Jessica Holden Sherwood

Wealth, Whiteness, and the Matrix of Privilege Jessica Holden Sherwood, 2012-07-10

Exclusive social clubs are traditionally an important site for the consolidation of upper-class power. *Wealth, Whiteness, and the Matrix of Privilege* shows that while the particulars of admission have changed, these clubs remain socially significant incubators. Having interviewed typically inaccessible members of exclusive clubs in the Northeast, Jessica Holden Sherwood reports and analyzes what they have to say about who is in, who is out, and why. The members talk frankly about their exclusiveness based on money and style, but they are quick to point out that ethnically-based exclusion is a thing of the past. Club members also address the status of their women members, which is at times distinctly second-class. The talk of country club members is shown to draw on elements in popular discourse. And even if it's not their intention, as club members exclude and account for their exclusion, they contribute to reproducing class, race, and gender inequalities.

Golf and the American Country Club Richard J. Moss, 2001 In this entertaining cultural history, Moss explores the circumstances that led to the establishment of the country club as an American social institution and its inextricable connection to the ancient, imported game of golf. Moss traces the evolution of country clubs from informal groups of golf-playing friends to country estates in the suburbs and eventually into public and private daily-fee courses, corporate country clubs, and gated golfing communities. The book shows how these developments reflect shifts in American values and attitudes toward health and sport, as well as changing social dynamics.

Crown Duel Sherwood Smith, 1997 Publisher Description

The American Country Club James M. Mayo, 1998

The 19th Hole Richard Diedrich, 2008 *The 19th Hole* examines the design of many of the world's great golf clubhouses. It's part of the IMAGES series of titles that looks exclusively at world-best practice in architecture. The book is a photographic feast of the often-sumptuous clubhouse fit-outs that accompanies golfing at these illustrious courses. This book is endorsed by golf legend Jack Nicklaus, who names author Richard Diedrich in his foreword as possibly the only person he has ever met who truly understands the synergy that must coexist between golf courses and their clubhouses. Nicklaus and Diedrich paired up more than 25 years ago to design many of the world's newest and most prestigious clubs. Many of the world's most established and legendary courses are featured, including the Augusta National Golf Club, the Winged Foot Golf Club and the Congressional Country Club, to name a few. What makes this book outstanding, however, is its presentation of many new clubs that are destined to rank among the world's legendary clubs. These include 40 recently designed and built clubs in the United States that set the standard for designing clubs around the world, which is appropriate when it is considered that more than half of the world's 32,000 golf courses can be found within the United States.

Outlaw Princess of Sherwood Nancy Springer, 2003-09-29 It has been little more than a year since Etty-once Princess Ettarde, promised to the power-hungry Lord Basil-escaped from her father and joined Rowan Hood's band of misfit teens and outlaws-in-the-making. Etty is so happy, she cannot imagine returning to her old life. That is, until her father appears to reclaim her. King Solon is determined to bring Etty back to barter her hand for peace. He will do anything. Even use his wife, Ettarde's mother, as bait. In a cage. In Sherwood Forest. In winter. Etty will not stand for it. Neither will Rowan Hood. An intergenerational battle of wit, will power, and wisdom follows in this third tale of Rowan Hood.

The Spirit of St. Andrews Alister MacKenzie, 1998-03-02 Alister MacKenzie was one of golf's greatest architects. He designed his courses so that players of all skill levels could enjoy the game while still creating fantastic challenges for the most experienced players. Several of MacKenzie's courses, such as Augusta National, Cypress Point, and Pasatiempo, remain in the top 100 today. In his lost 1933 manuscript, published for the first time in 1995 and now finally available in paperback, MacKenzie leads you through the evolution of golf--from St. Andrews to the modern-day golf course--and shares his insight on great golf holes, the swing, technology and equipment, putting tips, the USGA, the Royal & Ancient, and more. With fascinating stories about Bobby Jones, Walter Hagen,

Gene Sarazen, and many others, *The Spirit of St. Andrews* gives valuable lessons for all golfers as well as an intimate portrait of Alister MacKenzie, a true legend of the game.

The Story of Golf at the Country Club John De St. Jorre, 2009-01-01

Inda Sherwood Smith, 2007-08-07 "A first-rate fantasy novel" that blends military fantasy with courtly politics, vast worldbuilding, and a diverse cast of characters (Orson Scott Card, New York Times bestselling author of *Ender's Game*) The first book in the acclaimed Inda series, set within Sherwood Smith's epic fantasy universe, Sartorias-deles Indevan-Dal is the second son of the Prince and Princess of Choraed Elgaer, destined to become his elder brother Tanrid's Shield Arm—his military champion. Like all second sons, he is to be privately trained at home by Tanrid, the brother whose lands he will one day protect. When the King's Voice comes to summon Inda to the Military Academy, he might well feel foreboding, or even fear—war is imminent—yet youthful Inda feels only excitement. But there are things that Tanrid hasn't prepared him for, and Inda will soon learn that the greatest threats to his safety will not come from foreign enemies, but from supposed allies within his own country.

The Outlaws of Sherwood Robin McKinley, 2014-11-18 The Newbery Medal-winning author of *The Hero and the Crown* brings the Robin Hood legend to vivid life. Young Robin Longbow, subapprentice forester in the King's Forest of Nottingham, must contend with the dislike of the Chief Forester, who bullies Robin in memory of his popular father. But Robin does not want to leave Nottingham or lose the title to his father's small tenancy, because he is in love with a young lady named Marian—and keeps remembering that his mother too was gentry and married a common forester. Robin has been granted a rare holiday to go to the Nottingham Fair, where he will spend the day with his friends Much and Marian. But he is ambushed by a group of the Chief Forester's cronies, who challenge him to an archery contest . . . and he accidentally kills one of them in self-defense. He knows his own life is forfeit. But Much and Marian convince him that perhaps his personal catastrophe is also an opportunity: an opportunity for a few stubborn Saxons to gather together in the secret heart of Sherwood Forest and strike back against the arrogance and injustice of the Norman overlords.

Loopers John Dunn, 2014-05-13 John Dunn never expected that his summer job as a caddie at the local course in Connecticut might turn into something more. The lifers who plied the loops were an ensemble of misfits and degenerates who made the caddie yard look more like a gambling hall than a country club. But Dunn came of age in those yards and on those courses, and the magnetism of the game and the lifestyle proved irresistible. One adventure after another kept him coming back summer after summer, until he found himself migrating with the seasons, looping at some of the most exquisite and exclusive golf locations in the world. Dunn crisscrossed the country on his own big loop, working inside the privet hedges while camping on the mountains, following the back roads and stumbling across unexpected moments of profound natural beauty, and embracing the freedom of what he calls the last vagabond existence in America, all while trying to decide whether to quit the loop and get a real job. Maybe next season...
