Matching and Sorting Dorling Kindersley Publishing Staff,2015-06-24 Help your child get the right skills for starting school with Matching and Sorting. Support your little ones first steps in early learning and let them match animal groups, sort busy beetles and play with patterns. Skills for Starting School is a new series of interactive books and playbooks which gives every child the best start to learning with key skills developed through play, exploration and real-life situations. Make getting ready for school fun and exciting with lift-the-flap activities, see-through peep-holes, stickers and much more. The friendly monkey, cat and other characters will support, guide and inspire your child's early learning. Each element of the series will support active

learning through creative thinking, boosting confidence, curiosity and independence.

Brain Quest for Threes, revised 4th edition Chris Welles Feder,Susan Bishay,2005-04-18 Brain Quest is beloved by kids, trusted by parents, used and recommended by teachers. It's the curriculum-based, fast-paced, question-and-answer game that challenges kids on the stuff they need to know, when they need to know it. It's the brand that says "It's fun to be smart!" And it delivers. For the fourth edition every deck is thoroughly revised and includes 20 percent new material. The content aligns with national and state standards and is overseen by the Brain Quest Advisory Board, a panel of award-winning educators, each a recent state teacher-of-the-year award winner or a recipient of the prestigious Milken Educator Award. The covers and cards have a refreshed design, giving Brain Quest a cooler, updated look.

Becoming Brilliant Roberta Michnick Golinkoff,Kathy Hirsh-Pasek,2016-05-16 In just a few years, today's children and teens will forge careers that look nothing like those that were available to their parents or grandparents. While the U.S. economy becomes ever more information-driven, our system of education seems stuck on the idea that "content is king," neglecting other skills that 21st century citizens sorely need. Becoming Brilliant offers solutions that parents can implement right now. Backed by the latest scientific evidence and illustrated with examples of what's being done right in schools today, this book introduces the 6Cs—collaboration, communication, content, critical thinking, creative innovation, and confidence—along with ways parents can nurture their children's development in each area.

Media Exposure During Infancy and Early Childhood Rachel Barr,Deborah Nichols Linebarger,2016-11-24 This book discusses the burgeoning world of young children's exposure to educational media and its myriad implications for research, theory, practice, and policy. Experts across academic disciplines and the media fill knowledge gaps and address concerns regarding apps, eBooks, and other screen-based technologies—which are being used by younger and younger children—and content delivery and design. Current research shows the developmental nuances of the child as learner in

home, school, and mobile contexts, and the changes as parenting and pedagogy accommodate the complexities of the new interactive world. The book also covers methods for evaluating the quality of new media and prosocial digital innovations such as video support for separated families and specialized apps for at-risk toddlers. Highlights of the coverage: The role of content and context on learning and development from mobile media. Learning from TV and touchscreens during early childhood Educational preschool programming. How producers craft engaging characters to drive content delivery. The parental media mediation context of young children's media use. Supporting children to find their own agency in learning. Media Exposure During Infancy and Early Childhood is an essential resource for researchers, clinicians and related professionals, and graduate students in diverse fields including infancy and early childhood development, child and school psychology, social work, pediatrics, and educational psychology.

LEGO Gadgets Klutz,2018-03 Build 11 machines, includes all the LEGO bricks you need. From the 'practical' (a mechanical hand to pick things up for you) to the intriguing (a machine that makes crinkled paper) to the flat-out ridiculous (astronaut training for your mini-figures!), these projects encourage kids to explore the possibilities hidden in their LEGO collection. Inspires open-ended creativity to not just build the models in this book, but also to experiment with their own modifications to be faster, more accurate, or more complex.
