The Shadows Alex North,2020-07-07 This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder. – The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

Shadows Keanu Reeves,2016 What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a person's nature-as Carl Jung postulated-and the unconscious side of one's self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place between darkness and light, death and living? Or is it a state of illusion, like Plato's cave? Is it a verb that means to follow or accompany, or even to spy on? *Shadows*, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and reversing light for dark, Grant has made the shadows themselves the source of light. Reeves's texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion and an invocation to shadow play.

Phantom Shadows Dianne Duvall,2011-10-24 A doctor and a reformed bad-boy vampire struggle with danger and their desires in this New York Times–bestselling paranormal romantic suspense novel. Dr. Melanie Lipton is no stranger to the supernatural. She knows immortals better than they know themselves, right down to their stubborn little genes. So although a handsome rogue immortal seems suspicious to her colleagues, Sebastien Newcombe intrigues Melanie. His history is checkered, his scars are impressive, and his ideas are daring. But it's not his ideas that have Melanie fighting off surges of desire... Bastien is used to being the bad guy. In fact, he can't remember the last time he had an ally he could trust. But Melanie is different—and under her calm, professional exterior he senses a passion beyond anything in his centuries of experience. Giving in to temptation is out of the question—he can't put her in danger. But she isn't asking him... RT Book Reviews“With this excellent entry, rising star Duvall is fast proving to be a major player in paranormal romance!”—“With a deeply emotional love story, two beautiful, complex main characters, and a pulse-pounding adventure that won’t let up, this book was haunting and addictive.”—The Romance Reviews

The Shadows Jacqueline West,2011-06-14 For fans of *Small Spaces*, *Coraline*, *A Series of Unfortunate Events*, and James Howe's *Bunnicula* classics comes the first book in the award-winning, New York Times bestselling *Books of Elsewhere* series. This house is keeping secrets . . . When eleven-year-old Olive and her parents move into the crumbling mansion on Linden Street and find it filled with mysterious paintings, Olive knows the place is creepy—but it isn't until she encounters its three talking cats that she realizes there's something darkly magical afoot. Then Olive finds a pair of antique spectacles in a dusty drawer and discovers the most peculiar thing yet: She can travel inside the house's spooky paintings to a world that's strangely quiet . . . and eerily sinister. But in entering Elsewhere, Olive has been ensnared in a mystery darker and more dangerous than she could have imagined, confronting a power that wants to be rid of her by any means necessary. With only the cats and an unusual boy she meets in Elsewhere on her side, it's up to Olive to save the house from the shadows, before the lights go out for good.

Shadows Edna Buchanan,2005-06-27 The wide front door hung open, a seductive invitation to a dark interior veiled by dust motes that glittered in the spectral greenish glow... The *Shadows* is a historic 1920s house that inspires preservationists' dreams -- and developers' schemes. Built during Prohibition by a notorious rumrunner who vanished at sea, it was inherited by his son, a local athlete and war hero who lived down his father's wild reputation. He served a successful term as Miami mayor and raised his four young children at the *Shadows* -- until a shotgun ambush on a hot summer night forty-four years ago. His murder was never solved. Since then, only secrets and whispers have inhabited the *Shadows*. Now, a resourceful young preservationist approaches the Miami Police Department's Cold Case Squad to help block a developer's plan to bulldoze the *Shadows* and build high-rise towers. The detectives visit the long-abandoned pioneer house, now surrounded by a wild and overgrown subtropical forest. They discover the rumrunner's secret limestone cellar, a tunnel to Biscayne Bay, and seven small, heartbreaking new mysteries -- a lost generation. Cold Case Squad Lt. K. C. Riley and her detectives seek out the murdered man's widow and children for answers. All are evasive and paranoid, haunted by lies, guilt, and tangled pasts that each recalls differently. Ultimately the squad finds that the killer is still out there, and the old, cold case is hotter than ever. In another dazzling example of Edna Buchanan's masterful weaving of stories and histories, Cold Case Squad Detective Sam Stone uncovers a still violent and long-hidden connection between his parents' murders when he was a child and their summer as civil rights workers in Mississippi more than thirty years ago. Life would be simple, Buchanan writes, if people told the truth. But for those who live among the shadows, the truth is never simple. *Shadows* is Edna Buchanan's most suspenseful novel.

The Kingdom of Shadows Griffis Jared Griffis,2010-03 I'm going to kill the king. A formidable nation is being destroyed by corruption at its very foundation. When the reckless bounty hunter Kellson is convicted of crimes he didn't commit, he escapes but he's determined to bring down the king and his decaying government. Running from the authorities, Kellson stumbles into a world thought only to be legend - a world of *Shadows*, an infamous clan of warriors who oppose corruption in any form. Known for their elite skills as fighters and infiltrators, they take in Kellson and begin to teach him their secret skills as insurgents. But Kellson has a bigger plan; he intends to lead a rebellion...if he can master the *Shadows*' skills and convince them to join him.

Shadows Bite Stephen Dedman,2001-12-14 Mage Magistrale, the recipient of a magical key, discovers that the object was taken from a powerful Japanese-American mobster, and when he kills the mobster in a fight, the daughter of the gangster will stop at nothing to destroy Mage.

Shadows Brenda Davis,2012-07-17 Shadows are created when the light is blocked by an obstacle, producing areas of darkness. Shadows can represent dark places where people hide things they do not want to take responsibility for. Things such as: child abuse, spousal abuse, alcohol abuse, substance abuse, mental illness. Every family has secrets but some have dark, dangerous secrets that physically or mentally cripple those around them. The only way to address these things is by bringing them into the light. Individuals also create shadows in their mind in order to hide painful memories of unacceptable behavior or trauma that they have suffered. These memories can reappear at any time, and the pain can be devastating again. This story spans three generations of womenmother, daughter, and granddaughter. They all three had black hair, emerald

green eyes and shared a predisposition for mental illness, which are all hereditary traits. The era that each lived had a significant impact on the problems that they had passed to each other. Mental illness in the 1930s was lumped into one category. Bess, born in this time, was hidden away to conceal her mental illness that was spiraling downward into complete insanity. Jane, Bess's daughter, was born late in Bess's life. Jane's mental illness began to surface as a teenager and brought destructive behavior that affected many people adversely and forever changed their future. Jane's daughter, Lily, was raised in the shadow of alcohol addiction, child abuse, her mother's partner abuse, and murder. Lily had to pull herself out of dire circumstances while she dealt with the possibility that she might have a form of mental illness. Lily was blessed with an angel in the form of a lonely widow who gave her the tools she needed to lead a normal life. She also experienced the unconditional love and devotion that came from a dog that wandered into her life.

Shadows Before Dawn Teal Swan, 2015-05-12 Growing up in a tranquil wilderness, Teal Swan had a childhood that was anything but serene. Horrors lurked behind the façade of the perfect houses and pious community of the surrounding towns, and Teal attracted undue attention because of her unusually powerful extrasensory abilities. At the hands of a local cult member, she barely survived 13 years of horrendous abuse – and even after her escape, she was left powerless, lost, hurting, and with no way to cope. Gradually, and incredibly, Teal forged her way from the edge of despair to a sliver of light . . . and eventually emerged from the darkness into the full dawn of self-love. Here, she shows how you, too, can achieve the feelings of worthiness that may be long missing from your life. Now a recognized spiritual luminary, Teal documents how she dug herself out of self-hate, and details the remarkable trail for others to get to the same place. *Shadows Before Dawn* encompasses both Teal's compelling story, told with raw intensity, and her resolute, no-nonsense how-to guide to healing from even the deepest levels of suffering. Offering a comprehensive self-love tool kit, Teal shares powerful exercises, insights, and perspective grounded in spirituality, and lets you choose which techniques are right for you. Teal's resonating words will sit with your soul long after you put this book down and will serve as guideposts on the way to complete self-love – no matter who you are or where you are in life.
