The Entrepreneur's Secret to Creating Wealth Chris

Hurn,2012 An often overlooked secret to creating wealth as a business owner has little to do with actually running the business. Marketing, customer service, quality products, and more are required to make a business successful...but when it comes to creating real and lasting wealth, decisions regarding this key secret will have the

greatest impact. As both a small business lender and a small business owner himself, Chris Hurn has a bird's eye view of how businesses create wealth, as well as an in-the-trenches perspective on the tough decisions that must be made if a business is to go from good to great. In *The Entrepreneur's Secret to Creating Wealth*, Chris explains the myriad of factors and variables involved in this significant wealth-creation strategy. Plenty of books describe how entrepreneurs can create more ideas or have happier employees. But no other business book outlines in such detail -- or with such authority -- how to actually develop the wealth behind the business. **SPECIAL OFFER** When you buy two or more copies of this book (say, one for you and one you give to a friend), we'll donate the net proceeds of the sale to the National Federation of Independent Business (NFIB) Young Entrepreneur Foundation. All we need is a copy of your receipt showing the purchase, and that can be emailed (info@mercantilecc.com), faxed (407-682-1632) or mailed (60 N. Court Avenue, Suite 200, Orlando, FL 32801).

Entrepreneurship Fitima Miller, 2017-01-11 Most business owners struggle getting their business off the ground and keeping them around. Most invest in marketing and sales campaigns through social media outlets that never yield the return on investment they seek to retrieve at least half of their initial startup cost. Many will never start a business due to fear of failure, procrastination and internal conflict. Unfortunately the embarrassment from that failure will eventually paralyze them from ever going into business again. However, if you hang tight and see this business rollercoaster out until the very end the reward that awaits you from that risk is worth every slammed door, the endless amount of no's, and every adversity that could have stood in your way. *Entrepreneurship: The Path*

to Prosperity in Business; 10 secrets to becoming a successful entrepreneur will teach you how to survive the mental warfare of business. Success doesn't come to those who just wish for it, but to those who are willing to do the work. Throughout this book you will see how the deck can be stacked against you and the hundreds of obstacles that can stand in your way. You can either conquer your fear of business or be conquered by defeated. This book will teach you how to overcome self doubt, fear, and the mental blocks that will keep you from going into business and staying in business.

Drive Daniel H. Pink, 2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers

smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.
