How to Get Hot Girls Into Bed Troy Francis,2017-06-12 This book has been over three years in the making. Three years of grinding it out in the trenches, approaching, dating, banging--and writing. This book is basically a download directly from my brain to yours of all my very most effective game, pickup and relationship techniques. Everything you need to know is in here, from how to approach her, to what to do on a date, to how to pull her home, to how to seduce her when she's there.If you want everything in one easy-to-read resource--red pill, day game, night game, Tinder and social circle game techniques, killer texting and dating advice, and laser-sharp insights into the current sexual marketplace plus how you can beat the system to bang the hottest girls--then this is the book for you.How To Pull Hot Girls is divided into three sections. The first is called 'Beginnings'. Here you can read all my freshest insights into the dating market. This is precisely the background you need--the red pill secrets that all the top players know that stop them getting eaten up and spat out by sexy girls.Why is dating so hard in the modern world? Is night game dead? Is Tinder worth it? What are the pitfalls of getting into a long-term relationship? What do girls these days want? Should you risk getting married, or commit to the life of a player. All of these questions and more are answered.The second section is all about 'Inner Game.' What exact personality traits and inner mental attitudes do you need to pull the hottest girls and what precisely to do you need to do to get them? It's all very well going out and approaching 1000 girls, but if you're not mentally prepared then it will be obvious to the women you interact with and you will get more blowouts than you do blowjobs. This section will give you all the tools that I use and that many of the best players in the world employ with great success.The third section, by far the longest, is all about 'Outer Game'. These are all the techniques that I use regularly when out and about picking up girls. In this section I really get down to the nitty-gritty in terms of what you should say, where you should take her, how to lead with confidence, and how to give off a sexual vibe without even opening your mouth.If you want an edge on the market then these are the insights you need.How To Get Hot Girls Into Bed is a compilation of essays on red pill, inner game and pickup. It is not a step-by-step guide. If you want that you should get my first book The 7 Laws of Seduction. How To Get Hot Girls takes my concepts to the next level with really in-depth reflections on what it is to be a player and how to be truly successful as a pick-up artist.A lot of the content on this book originally appeared on Return of Kings and / or realtroyfrancis.com , so you may recognise some parts. However, everything has been edited and reworked to make is super-fresh and actionable. Also, the material has been carefully arranged to take you on a journey that will teach you everything you need to know about game. Finally, the book brings into one place a lot of diverse material, meaning that it's easily accessible and you don't have to hunt all over the internet for it.

Porn & Pong Damon Brown, 2008 Explores, for the first time, how pornography and video games have influenced the world's sexual mores and technological compulsions on a massive scale. The first Atari systems and their phallic joysticks sold by the millions, reality TV skyrocketed at the same time The Sims took off and the surgically-endowed Pamela Anderson was outshone by only one other woman: Lara Croft. Porn & Pong examines how politics, hidden agendas and financial pressure affect the controversial art forms of gaming and pornography.

Dangerous Curves Jeffrey A. Brown, 2011-04-18 *Dangerous Curves: Action Heroines, Gender, Fetishism, and Popular Culture* addresses the conflicted meanings associated with the figure of the action heroine as she has evolved in various media forms since the late 1980s. Jeffrey A. Brown discusses this immensely popular character type as an example of, and challenge to, existing theories about gender as a performance identity. Her assumption of heroic masculine traits combined with her sexualized physical depiction demonstrates the ambiguous nature of traditional gender expectations and indicates a growing awareness of more aggressive and violent roles for women. The excessive sexual fetishism of action heroines is a central theme throughout. The topic is analyzed as an insight into the transgressive image of the dominatrix, as a reflection of the shift in popular feminism from second-wave politics to third-wave and post-feminist pleasures, and as a form of patriarchal backlash that facilitates a masculine fantasy of controlling strong female characters. Brown interprets the action heroine as a representation of changing gender dynamics that balances the sexual objectification of women with progressive models of female strength. While the primary focus of this study is the action heroine as represented in Hollywood film and television, the book also includes the action heroine's emergence in contemporary popular literature, comic books, cartoons, and video games.
