The Best Book On Dating More After 40 Jerusha Stewart, 2011-08-18 Hi Singles! Many have sought it. Men have planned for it. Women dress for it. It is the promise of a great date! I know that dating over 40 can sometimes feel as deserted as Death Valley in summer time or like a unpredictable minefield of disastrous dates. But, you don't have to be disheartened. I wrote my ebook to show you how to shift your attitude, appearance and approach to the opposite sex, so you always get the best results possible from your dating life. It's easy to be confused about dating over 40. When you were 20 maybe you were busy having fun and developing your career and thought you'd be married by 30. And when you were 30, perhaps you thought 40 would be your time to settle down and find your perfect companion. But here you are, 40+, and you're still single. Maybe you think your chances for finding fulfillment through dating are gone...but they're not! Now that I'm over 40, I've learned something interesting: Dating over 40 isn't all that different from dating under 40. Really! A lot of people who are over 40 want to get back into dating, but they are nervous. I was too, but you don't have to be. I can help you get back in the saddle. Many people don't really know where to meet people and find dates. I didn't either, but now I do, even places to meet specific types of people. I can help you find the best places to meet people you'd actually like to date! Lots of folks are so disheartened and frustrated with their dating experiences that they are ready to call it quits. I know dating can be frustrating, but I can help you keep a positive attitude about dating so you can enjoy yourself instead of seeing it as a chore. Maybe your first date after reading this book won't be perfect. Your second might not be either. But this book isn't about finding the perfect date; it's about making all aspects of your dating life better. I can't promise you you'll find Mr. or Mrs. Right by reading this book (I'm still

looking!)), but I can tell you that you can be more confident, more comfortable, a better conversationalist, and more adventurous if you take the advice in this book to heart. And, most importantly, you can have more fun! I hope my book helps you become a happier and more successful participant in the over 40 dating scene. Make it a great date! - Jerusha Stewart WHAT'S IN THE BOOK * The 5 Best Places to Meet Eligible Men * Easy Tips to Look 10 Years Younger and Hotter * 10 Do's and Dont's for the First Date * Secrets to Successful Online Dating (and Keeping Your Privacy) * How To Having Amazing Sex in Your 40s and 50s

Can I Talk to You Nicole Jackson,2016-05-31 There's a new era in the dating scene. People no longer have to leave the comfort of their homes to find their next Boo. Internet and chat line dating has taken over, and single-handedly redefines what it truly means to get to know someone. Keirah is a thick, young, vibrant woman, who's been unlucky in love. For the life of her she can't resist a man with a little thug in him, despite all the times she finds herself in the exact same predicament--alone. After boredom consumes her, she does the unthinkable. She calls a local chat line, and encounters a whole slew of men. From the poor hustlers, to the weak busters, they're all online seeking the next conquest. A hot Keirah is immediately sucked into the allure of new men being just a dial away. Everything is lovely, until she realizes that everything that glitters ain't gold. This gives her a rude awakening, and the once optimistic girl stops believing in love. So, even if it's slapped into her face she wouldn't recognize it. Now the chat line takes on a new meaning to her; it fills a void...one new face after another. Heading down a slippery slope, Keirah is lost. Using the chat line becomes her crutch and the quest of real love gets lost in translation. Will she ever be able to pull herself out of the hole she digs? Or will her life forever be filled with one empty shell of a relationship after another?

Modern Dating: A Field Guide Chiara Atik, 2013-05-01 From the creators of the popular online dating site HowAboutWe.com comes the definitive guide for navigating the modern dating world. The single woman is having a moment. In the worlds of work, personal finances, and education, women are more successful than ever before. When it comes to dating, they're happy to take their time exploring lots of different relationships before deciding if they want to settle down. Women today, like the generations of women before them, want to fall in love. But they want it to happen organically, at its own pace, and with the right person. Rather than listing a set of rules, Modern Dating offers advice on modern challenges, like how to send a relatively unembarrassing sext, how to create a failproof first date idea, and how to make sure you're getting into a relationship for the right reasons. Instead of telling you How to Win a Husband in Just 3 Easy Steps!, it will gently guide you through all the triumphs and pitfalls of what dating is actually like, from one-night stands, to confusing texts and emails, to your first online date. Frank, funny, and totally relatable, this is a book that really gets at how women are dating today—the ideal travel companion for your dating life. The only rule is that there are no rules, but this book will be there for guidance, or just for laughs, every step of the way.
