Venice's Secret Service Ioanna Iordanou, 2019-10-24 Venice's Secret Service is the untold and arresting story of the world's earliest centrally-organised state intelligence service. Long before the inception of SIS and the CIA, in the period of the Renaissance, the Republic of Venice had masterminded a remarkable centrally-organised state intelligence organisation that played a pivotal role in the defence of the Venetian empire. Housed in the imposing Doge's Palace and under the direction of the Council of Ten, the notorious governmental committee that acted as Venice's spy chiefs, this 'proto-modern' organisation served prominent intelligence functions including operations (intelligence and covert action), analysis, cryptography and steganography, cryptanalysis, and even the development of lethal substances. Official informants and amateur spies were shipped across Europe, Anatolia, and Northern Africa, conducting Venice's stealthy intelligence operations. Revealing a plethora of secrets, their keepers, and their seekers, Venice's Secret Service explores the social and managerial processes that enabled their existence and that furnished the foundation for an extraordinary intelligence organisation created by one of the early modern world's most cosmopolitan states.

The Last Gondola Edward Sklepowich, 2003-07-16 The Last Gondola brings back Urbino Macintyre, American expatriate writer, and his good friend, the Contessa da Capo-Zendrini, in another classic mystery set in the Venice of the wealthy international set amid the artists, authors and patrons of their arts. It is a dark story beginning with the mysterious disappearance of objects from the Contessa's palatial apartment. The strangest part of the thefts is that most of the objects themselves are not of any significant monetary value, and those that are are only incidentally so. Urbino, the author of several biographies, traces clues to the cave-like home of a strange, reclusive art collector. Urbino's effort to pin the thefts on this rather sinister old man or a member of his odd household leads the amateur detective into a dangerous and frightening situation.

The Other Venice Predrag Matvejević, 2007 To know a city is to become intimately intertwined with its nooks, crevices, secret passageways, and dark places where its lifeblood flows--and what city has more of those than Venice? In The Other Venice, Predrag Matvejevic ventures past the infamous canals and cobblestone streets of the tourist's Venice to find the heart of the ancient Italian metropolis. A lyric re-imagining of the City of Romance, The Other Venice utterly reconfigures the Venetian landscape, as Matvejevic follows both real and imaginary maps, contemporary and historical, to trace out the details of this sensuous city. He probes into what the ancient metropolis means to its people, the nation, and global culture. But he also finds hints of life in the smallest and most mundane details--ancient bridges, rust-flecked boats, wall sculptures, rivers, and piazzas scattered throughout the city. Each has a little-known story and with Matvejevic as our guide, he reveals the stories behind them all. The book carries readers to a Venice that has escaped the eyes of writers, artists, and photographers through the centuries, and Matejevic by turns plays a historian, cartographer, anthropologist, and philologist as he unravels elusive artifacts of time past. Arresting black-and-white photographs by renowned photographer Sarah Quill accompany the text, offering a silent testament to Matvejevic's pilgrimage. A fascinating and beautifully written guide, The Other Venice reminds us that there is always another mystery to uncover in the city of water and stone.

The Secret of the Glass Donna Russo Morin, 2010-03-01 The Murano glassmakers of Venice are celebrated and revered. But now three are dead, killed for attempting to leave the city that both prized their work and kept them prisoner. For in this, the 17th century, the secret of their craft must, by law, never leave Venetian shores. Yet there is someone who keeps the secret while defying tradition. She is Sophia Fiolario, and she, too, is a glassmaker. Her crime is being a woman. . . Sophia is well aware that her family would be crushed by scandal if the truth of her knowledge and skill with glass were revealed. But there has never been any threat. . .until now. A wealthy nobleman with strong connections to the powerful Doge has requested her hand in marriage, and her

refusal could draw dangerous attention. Yet having to accept and cease her art would devastate her. If there is an escape, Sophia intends to find it. Now, between creating precious glass parts for one of Professor Galileo Galilei's astonishing inventions and attending lavish parties at the Doge's Palace, Sophia is crossing paths with very influential people--including one who could change her life forever. But in Venice, every secret has its price. And Sophia must decide how much she is willing to pay. Praise for Donna Russo Morin's The Courtier's Secret As opulent and sparkling as Louis XIV's court and as filled with intrigue, passion and excitement as a novel by Dumas. . .a feast for the senses. --Romantic Times (4 stars) Vivid, delightful, spirited. . .a page-turner as smooth as fine cognac. --Steven Manchester, author of The Unexpected Storm A wonderfully spun gem of a story. --Armchair Reviews Reading Group Guide Inside
