Sewing Even A Monkey Can Do Jacob Jensen, 2020-12-12 Do you want to learn how to sew in just one day? Do you want to know everything about sewing machines and sewing tools? If you answered YES, then this is the right book for you. I've written it specifically for you! If you finally got the courage to buy your first machine, but you still haven't been able to work up the nerve to join a class at your local fabric shop (or you simply don't have enough money because your new machine wasn't cheap), don't worry! This incredible book is jam-packed with all the information needed to get started sewing something great! If you're ready, pull out your machine and its manual, and let's get to sewing! This book is well-researched and teaches you various good tips to make sewing easy for you. You can learn about hand sewing tips, hand sewing techniques, and hand sewing stitches. You can learn from simple to complex and from general to specific tactics of sewing. You will come away with novel ideas and be astounded with the many methods of stitching. This book is best for those who want to become a sewing master. Here you will learn how to make your sewing kit perfect and most functional. Moreover, in this book you will gain knowledge about the various patterns of sewing, their importance, and the things needed to make patterns. You can learn how you can make your sewing easier with the help of sewing patterns. Patterns give you a direction and allow you to copy the design whenever you want. The basic motivational force behind this skill, for many, is that apart from creating a new hobby and skill you actually get to use the outcome of your talent, almost on a daily basis. Starting off with the basics, once you get expertise to some extent, you can mix and match your skills along with crafting techniques. Further, you can dye your fabric before sewing, sew on beads, hand paint a shirt designed by you and so on. This book will cover: What Is Sewing? Reasons to Take Up Sewing Basics of Sewing Machines Types of Sewing Tools You Need to Get Started Basic Sewing Patterns Getting Ready to Sew Taking Accurate Measurements Common Mistakes Sewing Beginners Make Using Your Machine's Stitch Functions Special Techniques of Sewing Machine Maintenance Troubleshooting Common Sewing Problems 10 Sewing Projects At the end of this book, you'll find instructions for 10 simple sewing projects from crafts to clothing so that you can try out your new skills for yourself. Once you've given them a try, you'll be in a good place to begin branching out into a variety of other sewing types and projects all your own. You'll also have a sense of how to sew without using a paper pattern, so you can feel free to begin designing things that you dream up, rather than just settling for things that someone else has already created. How to Start Sewing Assemblage Books, 2016-12-02 A Sewing Course in a Book If you have just decided that you want to learn how to sew, this book has been designed for you. Learning to sew can be simultaneously frustrating and rewarding, so you want a book that will start slowly, build your confidence and help you avoid common problems. Designed as a thorough sewing course, *How To Start Sewing* will walk you through the entire sewing process, from your first hand sewing stitches to your first complete garment. You don't even need to have a sewing machine to start learning. Just like having a sewing teacher in your own home or studio, let us show you how to choose and use your first sewing machine, troubleshoot your way through common sewing issues and build your sewing confidence. Go easy on your budget by buying new equipment and materials only as you need it, then put your new supplies and skills to use in hands-on exercises. Don't let the large size of this book intimidate you; everything is explained in straightforward language with practical examples. No prior experience required. The Perfect Reference Book For the more experienced sewer, *How To Start Sewing* is designed as the perfect reference book. Forget trawling multiple books and videos to decipher sewing instructions, sometimes you just want a book on your studio shelf that you know you can trust. Use our Table of Contents and Index to get right to the technique that you need. We have focused on the most versatile techniques and explained them step by step with detailed drawings. Use our troubleshooting guides to master your sewing machine, improve your stitch quality and solve recurring construction issues to raise your sewing skills to the next level. Practical Sewing Exercises with Patterns to Match It can be frustrating trying to learn how to sew a detail when your pattern doesn't match the instructions. To solve this common problem we have included a whole library of small sewing patterns. Trace off the patterns, cut them out in fabric and follow the step-by-step exercises to sew seams, darts, pockets, zippers, vents, and plackets. This process will help you to create a reference folder full of your favourite techniques. Next time you forget how to sew the lining for an invisible zipper, or how to adjust the tension on your overlocker, you will have your reference sample there to remind you. And next time you want to swap or modify a detail on a sewing pattern, you will

have the pattern library to use as a handy reference. Professional Techniques for Superior Results Whether you are studying fashion design, have your own label or sew for yourself at home, we know that you want to master techniques that are of a professional standard. We have specially selected the details that are the most versatile in womenswear and menswear collections so that you can mix and match them endlessly across your own garment patterns. Or apply the details in this book to your favourite commercial sewing pattern. We will only teach you the details and methods that are used to create high-end ready-to-wear garments. With practice, you will be able to consistently create garments of a superior quality. Designed for Different Types of Sewers If you are a perfectionist, this book will suit your pragmatic desire to know everything about the how and why of sewing and will help you build your skills and knowledge in a specific order. Learn to analyse garments and diagnose construction problems like a professional and fine-tune your techniques. Or if you prefer to make mistakes first, and then ask questions later then we are here for you too. Just use our troubleshooting guides to tell you why you keep breaking needles and tangling your thread so you can quickly solve your issues and plough through your first projects. The sooner you start making mistakes, the sooner we can help you fix them.
