**Fevre Dream** George R. R. Martin, 2012-04-24 A THRILLING REINVENTION OF THE VAMPIRE NOVEL BY THE MASTER OF MODERN FANTASY, GEORGE R. R. MARTIN Abner Marsh, a struggling riverboat captain, suspects that something's amiss when he is approached by a wealthy aristocrat with a lucrative offer. The hauntingly pale, steely-eyed Joshua York doesn't care that the icy winter of 1857 has wiped out all but one of Marsh's dilapidated fleet; nor does he care that he won't earn back his investment in a decade. York's reasons for traversing the powerful Mississippi are to be none of Marsh's concern—no matter how bizarre, arbitrary, or capricious York's actions may prove. Not until the maiden voyage of *Fevre Dream* does Marsh realize that he has joined a mission both more sinister, and perhaps more noble, than his most fantastic nightmare—and humankind's most impossible dream.

**Final Scrum** Nigel McCrery, Michael Rowe, 2018-02-28

After the terrible losses of The Great War, twenty years later the Second World War resulted in the death of some of the finest sporting icons. This book honors the ninety International Rugby players who lost their lives. Fifteen were Scottish, fourteen English, eleven Welsh and eight Irish. Australia and New Zealand suffered with ten and two Internationals killed respectively and France eight. Germany topped the list with nineteen. In the same way that the Authors best-selling Into Touch remembered the 130 Internationals lost in the First World War, Final Scrum gives an individual biography of each of the ninety with their international and club playing record as well as their backgrounds, details of their military careers and circumstances of their death. We learn where they are buried or commemorated together with at least one photograph of each player. Rugby enthusiasts will find this book a fascinating and moving record of the sacrifice of the finest young men of their generation who fought in the second worldwide conflict of the 20th Century.

**Sports Geek** Rob Minto, 2016-10-20 Sport revolves around two things: narrative and numbers. You need the narrative, otherwise why would anyone care about sport? Rivalries,

emotions, and sporting legends all require it. But sport also needs numbers. Without them, we have no idea who has won. We need numbers to tell which team is top of the table, or who is the world champion. Sports Geek is a visual and numerical tour through sporting debates and ideas. Teams in all sports use data to create extraordinary analysis of how their players perform, to assess tactics and to get an edge over arch rivals; but fans are rarely presented with challenging and informative data that would help them to further understand sport. You'll never see sport the same way again.

#### The History Of The Foley Lions To 1955 Keith Lester

Smith, 2021-11-15 The town of Foley, Alabama was founded by John Burton Foley, a very successful businessman from Chicago, and was settled by individuals and families from all over our great nation. This community grew to love its football team and supported it passionately. Through the perspective of Foley High School, we see one of the most tumultuous times in our nation's history, a period that defined the history of the United States. These individuals lived through the Great Depression and two World Wars to emerge as the greatest and most powerful country in the history of our planet. Our citizens, not only in Foley but also throughout every corner of our nation, were guided by a deep respect and reverence for the Bible. Our hope and prayer is that this book will serve as a reminder of our Christian heritage and the importance of seeking the guidance of our Creator in everything we do if we hope to remain free and strong.
