Sex Positions for Couples Eva Harmon, 2023-01-17 Do you want to spice up your sex life and improve your relationship? Are you tired of the same old positions night after night? Have you always been a little intrigued by the idea of kama sutra? If you answered yes to any of these questions, then you are going to want to continue reading. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is right to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new

awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. This book has been brought together to provide information about sex to help couples who are tired of the same old thing every night. Foreplay, that's is the one word most couples dread. For some reason, this is the area where couples end up failing, yet we all know that it is extremely important, especially for women. It helps to place people in the right state of mind and gets things warmed up, so to speak. This isn't the only problem some couples have in their sex life. Sometimes it's simply that things have turned monotonous. This is understandable, especially when you and your partner have been together for a while. It is very easy to stick with the same things because you know what one another likes, or because it is easy. But you both likely feel bored and can easily pass on sex due to the boredom. But things don't have to stay that way, though. You can easily bring the spark back into your life, whether through foreplay or new positions. This book is here to teach you how you can improve your sex life. In this book, you will learn: Why you should bring kama sutra and tantra into your bedroom The best sex positions for men and women The best sex positions to bring the two of you together Sex tips for the beginner Foreplay games to get things heated up How to practice couples massages The best way to start using dirty talk without feeling weird ... And much more. I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Now is the time to make the decision. If you are serious about changing your sex life, scroll up now, and click buy now.
