🔍 [The Tracker’s Handbook](#) Len McDougall,2015-01-27 Few experiences in the wild are as satisfying as tracking down an animal on its own terms on its own turf. Whether you’re hunting, seeking to capture an animal’s image on film or video, or simply trying to get closer to nature, successful tracking is a valuable, and disappearing, skill. The Tracker’s Handbook was written to make anyone, no matter how much experience they have in the wild, better versed in the fine points of tracking North American wildlife. Len McDougall’s book will also cover the modern tools that can make tracking easier. Over twenty different animals are profiled, including the New World Moose, American Elk, and Whitetailed Deer. Each section goes into fine detail, including the habitat and range; foods; mating and seasonal habits; tracks; scat (feces); signs; and vocalizations of the animals. Plus there are detailed sections on tracking and stalking techniques such as cold hunting, camouflage, and using the stump method. In addition to all of this, the book is rife with full gorgeous full color photographs, illustrating each point. For anyone looking to up their hunting game, for anyone that is interested in nature and all its majesty The Tracker’s Handbook is a must have. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

🔍 [Day Reaper](#) Melody Johnson,2018-04-24 A DANGEROUS CHOICE ON THE BRINK OF DEATH, Cassidy DiRocco demands that New York City’s master of the supernatural, Dominic Lysander, transform her—reporter, Night Blood, sister, human—into the very creature she’s feared and fought against for months: a vampire. The pain is brutal, she could lose the career she’s worked so hard to achieve, and her world will never be the same. But surviving is worth any risk, especially when it means gaining the strength to fight against Jillian Allister, the sister who betrayed Dominic, attacked Cassidy, and is leading a vampire uprising that will destroy all of New York City . . . When she awakens, however, Cassidy realizes the cost of being transformed might be more than she was willing to sacrifice. But if Cassidy hopes to right the irrevocable wrongs that Jillian and her army of the damned have wrought on New York City, she’ll need to not only accept her new senses, body, and cravings, but wield them in her favor. Irresistible and enigmatic as Dominic is, he no longer has command over the city or its vampires. Only Cassidy has the connections to convince the humans, Day Reapers, and the few vampires still loyal to Dominic to join forces. And maybe, if Dominic can accept her rising power over the coven he once commanded for the past several hundred years, the two of them together might forge a bond more potent than history has ever known. . .

Maggie and her best friend, Nate, head to Yellowstone National Park to visit Maggie’s park ranger dad. But when the kids bump into a rogue komodo dragon, a dangerous predator that shouldn’t even be in the park, and a major earthquake leaves Maggie and Nate stranded, they set off to figure out what’s going on and to reunite Maggie’s family once again. While Maggie comes up with scientific solutions as they battle earthquakes, landslides, wolves, and other unusual creatures, Nate focuses on conspiracy theories and getting stellar footage for his YouTube channel. 🔍 [Eternal Reign](#) Melody Johnson,2017-04-25 THE LEVELING Last week, Cassidy DiRocco had some influence over the vampires that stalk the streets of New York City. She was never completely safe, but with her newfound abilities as a Night Blood and her honed instincts as a crime reporter, at least she had the necessary skills to survive. Now, thanks to the injuries she sustained while saving her brother from a fate worse than death, she’s lost her Night Blood status just as another crime spree hits Brooklyn. Dozens of people are being slaughtered, and each victim bears the Damned’s signature mark; a missing heart. Cassidy will need the help of all her allies to survive the coming war, including the mysterious and charismatic Dominic Lysander, Master Vampire of New York City. But as his rival’s army threatens his coven and his own powers weaken with the approaching Leveling, even Dominic’s defenses might not be enough protection. With nothing left to lose, Cassidy must find the power inside herself to save Dominic, his coven, their city, and survive.

Throughout human history, however, animals have also played significant roles in our armed conflicts. In
