Here is an opportunity to follow the great crusade as it unfolded in the air over the Japan's ill-gotten empire in East Asia and the Pacific. This exhaustive chronology sheds a fascinating light on the course of America's air war against Japan in all the active theaters. * The Air War Pacific Chronology is a day-by-day accounting of all the major combat aviation missions undertaken by United States Army Air Forces, United States Navy, United States Marine Corps, and American Volunteer Group units and commands in China, Burma, India, and throughout the Pacific during World War II. * All Army Air Forces, Navy, Marine, and Flying Tiger theater fighter aces are covered including unit affiliation, date and time ace status was attained, and date and time of highest victory tally (over ten). * Information pertaining to the arrival, activation, transfer, departure, and decommissioning of air commands, combat units, and special units. Comings and goings of the commanders of major aviation units are also covered. * Provides a rich contextual framework pertaining to related ground campaigns; international and high-command conferences and decisions influencing air strategies and campaigns; and breakthroughs in the development of special techniques and equipment. * Includes a bibliography, guide to abbreviations, maps, and two indexes. Eric Hammel is the author of more than forty military history books, including Pacifica Military History's Air War Europa Chronology; Fire In the Streets; Six Days in June; Aces Against Japan, and Guadalcanal: Starvation Island.
