web. _x000D_ In the third part of this thesis, we study the problem of Entity Retrieval for news

applications and the importance of the news trail history (i.e., past related articles) to determine the relevant entities in current articles. We also study opinion evolution about entities: We propose a method for automatically extracting the public opinion about political candidates from the blogosphere.

The Scientist and the Spy Mara Hvistendahl, 2021-02-02 A riveting true story of industrial espionage in which a Chinese-born scientist is pursued by the U.S. government for trying to steal trade secrets, by a finalist for the Pulitzer Prize in nonfiction. In September 2011, sheriff's deputies in Iowa encountered three ethnic Chinese men near a field where a farmer was growing corn seed under contract with Monsanto. What began as a simple trespassing inquiry mushroomed into a two-year FBI operation in which investigators bugged the men's rental cars, used a warrant intended for foreign terrorists and spies, and flew surveillance planes over corn country—all in the name of protecting trade secrets of corporate giants Monsanto and DuPont Pioneer. In *The Scientist and the Spy*, Hvistendahl gives a gripping account of this unusually far-reaching investigation, which pitted a veteran FBI special agent against Florida resident Robert Mo, who after his academic career foundered took a questionable job with the Chinese agricultural company DBN—and became a pawn in a global rivalry. Industrial espionage by Chinese companies lies beneath the United States' recent trade war with China, and it is one of the top counterintelligence targets of the FBI. But a decade of

efforts to stem the problem have been largely ineffective. Through previously unreleased FBI files and her reporting from across the United States and China, Hvistendahl describes a long history of shoddy counterintelligence on China, much of it tinged with racism, and questions the role that corporate influence plays in trade secrets theft cases brought by the U.S. government. *The Scientist and the Spy* is both an important exploration of the issues at stake and a compelling, involving read.

MAN'S SEARCH FOR MEANING - Summarized for Busy People Goldmine Reads, 2018-10-24 This book summary and analysis was created for individuals who want to extract the essential contents and are too busy to go through the full version. This book is not intended to replace the original book. Instead, we highly encourage you to buy the full version. Viktor Frankl's book, *Man's Search for Meaning*, stirs generations of readers with its portrayal of life in Nazi death camps and its psychological lessons for survival. Between 1942 and 1945, Frankl moved to four different camps while his family—parents, brother, and pregnant wife failed to survive. Drawing from his own experience and the experiences of others he later treated, Frankl asserts that suffering is unavoidable but we can choose how we can cope with it, find meaning in it, and live with a new sense of purpose. Frank's logotherapy takes into consideration how our drive in life is not

found in pleasure but through the discovery and pursuit of what is meaningful. In 1997, Man's Search for Meaning had sold more than 10 million copies in twenty-four languages. The Library of Congress found in their 1991 reader survey that the book was named one of the ten most influential books in America—naming it the book that made a difference in your life. Safe People Henry Cloud, John Townsend, 2009-05-26 Safe People will help you discover why good people can get tangled in bad relationships, how to avoid repeating your own mistakes, and how to pick safe, healthy people for the friends you make and the company you keep. Too many of us have invested in relationships that have gone wrong. Maybe you've been judged, manipulated, or controlled. Or maybe you've trusted the wrong people in the past. It's easy to make the same mistakes of judgment over and over--or, worse, to give up on trying to have great, authentic relationships again. But it doesn't have to be that way. In Safe People, Drs. Henry Cloud and John Townsend teach you that being with an unsafe person can be damaging to your confidence, your trust in others, and even your health. You'll learn that you have the power to surround yourself with accepting, honest, and safe people who draw you closer to being the person God intended you to be. Drs. Cloud and Townsend,

authors of the New York Times bestseller *Boundaries*, are here to share the lessons they've learned in their years of practicing psychology and studying the patterns and practices that support clear, biblical boundaries. In *Safe People*, they offer guidance for making safe choices in all of your day-to-day relationships, from family and friends to colleagues and partners. *Safe People* will give you the tools you need to recognize what makes people relationally safe, form positive relationships, and even become a safe person along the way. Drs. Cloud and Townsend share expert insights that will help you ask important questions: How can I learn to pick better friends? Why do I choose people who let me down? How did I end up with this critical boss? How do I attract irresponsible people? Why did I invest money with that unscrupulous person? What is it about me that draws the wrong types of people to me? Why am I drawn to the wrong types of people? It's time to revitalize your connections and finally start enjoying the healthy, balanced relationships that you deserve.

Seven Kinds of People You Find in Bookshops Shaun Bythell, 2020-11-24 From the author of *Confessions of a Bookseller*, a cankerous and darkly funny field guide to bookstore customers. It does take all kinds and through the misanthropic eyes of a very grumpy bookseller, we see them all. There's the Expert (with subspecies from the Bore to the Helpful Person), the Young Family (ranging from the Exhausted to the Aspirational), Occultists (from Conspiracy Theorist to Craft Woman). Then there's the Loiterer (including the Erotica Browser and the Self-Published Author), the Bearded Pensioner (including the Lyrca Clad), the The Not-So-Silent Traveller (the Whistler, Sniffer, Hummer, Farter, and Tutter), and the Family Historian (generally Americans who come to Shaun's shop in Wigtown, Scotland). Don't forget the Person Who Doesn't Know What They Want (But Thinks It Might Have a Blue Cover) and the harried Parents Secretly After Free Childcare. Two bonus sections include Staff and, finally, Perfect Customer—all add up to one of

the funniest books about books you'll ever find. Shaun Bythell and his mordantly unique observational eye make this perfect for anyone who loves books and bookshops. Praise for *Seven Kinds of People You Find in Bookshops* "Bythell continues his seriocomic take on his profession . . . he spares no one." –Michael Dirda, *The Washington Post* "Cheers to Shaun Blythell for this delightful taxonomy of bookstore customers and visitors." –Pamela Pescosolido, bookseller, *The Bookloft* "Bythell is having fun and it's infectious." –*The Scotsman* (UK) "Virtuosic venting . . . pantomime misanthropy is tempered with bursts of sweetness in the secondhand bookseller's latest dispatches from Wigtown [Scotland]." –*The Guardian* "*Seven Kinds of People You Find in Bookshops* (a parody of the sort of self-help titles Bythell absolutely loathes), is a series of Orwellian-incisive character sketches." –*The Critic* (UK) "Bythell distills the essence of his experience into a warm, witty and quirky taxonomy of the book-loving public." –*The Week* (UK)

Bethel School of Ministry Kris Vallotton walks Christians through the profound process of discovering their true identity and experiencing the wonder of their kingdom purposes. Christians are often told that they were born with a purpose that reaches beyond their human strivings, but most are not sure how to break past the daily struggles holding them back, much less how to fully step into their callings. As a pastor and the cofounder of the Bethel School of Ministry, Kris Vallotton has been teaching Christians all over the world how to walk in wholeness and purpose for more than seventeen years. In *Destined to Win*, he passes on the lessons that will help readers discover who they really are, overcome destructive behaviors, and become equipped for their kingdom purposes. Confronting the challenges that limit Christians—such as living shackled by past pain, fear, and unforgiveness—Vallotton offers practical solutions to the often-complex problems that undermine their destinies and derail their purposes. With personal stories and biblical teaching, *Destined to Win* combines practical wisdom and profound revelation to unlock the latent potential present in each person.

Author and Bible teacher Jennie Allen invites us into a different experience, one in which our souls overflow with contentment and joy. In *Nothing to Prove* she calls us to... * Find freedom from self-induced pressure by admitting we're not enough—but Jesus is. * Admit our greatest needs and watch them be filled by the only One who can meet them. * Make it our goal to know and love Jesus, then watch what He does in and through us. As you wade into the refreshing truth of the more-than-enough life Jesus offers, you'll experience the joyous freedom that comes to those who are determined to discover what God can do through a soul completely in love with Him. * * * * * "These pages are what your soul is begging for —Ann Voskamp "Nothing to Prove takes us on a journey toward freedom from the need to measure up." —Mark Batterson We love this glorious and universally resounding message." —Louie and Shelley Giglio "This book will help you take your eyes off your problems and put them back on God's promises." —Christine Caine
