Super Casino Pete Earley,2009-11-04 In this lively and probing book, award-winning author Pete Earley traces the extraordinary evolution of Las Vegas -- from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy Siegel, and offers a fascinating portrait of the life, death, and fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus -- to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city.

Casino Craps Frank Scoblete,2010-05 The most comprehensive craps book ever written, this is the book that gives readers everything needed to get a real, verifiable edge at the game of craps. The authors, two of the greatest living dice controllers, share, in words and pictures, their secret Golden Touch technique and give the edge needed to beat the house. Readers will learn several keys to winner craps, including how the game is really played, how to develop a Golden Touch controlled throw, which are the best and worst bets and buy bets, how to reduce the hit of the house edge by using the five count, how to push the casino to give a better game than advertised, how to set the dice to reduce or increase the appearance of different numbers, and how to judge what a real edge means.

Casino Management in Integrated Resorts Desmond Lam,2019-06-25 Casino Management in Integrated Resorts introduces students to the changing nature of casino businesses within the framework of an integrated resort or hospitality organisation. In the new integrated casino model, casinos play an important role not only in revenue generation but in supporting the other amenities in the resort, including bars, restaurants, hotels and theme parks. This book brings readers up to speed with the challenges of managing a casino within this rapidly expanding gaming-leisure-tourism industry. It covers a range of essential topics, such as the basic psychology of casino gaming, the role and history of casinos within an integrated resort, staffing, floor design, table and slot game management, control and security, marketing and social impact. Written in an accessible style, this book is suitable for readers with no prior knowledge of, or experience in, casino operations. It will be an essential introductory yet comprehensive resource for all those undertaking casino management courses.

Tales From The Pits P.J. Lev,2011-04-18 What is it like to work inside a casino on the floor at one of the table games? Here is a brief view to give the run of the mill person a small glimpse of what really goes on at the table games from a floor person perspective. Greed, lust, deception, and personal hygiene (or not) play a major role when you throw the glitz and glamour of the gambling scene. When is enough, enough; what does money (around you all the time) lead the everyday person to do or not to do? How does the casino life effect someone who comes from a rural country family

life setting? Well, venture inside and see what and how life can change in a blink of an eye and how it can change a persons personality not to mention the outcome of their life. Everything in life is said to be a crap shoot, well the dice aren't always going to be on the up and up

Casino Confidential Anonymous,2007-12-01 In *Casino Confidential*, a veteran pit boss and dealer (who must remain anonymous) takes readers behind the scenes to show where casinos are most vulnerable—and which bets are simply a waste of money. Through chapters on blackjack, Texas hold 'em, roulette, craps, baccarat, slot machines, and more, readers will learn: • Basic strategy for the most popular casino games • Five keys to successful gambling • Tips for identifying and maintaining positive streaks • Advice on money and bankroll management . . . and much more. Along the way, Anonymous shares examples and anecdotes gleaned from a career working as a pit boss and keeping high rollers under his thumb. You've been told again and again that the odds are stacked against players—but that doesn't stop thousands of gamblers from winning big every day. Discover what they all have in common—and what the house doesn't want you to know—in *Casino Confidential*.

No Work and All Play Roger Wagner,2011-05-26 The contents of the book describe the many examples of the types of characters and crazy daily episodes that an average person who selects a career in casino hotel management will witness and are part of during a lifetime in such a career. The book is really not about me, but it is a lifetime chronicle of my career where every work day is fun and there is almost never any drudgery. The three most interesting characters in the book are none other than a tycoon named Donald Trump, a Casino Icon named Jack Binion and a baseball legend named Mickey Mantle. The book also describes many other very interesting real-life persons in my career from Mob-connected people to other well known casino operators of their day. Most of these characters are not famous celebrities but their stories are sometimes even more humorous than those of Trump or Mantle. The stories about these people are real and actually happened, although the actual dates may be incorrect in some cases and some of the intricate details may be embellished to improve the stories. None of the tales degrade any of the characters in my book, but I do tell humorous stories about all of them that demonstrate they all have to put their pants on one leg at a time like the rest of us. It is not a text book, but it can serve as a good primer for a person considering making gaming hospitality their career objective. The seven different sections of the book are written to show how a person entering a casino hospitality position might evolve from the lowest level in a casino organization to a very high level of management, and that it generally takes many years to accomplish. It also describes the different relationships that one develops in any type of business and I use real people to illustrate how they each fit into the different types of relationships.
