Genocide of thought Bisrat Woldemichael Handiso, 2015-09-04 Bisrat Woldemichael Handiso (1983) is an Ethiopian journalist who worked as an editor for different local newspapers. He was one of the founders of the Ethiopian Journalists Forum (EJF), an independent association made up of largely young journalists who advocate for greater press freedom in his country. In this function he ran training workshops and discussions on press freedom, visited journalist in prison and hospital and facilitated medical assistance for them. EJF was accused of being an illegal organisation associated with terrorism. Woldemichael Handiso was persecuted by the Ethiopian secret service and decided to save his life by fleeing to Nairobi, Kenya where he has received refugee status. This essay tells the sad story of the Ethiopian media which is faced - after a spell of press freedom and freedom of speech - with prosecution, often based on false accusations. The victims are brave journalists and media publishers who were detained or fled Ethiopia, so that they can continue reporting about the government's violation of human rights. The author's main message is that a government which doesn't respect media freedom, blocks a country's development in the broadest sense of the term. A publication of the Eva Tas Foundation. The Eva Tas Foundation encourages publication and promotion of texts that are, no matter where and no matter how, subject to censorship.

Language Policy in Ethiopia Mekonnen Alemu Gebre Yohannes, 2021-03-22 This book examines the interplay and tensions between hegemonic and counter-hegemonic language policy and processes in Tigray, a regional state of Ethiopia, in the period of pre- and post-1991. Viewing language use and language policy as dynamic social and ideological processes, the book presents Ethiopia as an example of language policy creation and implementation over time, in a highly volatile political context. The case of Ethiopia is unique in that different language policies and practices were put in place as the country's leaders changed through political takeovers. Declared language policies were not always implemented, and those implemented were often protested. The book starts with an overview and review of language policy and planning, followed by a chapter on the history of such planning in Ethiopia. It then presents the methodology used for the study, and examines the appropriation of hegemonic LPP, patterns of resistance, schools and public sites as centers of resistance, and the emergence and development of specific patterns of language use in different regions of the country. The book ends with recommendations for future research, and draws the overall conclusion that since LPP is a dynamic and multilayered contextual process, official or de facto language policy is often undermined by overt or covert unofficial language policies, ideologies, mechanisms, and agents that result in different patterns of language use.

My Man Jeeves Sir Pelham Grenville Wodehouse, 2020-09-28 Jeeves—my man, you know—is really a most extraordinary chap. So capable. Honestly, I shouldn't know what to do without him. On broader lines he's like those chappies who sit peering sadly over the marble battlements at the Pennsylvania Station in the place marked Inquiries. You know the Johnnies I mean. You go up to them and say: When's the next train for Melonsquashville, Tennessee? and they reply, without stopping to think, Two-forty-three, track ten, change at San Francisco. And they're right every time. Well, Jeeves gives you just the same impression of omniscience. As an instance of what I mean, I remember meeting Monty Byng in Bond Street one morning, looking the last word in a grey check suit, and I felt I should never be happy till I had one like it. I dug the address of the tailors out of him, and had them working on the thing inside the hour. Jeeves, I said that evening. I'm getting a check suit like that one of Mr. Byng's. Injudicious, sir, he said firmly. It will not become you. What absolute rot! It's the soundest thing I've struck for years. Unsuitable for you, sir. Well, the long and the short of it was that the confounded thing came home, and I put it on, and when I caught sight of myself in the glass I nearly swooned. Jeeves was perfectly right. I looked a cross between a music-hall comedian and a cheap bookie. Yet Monty had looked fine in absolutely the same stuff. These things are just Life's mysteries, and that's all there is to it. But it isn't only that Jeeves's judgment about clothes is infallible, though, of course, that's

really the main thing. The man knows everything. There was the matter of that tip on the Lincolnshire. I forget now how I got it, but it had the aspect of being the real, red-hot tabasco. Jeeves, I said, for I'm fond of the man, and like to do him a good turn when I can, if you want to make a bit of money have something on Wonderchild for the 'Lincolnshire.'

Radicalism and Cultural Dislocation in Ethiopia, 1960-1974 Messay Kebede, 2008 A provocative investigation into the root causes of the Ethiopian political upheavals in the second half of the twentieth century. During the 1960s and early 1970s, a majority of Ethiopian students and intellectuals adopted a Marxist-Leninist ideology with fanatic fervor. The leading force in an uprising against the imperial regime of Emperor Haile Selassie, they played a decisive role in the rise of a Leninist military regime. In this original study, Messay Kebede examines the sociopolitical and cultural factors that contributed to the radicalization of the educated elite in Ethiopia, and how this phenomenon contributed to the country's uninterrupted political crises and economic setbacks since the Revolution of 1974. Offering a unique, insider's perspective garnered from his direct participation in the student movement, the author emphasizes the role of the Western education system in the progressive radicalization of students and assesses the impact of Western education on traditional cultures. The most comprehensive study of the role of students in modern Ethiopian political history to date, *Radicalism and Cultural Dislocation in Ethiopia, 1960-1974* opens the door for discussion and debate on the issue of African modernization and the effects of cultural colonization. Messay Kebede is Professor in the Department of Philosophy at the University of Dayton and is author of *Survival and Modernization -- Ethiopia's Enigmatic Present: A Philosophical Discourse* [1999].

The Battle of Adwa Raymond Jonas, 2011-11-15 In March 1896 a well-disciplined and massive Ethiopian army did the unthinkable-it routed an invading Italian force and brought Italy's war of conquest in Africa to an end. In an age of relentless European expansion, Ethiopia had successfully defended its independence and cast doubt upon an unshakable certainty of the age-that sooner or later all Africans would fall under the rule of Europeans. This event opened a breach that would lead, in the aftermath of world war fifty years later, to the continent's painful struggle for freedom from colonial rule. Raymond Jonas offers the first comprehensive account of this singular episode in modern world history. The narrative is peopled by the ambitious and vain, the creative and the coarse, across Africa, Europe, and the Americas-personalities like Menelik, a biblically inspired provincial monarch who consolidated Ethiopia's throne; Taytu, his quick-witted and aggressive wife; and the Swiss engineer Alfred Ilg, the emperor's close advisor. The Ethiopians' brilliant gamesmanship and savvy public relations campaign helped roll back the Europeanization of Africa. Figures throughout the African diaspora immediately grasped the significance of Adwa, Menelik, and an independent Ethiopia. Writing deftly from a transnational perspective, Jonas puts Adwa in the context of manifest destiny and Jim Crow, signaling a challenge to the very concept of white dominance. By reopening seemingly settled questions of race and empire, the Battle of Adwa was thus a harbinger of the global, unsettled century about to unfold.

Native Colonialism Yirga Gelaw Woldeyes, 2016-12 *Native Colonialism* examines the cause and consequence of native colonialism, the process whereby a country colonises itself with foreign institutions and ideals. The book draws its evidence from a variety of Ethiopian sources that have rarely been studied or utilised in academic research. It provides never-before seen interpretations of indigenous sources of knowledge and features ground breaking empirical research on traditional and modern schools in the country, as well as interviews with students, teachers and traditional leaders.

Burden Of Freedom Myles Munroe, 2013-09-02 *The Burden Of Freedom* explains that too many people use past oppression to remain mired in hatred and irresponsibility today. The spirit of oppression has specific telltale effects on individuals, communities, and nations.

Oromay Bealu Girma, 2021-03 This is the first complete English translation of Bealu Girma's classic. Originally published in 1983 in Ethiopia, the

novel served as a critical account of the Red Star Campaign, the Communist Derg government's attempt at a final comprehensive victory over the secessionist rebellion in Eritrea. A passionate and turbulent story of love and war, Oromay mocked high-level members of Ethiopia's communist regime and criticized the Derg's actions in Eritrea. The criticism contained in this incisive political allegory put Bealu in considerable danger owing to the repressive environment in which it was published. The novel was almost immediately banned after publication. Government officials attempted to confiscate all available copies but bootleg versions continued to circulate. In the aftermath, Bealu was fired from his job in Ethiopia's Ministry of Information and a few months later disappeared. It is generally believed that he was abducted and killed on the orders of government officials in retaliation for Oromay. Bealu's life had a dramatic arc of its own. Born in rural Ethiopia to an Ethiopian mother and Indian father, he was a graduate of Addis Ababa University and later studied journalism in the United States. In addition to serving as editor of several of Ethiopia's most respected magazines and newspapers (including Addis Zemen and The Ethiopian Herald) he also worked as a civil servant in Ethiopia's Ministry of Information. This position allowed him access to government officials during both the Imperial and Communist governments. Prior to Oromay, he wrote five other popular and critically-acclaimed Amharic-language novels: Beyond the Horizon, The Bell of Conscience, The Call of the Red Star, Haddis, and The Author. His integrity as a journalist, courageous criticism of repressive regimes, and martyrdom to the cause of literary freedom make him a significant figure in modern Ethiopian history and Amharic literature.

Apocalyptic Islam and Iranian Shi'ism Abbas Amanat, 2009-02-19 Interest in Shi'i Islam is running at unprecedented levels. International tensions over Iran, where the largest number of Shi'i Muslims live, as well as the political resurgence of the Shi'i in Iraq and Lebanon, have created an urgent need to understand the background, beliefs and motivations of this dynamic vision of Islam. Abbas Amanat is one of the leading scholars of Shi'ism. And in this powerful book, a showcase for some of his most influential writing in the field, he addresses the colourful and diverse history of Shi' Islam in both premodern and contemporary times. Focusing specifically on the importance of apocalypticism in the development of modern Shi'i theology, he shows how an immersion in messianic ideas has shaped the conservative character of much Shi'i thinking, and has prevented it from taking a more progressive course. Tracing the continuity of apocalyptic trends from the Middle Ages to the present, Amanat addresses such topics as the early influence on Shi'ism of Zoroastrianism; manifestations of apocalyptic ideology during the Iranian Revolution of 1979; and the rise of the Shi'i clerical establishment during the 19th and 20th centuries. His book will be an essential resource for students and scholars of both religious studies and Middle Eastern history.

Documenting the Ethiopian Student Movement Bahru Zewde, 2010 Analyzes the role of intellectuals and students in Ethiopian state power before and after the Italian Occupation (1936-1941).

Bolivar Robert Harvey, 2011-06-11 Simon Bolivar freed no fewer than what were to become six countries—a vast domain some 800,000 square miles in extent—from Spanish colonial rule in savage wars against the then-mightiest military machine on earth. The ferocity of his leadership and fighting earned him the grudging nickname “the devil” from his enemies. His astonishing resilience in the face of military defeat and seemingly hopeless odds, as well as his equestrian feat of riding tens of thousands of miles across what remains one of the most inhospitable territories on earth, earned him the name Culo de Hierro—Iron Ass—among his soldiers. It was one of the most spectacular military campaigns in history, fought against the backdrop of the Andean mountains, through immense flooded savannahs, jungles, and shimmering deserts. Indeed the war itself was medieval—fought under warlords across huge spaces by horsemen with lances, and infantry with knives and machetes (as well as muskets). It was the last warriors’ war. Although the creator of the northern half of Latin America, Bolivar inspired the whole continent and still does today. This is Robert Harvey’s astonishing, gripping, and beautifully researched biography of one of South America’s most cherished heroes and one of the world’s

most accomplished military leaders, by any standard.
