**Serenity Found** Jane Espenson,2007-10-01 A lot has happened since Finding Serenity. We learned River's secret; Mal took on the Alliance. Our favorite crew became Big Damn Heroes. And the Browncoats proved that hard work, passion and a little fan coordination can do the impossible. Serenity Found takes the contents of Finding Serenity even further, exploring not just the show but the events of the film as well, to create an anthology that's even more thought-provoking, fascinating and far-thinking than its predecessor. \* Acclaimed science fiction author Orson Scott Card lauds Serenity as film sci-fi finally done right \* Writer and comedian Natalie Haynes reveals the real feminist savvy of the Firefly universe: the girls get the guns and the gags \* Pop culture critic Michael Marano connects damaged, ass-kicking River to the other weaponized women of the Whedonverse \* Multiverse executive producer Corey Bridges explains why the world of Firefly is the perfect setting for an MMORPG \* Mutant Enemy's visual effects wizard Loni Peristere relates what he's learned from Joss about telling stories, and tells a story of his own about Serenity's design \* Television Without Pity recapper Jacob Clifton frames Serenity as a parable about media: how it controls us, how we can control it and how to separate the signal from the noise \* And Nathan Fillion, Firefly and Serenity's Captain Malcolm Reynolds, shares his affinity for Mal and his love of Mal's ship and crew.

**Finding Serenity** Jane Espenson,Glenn Yeffeth,2005-03-11 In this eclectic anthology of essays, former cast member Jewel Staite, Kaylee, philosopher Lyle Zynda, sex therapist Joy Davidson, and noted science fiction and fantasy authors Mercedes Lackey, David Gerrold, and Lawrence Watt-Evans contribute to a clever and insightful analysis of the short-lived cult hit Firefly.

**Serenity 2** Brett Matthews,Joss Whedon,2009-07-10 The crew of the Serenity takes on a heist that promises a large cash reward, but when one of the crew is kidnapped and tortured, they must risk their newfound wealth to save one of their own.

**Investigating Firefly and Serenity** Rhonda V. Wilcox,Tanya Cochran,2008-09-15 The first definitive guide to both the remarkable space western Firefly and its major film spin-off Serenity, this book offers an in-depth and comprehensive look at the TV phenomenon kept alive by the fans. The brain child of Joss Whedon--of Buffy the Vampire Slayer and Angel fame--Firefly ran for twelve hour-long episodes before being cancelled by the network. But this premature burial had a remarkable outcome: resurrection. The fans--self-named Browncoats--kept multiplying, the DVDs kept selling and the show forged a new life on the internet, sustained by blogs, fan-fics and podcasts. Films, meetings and conferences ensured their numbers increased, as did the release of the major Firefly motion picture Serenity. From detailed chapters on scenes and themes, through to explorations of the characters, actors, music, and, of course, the fans, Investigating Firefly and Serenity tells readers everything they need to know about the show and more. With contributions from over twenty of the best international Whedon scholars, TV & film critics, and writers, it will become the must-have book for followers of the series/film, for fans of Joss Whedon and his work, and anyone with an interest in the modern phenomenon of cult TV and the remarkable power of the internet.

And sadly for her, she lives in the glare of a tiny tourist trap that THRIVES on supernatural oddities...

*Seeking Serenity* Amanda Enayati,2015-03-03 In a provocative and practical look at modern stress, Seeking Serenity offers an empowering new message: Stress can serve as a guide to living our happiest and healthiest lives. In Seeking Serenity, stress columnist Amanda Enayati challenges our long-held assumptions about stress, painting a groundbreaking picture that separates myth from reality when it comes to what is commonly referred to as the plague of modern life. Weaving together stories, research from science, history, philosophy and diverse faiths, and everyday exercises, she crafts a fascinating tale that begins with the behind-the-scenes machinations of corporate villains and ends in the power of our stories to shape our realities. We are living in an era of dramatic highs and lows, with lives that move at a pace and intensity impossible at any other time in history. These contradictions throw us off-kilter, out of harmony and balance, creating what we perceive as never-ending and destructive cycles of stress. But life itself has always been—and will always be—a series of fluctuations: the good days, the bad days, the excruciating days. The key to mastering stress lies in the way we experience it. Seeking Serenity presents ten revolutionary principles developed from the emerging science of stress and reinforced by literature, philosophy and age-old spiritual wisdom that help us to differentiate between destructive and constructive stress, and to master stress in the everyday by learning how to: Shift our perceptions to interpret inevitable challenges in a way that serves us better; Embrace a narrative that casts stress as a pathway to adaptation and growth; and Commit to breaks, buffers, and protective practices that will minimize and neutralize the adverse impacts of toxic stress. Drawing on extensive research and remarkable case studies, Seeking Serenity presents a clear and accessible action plan to achieving more joyful and productive lives, stronger communities and a better world.
