The Setup Lizzy Dent,2022-06-07 From the author of The Summer Job comes a laugh-out-loud, heartwarming story about one woman’s impulsive fib that jump starts a summer of reinvention and learning about love, life, and what it means to accept yourself. She has a plan. Fate has other ideas. The last place very average thirty-one-year-old Mara Williams thought she’d be is on a solo vacation impersonating her fortune teller when she finally meets the one. Josef, a gorgeous Austrian cellist, sits down for a reading and before she knows it, she’s telling him his destiny will be sitting in a pub in the English seaside town of Broadgate on the last Friday of August. And her name is Mara. Enter Project Mara: three months to turn herself into the stylish, confident woman she’s always hoped to be. Meanwhile, the crumbling, formerly glamorous beachside pool club where she works is under threat and her eccentric colleagues enlist her help to save it, just as a handsome new housemate casts doubts on her ideas about “the one.” Can Mara pull off the transformation of a lifetime? And by summer’s end, will she know who is her destiny?

After getting mistaken for a rogue CIA agent, he got setup, and nearly killed but escaped the spy and police dragnet. Alarmed at offers of \$200,000 per year and not wanting to accept the offers for fear of them being another setup, he ignored, An offer he couldn't refuse. When he turned down double the last offer, he got sent home in California by the U.S. Embassy. Another UBS employee Christopher Meilli exposed theft of Holocaust survivors money and deposit records. In an interview with Oprah Winfrey, Mr. Meilli was asked about moneylaundering in the belief he was me and that I had flown from Tokyo to Zurich and infiltrated UBS security to get the goods on them. Check out the memoir that got used by a 20th Century Fox production that won award and millions.

The Setup Pete Crooks,2015-01-13 The pitch went like this: Chris Butler, a retired cop, ran a private investigator firm in Concord, California. His business had a fascinating angle—his firm was staffed entirely by soccer moms. In fact, Butler employed PI Super Moms: attractive, organized, smart, and trained in investigative techniques, self-defense, and weaponry. This American Life host Ira Glass described them as “MILF: Charlie's Angels. When this story came across Pete Crooks's desk when he was working at Diablo magazine in 2010, he was instantly hooked. He'd heard a little bit about Butler and his super moms in the news; they'd been featured in People magazine and on Dr. Phil. What Butler's publicist was offering was too tantalizing to pass up: an opportunity to ride along with Butler and a few of his sexy PIs as they prepared to start filming a reality TV show. But after the ride-along—and after he started receiving mysterious emails from one of Butler's employees—Crooks started to realize something didn't seem right. After doing a little digging, he discovered the “sting he'd seen only had one real victim…him. The PI bust had been a setup. Crooks wasn't a hardboiled crime reporter. He did lifestyle pieces for a regional magazine. The more he learned about Butler's operation, the more he realized he was in far over his head. But swallowing his fears, he decided he was going to write an expose on Butler and his entire organization. He soon found himself deep in the underbelly of fake sting operations, wannabe celebrities, police corruption, drug-dealing, reality television, double-crossing employees, and more twists and turns than a dozen crime thrillers.
