INTRODUCTION Becoming a millionaire has never been easier. You can get rich at any age in any business despite your race and location. And when I say rich, I mean **RICH**. Really fucking rich. For example, a 21-year-old named Alex Tew built a website with the intent of selling one million pixels at one dollar per pixel to produce a million dollars in income. It took him just four months to do. A million bucks for nothing! Because a million people were willing to spend a dollar. Magical right? Just imagine if you got \$1 from four billion people. Industry 4.0, the age of the internet. But whether you're online or not, business is about building wealth. That hasn't changed.
