**Sex Positions for Couples** Stella Young, 2019-12-13 Would you like to improve your relationship by discovering new sex positions, learning the language of sex, and even more? Maybe your marriage or long term relationship got boring, and lying in bed every night no longer makes you excited? Or maybe you are just tired of the same old routine and want to take your intimate life to the next new level? I think there is no doubt that you want

to do that, so just keep reading... SEX POSITIONS FOR COUPLES - a complete bundle of two books. Bundle that will teach you everything you need to know about the intimate relationship and the language of sex, no matter the experience you already have. If you were to make a list of the things that lead to a great marriage, what would be your response? Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. The anonymous statistic shows that over 70% of people between age 30-50 are unhappy about their intimate relationship. What are the reasons? The most commonly mentioned reasons are: It got boring over the years, my partner no longer attracts me, after children, we no longer come together, it just became the same every time. And when people were asked what they did to change it, the usual answer was nothing. The purpose of this book is not to do something; this book will be your final guide to your sexual life improvement with direct strategies and a lot of visual and verbal advice. Take a look at only a few things you will get out of this book: Over 150 different sex positions A complete detailed description next to each one Positions for all levels and abilities (easy, medium, hard) How to use language to attract your partner Complete Dirty Talk advise list Things you should avoid during sex Most common language using mistakes The language of sex is also as important as the new poses you should be using every time. In a book, there is also a guide that will explain what phrases and words you should use before, during, and after sex, when you have to stay silent, and so on. Talk is a specific thing that can improve your intimate relationship as well as make it worse. What about younger people? Should I buy this book if I am less than 30

years old? Is this book more for men or women? Can we discuss it with my partner, and both use this book? This book is perfect for people of any age. Younger people have a smaller percentage of unhappiness in their intimate relationships but usually, that is because they change partners more often than older people. As long as the person chooses a partner for life, it is mandatory to improve their relationship constantly. This book is for both male and female, and I also advise to use it together with your partner in order to get even faster and greater results. I think you don't need to spend any more time here. Now it is time to take it and use it the best to your advantage. Scroll up, click on Buy Now and start learning!

It doesn't matter if you have been together for many years or for just a few months, sometimes relationships are just losing the spark. But even if spark is lost, you don't have to lose each other!
