Shattered Galaxies Brittany McHugh,2015-11-13

Shattered Galaxy D. Close,2016-11-29 The galaxy has been at war for a generation, locked in a conflict that has swept myriad star systems and claimed lives beyond counting. It has been nineteen years since a covert Human-Krellian research venture aimed at fighting a pan-galactic plague was brought to its knees by an act of terrorism so profound that the Krellian moon was destroyed and Krell itself was forever shifted in its orbit. A ruined but powerful race, the Krellians swore revenge on the Maristilian Alliance of Planetary Systems, whose leaders, it was said, had engineered the attack on their homeworld. The massacre of Samuel Zentasen (Chairman of the MAPS Chancellor) and his entire family aboard their personal shuttle, the Eagle, thirteen years ago was but a drop in a vast sea of atrocities. And though the facts of the notorious Bloody Eagle were much reported, one fact remained hidden; the youngest Zentasen was not killed, but rescued. Now a grown young man, Wesley Zentasen finds himself drawn into the heart of the great conflict with a dark and terrible secret in his blood that could change everything.

Shattered Galaxies Britt McHugh,2020-08-18 A collection of scattered stars... This revised edition of Shattered Galaxies from @britt.mchugh includes new poems inspired by the poet's new experiences in the past years, presented in three sections, named after galaxies: M-64 (dust and stars); NGC-123 (the stories); and M-81 (bright stars), and with the addition of a fourth section, named she is, a series of haiku dedicated to the women in the poet's life. These poems were written and compiled to illustrate the poet's own journey to self-love and healing, for those who look to the sky and wonder, and for those who look within with awe at their scars and their journeys...

Ravaged World Ava Ross,2022-05-07 She came to me when I needed her most, and it will kill me to let her go. When my ship crashed on a long-abandoned planet, I barely survived. With no way of escaping this ravaged world, I've resigned myself to spending my days fighting off the feral inhabitants until I lose my final battle. Until she appears... She brings sweetness and light into my dark, cold world. Her determination to return to her home keeps her going, and I'll do all I can to make her dream come true. Then I discover there might be a way, but it means I'll lose her forever. The fates delivered her to me. Can I go back to being alone? Fate delivered this odd, soft female to me. The royal mark is inked into her skin. She is meant for greatness. Then why did I, the half-blind prince, find her? Now that I have her, I refuse to let her go. She is my fate, my mate, and my destiny. Enjoy this portal fantasy with a royal alien prince and a determined woman! No cheating and a guaranteed HEA.

Walker Erin Raegan, 2023-03-17 A brooding drummer falls for a shy introvert in this steamy, slow-burn rockstar romance

the spiral consilience oudeís, 2016-12-16 This chapbook starts by directly addressing humankind's connection to the vastness of outer space, and sets forth the premise that death (as a permanent state of being) is of the same substance, or soul, as whatever exists outside of the Universe. It then veers off on a tangent into stranger territory, and talks of unnamed worlds, without life yet possessed by some unliving, sentient force, whose spheres have drifted to the most distant regions of outer space; or, more properly, into the nothingness that reigns illimitably outside of space, where it has been speculated that no laws of nature can exist. Gigantic, otherworldly graves abound in rhyming descriptions of lifeless geographies. Monuments, catacombs and buildings, all deserted and of unknown origin, are lyrically narrated into existence deep beneath the surface of the Earth, as well as on and under the surfaces of distant asteroids. Alien cenotaphs resembling something Hugh Ferriss might have sketched from a fever dream are articulated through regular, metered verse. A sinister thread connecting all these massive structures with the aforementioned sentient force, which we are told holds all life and death in its grip, runs through the poems. Hymns to the universe in all its barrenness are juxtaposed with landscapes of horror, all elegantly unscrolled in lurid poetics that are made all the more disturbing by their intentional symmetry. The final poem seems to be a negation of itself, plus all of the other poems in the volume. The book ends with several prose statements of a negative nature concerning the fate of humanity in the Universe. "Odysseus, in Homer's *Odyssey*, plays upon his name—Ou-déis/Ou-tis meaning no-one/no-thing—in order, through nomenclatural disorder (or rather: division, divergence), to outwit and outwit the Cyclops, a creature of singular vision and ultimately also of unbounded blindness. Oudeís, in the *spiral consilience*, sings a similar siren-song and sets out on a similar voyage, albeit one over the course of which the Ulyssean body, in turn, makes a rather meticulous U-turn and turns out to be a Mètic Möebius itself (the Mètic Möebius stripped Bare by her Bachelors, Masters, Doctors and Readers). "Time left no corpse but infinite space": here, in the first words of the *spiral consilience*, the corpus—the collated collection qua bound book—corporealises out of an excised yet all-the-more exquisite corpse. This excision is, precisely, an exacting and enacted kenosis: an open negation that finds affirmation on the very next page and then onward, on and on, from siren-song to siren-song—void vocalisation to vocalised void—to the ever-approaching parousia/ousia beyond the vale of the valley of death/revival/regression/recision-and-reclamation. The recitations herein—the{ir} excisions, recisions, and incantatory reclamations—are those of a rabid iconovore, and each of its devoured figures or

forms informs in its deformation and in its devouring the various epitaphs (or rather, chronotaphs: there where time left no corpse but infinite space) of an incomplete whole, of an ongoing hole-complex, full of cross-cutting tunnels as vast as The Great Wall of China: there where they are digging The Pit of Babel qua Garden of Forking Paths (pace Borges and Kafka). Oudeís, in the spiral consilience, engraves in each chronotaph-epitaph—each poetic page—the gist and the widening/planet-wide gyre of the grave-digger, but a grave-digger set adrift on the seas, digging into the tides of today with the oar of Odysseus: that oar of {y}ore which turns out (in yet another Ulyssean U-turn) to be a Golden Rod or Rod of Divination, singing in its Sea-Slicing qua Dowsing-of-the Deep the siren-song of Wor{l}dly Icons and Other Conjurations.”

—Dan Mellamphy “If God is the tangential point between zero and infinity, the spiral consilience is a reverberant long playing black work of telepathic theology.” — Doktor Faustroll, author of *An Ephemeral Exegesis on Crystalline Ebrasions* “My reading of the poems in this book has only confirmed once again that I can no longer respond in any meaningful or robust way to written literature. At this point in my life, I can react only to watching or listening to performances of writing, something that no doubt sounds strange and even pathological to others. Nevertheless it, this is how it is for me. Even my old favorites no longer provoke the interest and emotion they once did. I deeply regret this condition of limitation. I might describe this condition as one of literary anhedonia, likening it to the better known experience of musical anhedonia, from which I also suffer and which I realize is not comprehensible to the majority of individuals. Thus, I must apologize for my inability to offer a blurb to what may very well be a fine book.”

Jagged Honor Erin Raegan, 2022-05-22 I hate the cold. Hate. It. I was not made for snow or ice or freezing winds. I love the sun and the tropics and swimming in the ocean. I love my feet in the hot sand and tan lines. I love my beach house in Florida. But I'm not in Florida anymore. I'm trapped on some icy hellscape with no way home...because it's another planet. In Outer Space. How did this happen? I have no idea. The last thing I remember was chatting up some hottie in board shorts at the beach bar, the sun's rays warming my shoulders, sipping on a Mai Tai, living my best damn life, and then my phone glitched out on me, acting all Jumanji: On An Alien Planet You Must Wait... Sucked me right out of my cushy life and dumped me on an icy beach in nothing but my pearl-white bikini and bohemian-blue maxi dress. Shivering my butt off, I don't have much time to take in my new surroundings or even wrap my head around my wacky cell phone before I'm confronted by the aliens that inhabit this block of ice. They're big and brawny and hairy-and I am terrified. Not at all turned on right now... This story is STANDALONE and does NOT end in a cliffhanger. The Nightmares of God Michael Davies, 2008 A new spiritual force is approaching Earth. This force is greater than anything seen on Earth before and as it nears, the world changes dramatically and sometimes catastrophically. People begin to discover new powers and awareness in them and religious institutions shake and sometimes collapse. Nothing can ever be the same again. But this force, an Infinite Soul, has a mission. Humanity as a species is sick and must be healed before the single biggest event since the Big

Bang can occur. The entity we have known as God is beginning to awaken from many millions of years of sleep and without a healed Humanity, it cannot happen. But other forces are also awakening, forces of immense evil and power and the Universe is heading for the ultimate battle between good and evil, the battle for the Throne of Heaven itself and if the forces of evil triumph, then all of Creation will be lost in a night of eternal blackness. The story begins in the present and runs through the near future later in this century, before heading many thousands of years ahead then millions of years before the final, cataclysmic confrontation as the Universe dies

James Wright Jonathan Blunk,2017-10-17 The authorized and sweeping biography of one of America's most complex, influential, and enduring poets In the extraordinary generation of American poets who came of age in the middle of the twentieth century, James Wright (1927–1980) was frequently placed at the top of the list. With a fierce, single-minded devotion to his work, Wright escaped the steel town of his Depression-era childhood in the Ohio valley to become a revered professor of English literature and a Pulitzer Prize winner. But his hometown remained at the heart of his work, and he courted a rough, enduring muse from his vivid memories of the Midwest. A full-throated lyricism and classical poise became his tools, honesty and unwavering compassion his trademark. Using meticulous research, hundreds of interviews, and Wright's public readings, Jonathan Blunk's authorized biography explores the poet's life and work with exceptional candor, making full use of Wright's extensive unpublished work—letters, poems, translations, and personal journals. Focusing on the tensions that forced Wright's poetic breakthroughs and the relationships that plunged him to emotional depths, Blunk provides a spirited portrait, and a fascinating depiction of this turbulent period in American letters. A gifted translator and mesmerizing reader, Wright appears throughout in all his complex and eloquent urgency. Discerning yet expansive, James Wright will change the way the poet's work is understood and inspire a new appreciation for his enduring achievement.
