The GPS Paradigm Nitin Potdar, 2021-04-07 “In this era of the fourth industrial revolution, a monumental disruption led by the fusion of physical, digital and biological domains is pushing organisations towards a new normal of inorganic growth. Nitin unfolds a refreshing and practical framework for steering corporate mergers, acquisitions and joint ventures going forward. The business challenges are lucidly explained, and the strategies to avoid failures are well articulated. A ‘must read’ for everyone in business and profession” - PR Ramesh, Former Chairman, Deloitte India “The GPS Paradigm is a robust, practical, dependable, and immensely energising master algorithm for achieving measurable and sustainable business success in a post-COVID world thriving on disruptive innovation” - Shailesh Haribhakti. Chartered Accountant “Like Richard Bach’s ‘Jonathan Livingston Seagull’, Nitin deeply believes in the dictum “Look with your understanding, find out what you already know, and you’ll see the way to fly” Dive deep into the treasures of this book and soar high!” - Emanuele Sacerdote, Founder, SOULSIDE “For the young turks of the business world, a deep study of the GPS Paradigm is an absolute must if they wish to further their unicorn aspirations in an environment of perpetual uncertainty.” - Vishwas Mahajan, Entrepreneur and Ex-Global Trustee TIE.org “A novel way of assessing possible acquisition targets. Out of box thinking tops the traditional metrics. Rare insights from an insider” - Daksesh Parikh,

Executive Editor, Business India "Nitin Potdar's GPS Paradigm is a seminal contribution to the futurist and experimentalist literature in law and finance. It is a definitive solution framework for steering successful M&As and JVs in a world of perpetual disruption, whether triggered by constant technological breakthroughs or transient biological invasions like the Covid-19 pandemic".

Recalculating...The GPS for the Soul Andrea Stauch & Samantha Schachtel, 2014-09-18

Recalculating ... the GPS for the Soul takes you on an intimate mother-daughter journey of self-discovery and healing through numerotherapy and metaphysics. Andrea shares the experience of her own twenty-five-year journey integrating numerotherapy and metaphysics, and each chapter is filled with fascinating personal stories that recount her own life adventures, aha moments, and

deep personal transformation in far-flung, exotic places. This unique slant on the use of numerology for self-empowerment and healing is a refreshing, uplifting, and inspiring look at how you can heal your life; let go of old, negative thought patterns and create a life that you desire; manifest the abundance and beauty in your life; and be the best that you can be.

How Not to be A Doctor John Launer, 2018-05-15
"Humorous, poignant, provocative and educational," this essay collection by a doctor "offer[s] fresh takes on the ever-changing field of medicine." (Kirkus Reviews) Doctor and medical columnist John Launer has written on the practice and teaching of medicine for many years. *How Not to be a Doctor* includes over fifty of his essays covering a range of topics including music, poetry, literature, and psychoanalysis, as well as contemporary medical politics and the personal experiences of being a doctor. Taken together, they set out an argument that being a doctor—a real doctor—should mean being able to draw on every aspect of yourself, your interests, and your experiences, however remote these may seem from the medical task of the moment. From lessons on what they don't teach you in medical school to the author's poignant account of being a patient himself as he received treatment for a life-threatening illness, the essays in *How Not to Be a Doctor* combine erudition with humor, candor, and the human touch that will inform and entertain readers on both ends of the stethoscope. "Witty and wise. Shows how important it is that doctors are allowed to be human." —Kit Wharton, author of *Emergency Admissions: Memoirs*

of an Ambulance Driver

Yachting ,2007-06

My Life As a Professional Seat Cover Suzanne Marsh,2012-08 *My Life as a Professional Seat Cover* is a memoir written to help bridge the gap between truckers and the general motoring public. It is not that truck drivers are misunderstood; it is the misconceptions that the general motoring public has about the trucking industry. Just because trucks are larger and have more brakes does not mean that they can stop quickly especially when trucks are loaded almost to the gross weight of 80,000 pounds. The issues confronting truckers today from the changes in the Hours of Service, to the point system instituted by the FMCSA, to HR763 which if passed will affect the entire motoring public. How will all these changes directly or indirectly affect consumers, the economy and the general public. Earl and Sue Marsh have three daughters, eleven grand children and one great grandson. When they are not on the road trucking they are at home in Temple, Texas.

The Sustainable Digital City Avi Friedman, 2023-04-05 This book explores the rise of technology-centered urban planning and the diffusion of these practices around the world. Seven axes of urban planning have been selected to highlight how data and technology currently work and how these systems can be improved going forward. Each aspect is explored in its own chapter that combines narrative description, illustrations, and case studies to show how technology currently shapes our cities and how this may impact the urban environments. Topics include infrastructure, mobility, energy use and

distribution, work, public health, and knowledge transfer among others. The book also demonstrates how these aspects are tied to and affect the four pillars of sustainability: environment, society, economy, and culture.

Professional Practices Tony Becher, 2018-04-17
There is recurrent public concern with enhancing the quality of professional performance. What is the con-temporary understanding of professionalism? Are the needs of professionals in various fields being met in today's world, as what is commonly called continuing professional development has become of a sizable industry? Many books treat the professions as a homo-geneous group and view them from an external stand-point. In Professional Practices Tony Becher investigates the differences as well as the similarities between and within professional groupings, and presents the perspec-tives of insiders. One particular theme concerns the main patterns of change in professional careers and the spe-cific problems faced by women professionals in a largely male-dominated environment. Brilliantly written, the book focuses on six professions-medicine, pharmacy, law, accountancy, architecture, and slructural engineering. The material is based on 190 interviews with a variety of members of the six professions. Becher's book offers original and sensitive insight into the working Ives of practitioners and an understanding of the ideas and values they embrace. He a'gjes that their high sense of commitment stems from a concern to enhance their individual reputations and to maintain their collective professional status.

Becher highlights the variety of activities in which these professionals are engaged and the reasons for their responses to social and political pressures from outside their fields. Above all, he seeks to demystify professionalism and to show that professional people share with others a wide range of universal human feelings and concerns. A postscript raises the issue of why -Diversities are little involved with continuing education in the professions. Practicing professionals will benefit from this insight into how people in their own and other professions cope with similar problems. Becher's volume will be particularly appealing to educationists, policymakers, and social scientists interested in the subject of professionalism, those involved in the provision of initial and mid-career change for the professions, and those with a lay interest in the topic.

Arts Therapists in Multidisciplinary Settings

Caroline Miller, 2015-12-21 In a multidisciplinary setting or team, competing perspectives and principles can be challenging to negotiate, but supportive working relationships and effective collaboration can ultimately lead to an enriched experience and innovative outcomes for both professionals and clients. Drawing on their diverse experiences, art, music, drama, play and dance therapists emphasise the valuable results that their respective disciplines can produce when applied in settings ranging from schools to hospices, in collaboration with behaviour therapists, teachers, occupational therapists, speech therapists and other practitioners. The

book provides a unique perspective on the common issues faced by arts therapists when working with other professionals and will assist arts therapists in promoting their profession to co-workers and clients.

How to Succeed on Primary Care and Community Placements David Pearson, Sandra

Nicholson, 2016-01-22 How to Succeed on Primary Care and Community Placements offers practical advice on how to get the most from your time on community visits, within patient consultations, and with the practice team. It highlights the unique opportunities and challenges you will face on placement, from using clinical information systems, to home visits and long term patient relationships, and how to take advantage of new ways of learning with web-based tools, mobile devices and social networking. Key features include: • Learning outcomes at the start of each chapter with links to web-based learning, case examples, and tasks to undertake whilst on placement • An evidence-based, practical approach to improving learning, teaching, assessment and feedback in community settings Written by a team of experienced community-based medical education specialists, it is ideal for all medical students, whether on early clinical placements or later in training, and for tutors and preceptors looking for novel ways to engage their students.
