Descendants of William Cromartie and Ruhamah Doane Amanda Cook Gilbert, 2013 This ambitious work chronicles 250 years of the Cromartie family genealogical history. Included in the index of nearly fifty thousand names are the current generations, and all of those preceding, which trace ancestry to our family patriarch, William Cromartie, who was born in 1731 in Orkney, Scotland, and his second wife, Ruhamah Doane, who was born in 1745. Arriving in America in 1758, William Cromartie settled and developed a plantation on South River, a tributary of the Cape Fear near Wilmington, North Carolina. On April 2, 1766, William married Ruhamah Doane, a fifth-generation descendant of a Mayflower passenger to Plymouth, Stephen Hopkins. If Cromartie is your last name or that of one of your blood relatives, it is almost certain that you can trace your ancestry to one of the thirteen children of William Cromartie, his first wife, and Ruhamah Doane, who became the founding ancestors of our Cromartie family in America: William, Jr, James, Thankful, Elizabeth, Hannah Ruhamah, Alexander, John, Margaret Nancy, Mary, Catherine, Jean, Peter Patrick, and Ann E. Cromartie. These four volumes hold an account of the descent of each of these first-generation Cromarties in America, including personal anecdotes, photographs, copies of family bibles, wills, and other historical documents. Their pages hold a personal record of our ancestors and where you belong in the Cromartie family tree.

A Journal of the Journey John A. Black, 2022-04-06 One of you, from every married couple, may face a life-changing diagnosis and perhaps end-of-life decisions for your mate. If so, your journey is just beginning. Certainly, one person from every married couple will grieve and mourn the loss of their mate. If you are the surviving spouse, you are on a journey of grief. That one person from every married couple who survives and is left alone is now a widow or widower. Your journey will become unbelievably emotional, confusing, and lonesome. As

that widow or widower grieves and mourns the loss of their mate, the decision must be made to move on with life or not. The choice is yours. Do you let Jesus walk you through this miserable valley, or do you choose to stay and live in this miserable valley alone? If you are the new widow or widower starting this miserable journey of grief, my heart hurts for you. If you are the child or other loved one of that one individual from every marriage who has become the surviving widow or widower, my heart hurts for you. As you follow the journey of this widower, you will get a firsthand account of the miserable journey your loved one is entering. I desire that the journaling of my experience, as the surviving spouse, will prepare you for the physical, mental, emotional, and spiritual setbacks you and your loved ones will face.

Black Churches and Local Politics Drew R. Smith,Fredrick C. Harris,2005-06-30 This book on black churches and urban politics uses case studies from various cities to examine the strategies and tactics of activist clergy and congregations. These case studies illustrate how black activist clergy and congregations negotiate the political terrains of their respective cities. The cases show that the political culture of a city—whether that culture is shaped by machine politics, a legacy of political protest, racial and ethnic factionalism, or a city whose power resides in the mayor's office rather than the city council chamber—can influence the tactics of activist clergy

and congregations. These cases also show how strategies and tactics vary across congregations as well as within and across cities. Not only do activist churches emphasize political empowerment or economic development, their tactics to pursue their goals may take different forms. They can form coalitions with other churches and/or political organizations, lobby public officials, use personal appeals to persuade politicians, or mobilize voters for candidates who support the congregation's agenda. By taking stock of the strategies that activist black clergy and congregations adopt and the tactics they use to research their goals, the cases in this book highlight nuances in black clergy and church activism that are captured beyond a single case or a focus on national politics. The three sections of Black Churches and Local Politics examine the many ways that black activist clergy and congregations voice their concerns in urban politics. The tactics explored are the use of personal influence by activist ministers, the formation of coalitions with churches and community organizations, and pressure groups that lobby government institutions and leaders on behalf of minority communities.

History of the North Arkansas Baptist Association Roger V. Logan,2024-03-27 History of the North Arkansas Baptist Association: Volume 2 is a chronicling of mission history of the churches and their members, reaching out from their own Jerusalem, located in four counties in northwest Arkansas, to the uttermost part of the world. It follows churches and individuals as they go on mission to meet physical and spiritual needs unmet by a world that is blind to their cries. It contains the life history of fifty-six-plus congregations as they grow in number and spirit, reaching their individuals with the claims of discipleship under Jesus Christ. Pastors, too, are highlighted in the histories of their pilgrimages in the faith. The history is a must-read for every believer, both to give encouragement regarding the past mission advance and to challenge would-be missionaries and the churches that support them.
