**Scamper's Find** Terry H. Watson,2016-03-28 “Not many people noticed the bloodstain... it was as if time had forgotten the heinous murder.” Scamper’s Find tells the story of a four-year old, unsolved crime that has baffled law enforcement agencies in the USA for years. Suddenly, the mystery picks up momentum when an inquisitive dog and a stumbling cyclist start a peculiar chain of events across the Atlantic, in Scotland... Could the two events be connected? Following on from Terry’s first novel, Call Mama, readers are reconnected with characters as detectives Tony Harvey and Carole Carr join forces with overseas detectives in an attempt to bring an end to a perplexing and heart wrenching atrocity. Readers travel with Tony and Carole in an attempt to investigate an unusual crime which seems impossible to solve. How will things change when life-long friendships are formed and the investigation turns into something different? Will the entrance of Brody Cameron, a forensic scientist, bring new light to the investigation? Will you work out what links a Scottish crime scene to a beach bar in Rio? This book will appeal to fans of adult, thriller fiction who enjoy fast paced plots with twists on every page.

**Leave the Dogs at Home** Claire S. Arbogast,2015-07-03 One woman’s touching memoir of love, marriage, death, grief, and what follows comes next for her. Claire and Jim were friends, lovers, and sometimes enemies for twenty-seven years. In order to get health insurance, they finally married, calling their anniversary the “It Means Absolutely Nothing” day. Then Jim was diagnosed with cancer. With ever-decreasing odds of survival, punctuated by arcs of false hope, Jim’s deteriorating health altered their well-established independence as they became caregiver and patient, sharing intimacy as close as their own breaths. A year and a half into their marriage, Jim died from lung/brain cancer. Sustained by good dogs and gardening through the two years of madness that followed, Claire soldiered through home repairs, career disaster, genealogy quests, and “dating for seniors” trying to build a better life on the debris of her old one. Leave the Dogs at Home maps and plays with the stages of grief. Delightfully confessional, it challenges persistent, yet outdated, societal norms about relationships, and finds relief in whimsy, pop culture, and renewed spirituality. “Claire Arbogast rewrites the stages of grief in this raw, sometimes unsettling, always compelling memoir that takes us backward and forward in time from the moment her intense, complicated husband is diagnosed with terminal cancer. Leave the Dogs at Home challenges the conventional wisdom about love, marriage, loss, survival, and grace in ways that are bound to make you think about your own life.” –Barbara Shoup, author of Looking for Jack Kerouac “Arbogast delivers a raw and honest narrative of her life as a lover, a widow, and a woman. . . . The theme of death and life, both literally and figuratively, are navigated with such emotion, it seems natural to empathize with the author in sadness, joy, love, and uncertainty as her longtime companion (later husband) Jim combats cancer. . . . An excellent choice for those touched by grief, ready for a change, or just wanting to read a beautifully written memoir.” –Library Journal

Memoirs of Myths and Truths Carl B. Allen,2008-07-02 Memoirs of Myths and Truths in an Ordinary Pebble’s Extraordinary Life. We find the author considers himself an ordinary pebble among others of his time,who has gone on a desperate search for love and approval. But even an ordinary pebbles like him can have an extraordinary life, because he is not ordinary from the start finding at an early age confusion and embarrassment regarding whether an accident or his mind makes him that way. It is not until into his young adult stream does he discover another reason for his rebel behavior in school and life. Which as a reader, you will recognize some problems in the text of the book cover and in the book is written words or spelling or sentence structure being a struggle. You will see it is not his schooling, it is his battle with being dyslexic. Yet there is some great writing and inspiration, plus the help of a few photos, to bring you into his or your memories and times when some myths emerged from stories and some being real truths. Pebbles we all are, truths are maybe what we think they should be, and myths are longer lasting than we may know. The author finds himself slowly aware of being in his September years, having a sense of belonging to the past and present, but a much shorter future. With that comes a sense of family, and the closeness of friends, which has brought him to this place of wonderment that has continued from those wonderful years of youth. They have brought him to these joyous thoughts while writing these memoirs, and making reflecting on his extraordinary life. Starting at first writing this for all his kin and others within that stream surround him, but then realize other pebbles of this time can bring back some reflection on these times with a little smile, some sadness,

and reflection too. He may have wandered through those youthful years winding through life's paths and finding some running on empty or full or too fast or too slow at the time like the automobiles of the day. His nurturing as a child, not always satisfying, resulted in the building many protective walls around his self. Yet like James Dean in *East of Eden* or *Rebel Without a Cause* or *Giant*, there was this desperate search for love and approval, not always available for many reasons and questionable behavior leading to myths or truths. Seeking his own needs, while being an ordinary pebble has resulted in finding an extraordinary life. There is a expression of views from his heart and mind trying to embrace so much of that extraordinary life that lies hidden deeper within his self, and yet always trying to hold and consider that these are parts of his life, whether shinning with beauty or happiness or sadness, finding only to be viewed as an expression of soul. He has tried painting, but now the written word, in expressing some of those myths, spoken truths found within the soul, and trusted memories. They carry simple but complex myths in the life of an ordinary pebble, always amazed by the course of the streams found. These memoirs are a reflection of our times, history, love for the automobile, then adding the racing with many encounters with lovers and places that have been traveled that brings this extraordinary life into view. The book is about people encountered in his life's stream, the persons who have enriched this life and helped him to find out who he is. Also that going through this journey, gathering memories, myths or truths, these moments sustained his notion of an ordinary pebble's extraordinary life. These events have allowed reflection on moral issues and things that are questionable judgment. He hope that you enjoy this time traveling in this stream. Pebbles we are, yet we are still the most important part in those stream surrounding us, finding most everyone else's lives continue similarly within those same small stream we live in rubbing shoulders and sharing our life's stream with others matter more than we know because as others enrich our lives, we can d
