100 Reasons to Love Reading Scholastic, 2020-10-01 We all have a reason to love reading. Reading opens your mind. Reading is a shared journey. Reading builds bridges. Reading is an act of faith. Reading can take you to a place called hope. In honor of Scholastic's 100th Anniversary, it asked a hundred of its authors and illustrators to answer the question: What's a reason you love reading? The response is a dazzling collection that gets to the heart of why books matter so much, to so many people. Whether they are remembering a book that meant the world to them or conjuring the magical way that books took them to worlds far beyond their own, these authors show us with exuberance, insight, and humor how the joys of reading are often inseparable from the joys of life itself.

My Own Devices Dessa, 2019-08-27 "I love the way Dessa puts words together. In her songs, in her poetry, in her short stories, and now in this beautiful and candid memoir. Wanna be an artist? Get this book." --Lin-Manuel Miranda Dessa writes beautifully about a wide range of topics, including science, music, and the pain that comes with being in love; it's a surprising and generous memoir by a singular voice. --NPR, Best Books of 2018 Dessa defies category--she is an intellectual with an international rap career and an inhaler in her backpack; a creative writer fascinated by philosophy and behavioral science; and a funny, charismatic performer dogged by blue moods and heartache. She's ferocious on stage and endearingly neurotic in the tour van. Her stunning literary debut memoir stitches together poignant insights on love, science, and language--a demonstration of just how far the mind can travel while the body is on a six-hour ride to the next gig. In *The Fool That Bets Against Me*, Dessa writes to Geico to request a commercial insurance policy for the broken heart that's helped her write so many sad songs. *A Ringing in the Ears* tells the

story of her father building a wooden airplane in their backyard garage. In 'Congratulations,' she describes the challenge of recording a song for The Hamilton Mixtape in a Minneapolis basement, straining for a high note and hoping for a break. *Call Off Your Ghost* chronicles the fascinating project she undertook with a team of neuroscientists to try to clinically excise romantic feelings for an old flame. Her writing is infused with scientific research, dry wit, a philosophical perspective, and an abiding tenderness for the people she tours with and the people she leaves behind to be on the road. *My Own Devices* is an uncompromising and candid account of a life in motion, in music, and in love. Dessa is as compelling on the page as she is onstage, making *My Own Devices* the debut of a unique and deft literary voice.

A Life Like This James Carson, 2015-08-13 Isaac is a teenager living in a beautiful place called Charlottesville with his older sister, Gwyn, and his mother, Sophia. He is an introverted person, who is very reserved when it comes to everyone, but he's looking for the one to show who he really is. Like everyone else, he experiences what it is like to lose the one he thought was the love of his life, not knowing that it was a lesson in life and that it was redirecting him down the correct path. Anna is new to Charlottesville. She recently moved there from England with her father. With no friends or really any idea which direction her school is in, she and Isaac bump into each other, and just like that, they become friends, almost like they have known each other their whole lives. And as time goes on, they become closer and closer, and along the way, they make new and interesting friends. Unfortunately, not everything is perfect in life. Horrible things happen. You can make enemies even if you are the nicest person, as many people out there just love conflict. Will Isaac and Anna live a beautiful life the way that they both dreamed of, along with new friends? Or will this dream of a beautiful life end up a nightmare, resulting in broken hearts? Only the strength of their love and the love of their families and friends will help them through the journey that we call life.

Launch Jeff Walker, 2014-06-24 Prepare for takeoff: "I won't launch another book without using Launch" (David Bach, New York Times-bestselling author of The Latte Factor). Launch will build your business—fast. Whether you've already got a business or you're itching to start one, this is a recipe for getting more traction. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? What if you could create such powerful positioning in your market that you all but eliminated your competition? And you could do all that no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed an underground process for launching new products and businesses with unprecedented success. But the success train was just getting started. Once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Launch is the treasure map into that world—an almost secret world of digital entrepreneurs who create cash-on-demand paydays with their product launches and business launches. Whether you have an existing business, or you have a service-based business and want to develop your own products so you can leverage your time and your impact, or you're still in the planning phase, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Are you going to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

After a While You Just Get Used to It Gwendolyn Knapp, 2015-06-02 A vibrant new voice ups the self-deprecating memoir ante with tragicomic tales of her dysfunctional life in swampland Florida and America's Big Easy A dive bar palm reader who calls herself the Disco Queen Taiwan; a slumlord with a penis-of-the-day LISTSERV; and Betty, the middle-aged Tales of the Cocktail volunteer who soils her pants on a party bus and is dealt with in the worst possible way. These are just a few of the unforgettable characters who populate Gwendolyn Knapp's hilarious and heartbreaking—yet ultimately uplifting—memoir debut, *After a While You Just Get Used to It*. Growing up in a dying breed of eccentric Florida crackers, Knapp thought she had it rough—what with her pack rat mother, Margie; her aunt Susie, who has fewer teeth than prison stays; and Margie's bipolar boyfriend, John. But not long after Knapp moves to New Orleans, Margie packs up her House of Hoarders and follows along. As if Knapp weren't struggling enough to keep herself afloat, working odd jobs and trying to find love while suffering from irritable bowel syndrome, the thirty-year-old realizes that she's never going to escape her family's unendingly dysfunctional drama. Knapp honed her writing chops and distinctive Southern Gothic-humor style writing short pieces and participating in the renowned reading series Literary Death Match. Now, like bestselling authors Jenny Lawson, Laurie Notaro, and Julie Klausner before her, Knapp bares her sad and twisted life for readers everywhere to enjoy.
